**THE SO-CALLED
LEADERS
OF THE WORLD**

Page 11

ALL THE SO-CALLED LEADERS OF THE WORLD SHALL HAVE TO EXPLAIN FATHER JEHOVAH, AND THE OWN WORLD, WHY THEY GOVERNED BY DIVIDING; IT IS WRITTEN THAT ONLY SATAN DIVIDES IN ORDER TO FIGHT AGAINST THE EQUALITY TAUGHT BY THE FATHER...

Page 26

ALL THE GOVERNMENTS THAT APPLIED TAXES ON THE EXPLOITED SHALL NOT ENTER THE KINGDOM OF HEAVENS...

Page 51

ALL THE LEADERS WHO DENIED WATER OR LAND TO ANOTHER NATION, SHALL NOT ENTER THE KINGDOM OF HEAVENS; NO ONE REQUESTED THE FATHER TO TAKE AWAY ANYTHING...

Page 84

EVERY SO-CALLED GOVERNMENT THAT TOOK AWAY BENEFITS ALREADY ATTAINED SHALL NOT ENTER THE KINGDOM OF HEAVENS; EVERY BENEFIT IS AN AWARD GIVEN BY THE FATHER...

Page 106

EVERYTHING THAT WAS SQUANDERED BY A PEOPLE IN A POPULAR GOVERNMENT BELONGS TO THE PEOPLE; FOR NO ONE WAS MANDATED TO HAVE MORE THAN WHAT A HUMBLE

HAD.-

Page 123

ALL THOSE WHO DID NOT RECOGNIZE A LAW OF PROGRESS OF OTHER GOVERNMENTS, SHALL NOT ENTER THE KINGDOM OF HEAVENS...

Page 136

ALL THOSE WHO REQUESTED IN THEIR DESTINIES TO RULE OVER NATIONS, ALL THE INJUSTICE THAT THEY PROVOKED, FALLS ON THEM, FOR IGNORING THE FATHER'S SCRIPTURES...

Page 149

ALL THOSE WHO PROCLAIMED THAT THE DESTINY OF A NATION DEPENDED ON LUCK, SHALL NOT ENTER THE KINGDOM OF HEAVENS...

Page 170

ALL THOSE WHO FOLLOWED AND IMITATED THE DEMONS, WHO BY THE USE OF FORCE, TOOK OVER GOVERNMENTS, SHALL NOT ENTER THE KINGDOM OF HEAVENS...

Page 181

ALL THOSE WHO DECEIVED BY SPEAKING LIKE GOVERNMENT EMPLOYEES, SHALL NOT ENTER THE KINGDOM OF HEAVENS; NO GOVERNMENT EMPLOYEE OF THIS WORLD HAS ENTERED THE KINGDOM OF HEAVENS...

Page 202

ALL THE DEMONS WHO INTERVENED IN THE PURCHASE OF ARMS, MUST PAY FOR THEM; THE PEOPLES DO NOT PAY ANYTHING; FOR NO ONE REQUESTED FATHER JEHOVAH TO KILL ANYONE...

Page 216

THE RESPECT FOR WHAT OTHER GOVERNMENTS DO, WHICH EMERGED FROM THE STRANGE LIFE SYSTEM, WHICH CAME OUT OF THE LAWS OF GOLD, IS A STRANGE RESPECT; FOR ONE WAS INDIFFERENT TO SUFFERING AND INJUSTICE UNDERGONE BY THE OTHERS...

Page 234

THE WHO LEGALIZED THE FORCE FIRST, IS INFINITELY MORE CONDEMNED THAN THOSE WHO REPLICATED THE FORCE; SO IT IS THAT THE SO-CALLED ARMED FORCES OF THE WORLD, ALL OF THEM ARE IN THE LAW OF DAMNATION...

Page 246

ALL THOSE WHO EXECUTED OTHERS, AND DID NOT UNDERSTAND THE IDEALS OF THE EXECUTED ONE, SHALL NOT ENTER THE KINGDOM OF HEAVENS; THEY SHALL BE DAMNED BEFORE THIS WORLD, BY THE FIRST-BORN SON; THE DEMONIC PSYCHOLOGY OF EXECUTION, IS THE IMMORAL RESOURCE OF THE LITTLE EVOLVED...

The divine Eternal Father Reveals:

In the trials of life, many leaders deceived their people; many offered them this and that; the individuals who were leaders, and who took the strange licentiousness of deceiving, it would have been better for them not to have been born in this world; for the Son of God shall deliver them to millions of enraged beings in the weeping and gnashing of teeth; they shall be the same who they deceived; and the human masses shall have no compassion for them.-

The so-called leaders of nations, could never discipline anyone, for there was no discipline even in them; since everyone had the strange licentiousness of the beast, they were uncertain before the infinite cosmos; what is of God was secondary to them; what was important to them was to make their imperfect ideas flourish, which were charged of a strange ignorance of what the true spirituality should

be; not being them the most profound in wisdom, since they were influenced by the gold of the beast, they took the strange licentiousness of imposing morality on others; this strange licentiousness, a product of a mundane way of governing, costs the so-called guides of nations, the greatest shame of their lives to a planetary level; for in the presence of all the gathered nations, they shall be judged by the Son of God.-

One cannot serve the working people, and at the same time, the demons who look after their wealth.-

Every spirit who knowing that the humble should govern the world, remained silent, their ideas shall create worlds of deceit; this last one is for those who promised in the Kingdom of Heavens to govern the people with humility; in your world they are known as politicians; but, woe betide them! I see that they designate the best positions for

them; the high and scandalous salaries; I see that they divide among them what is of my humble; I see that they do not let any humble to govern; when my divine Word teaches that the humble are the first in my creation; Poor you! Usurpers of a power that has never corresponded to you; Poor you damned right! Weeping and gnashing of teeth awaits you; for swindling my humbles' rights; thus you shall be swindled between light and darkness.-

DIVINE TITLE FOR THE EDITORS OF THE PLANET:

TITLE 87.- THE SO-CALLED EDITORS WHO EMERGED DURING THE TRIALS OF LIFE, SHOULD HAVE NOT CHANGED ANY EXPRESSION OR LETTER OF THE DIVINE REVELATION, SENT BY THE DIVINE FATHER JEHOVAH TO THE WORLD OF TRIALS; THE LIVING EXPRESSION AND THE LETTER COMPLAIN TO GOD IN THEIR RESPECTIVE LAWS; JUST AS A SPIRIT WOULD COMPLAIN IN HIS LAWS OF SPIRIT; THOSE WHO FALSIFIED OR CHANGED THE CONTENT SENT BY GOD, THEY SHALL ALSO BE FALSIFIED AND TAKEN AWAY IN THIS LIFE AND IN OTHER LIVES; WHEN THEY REQUEST AGAIN TO GOD IN THE FUTURE TO BE BORN AGAIN, IN ORDER TO KNOW A NEW LIFE.-

ALL THE SO-CALLED LEADERS OF THE WORLD, WILL HAVE TO EXPLAIN FATHER JEHOVAH, AND THE OWN WORLD, WHY THEY GOVERNED BY DIVIDING; IT IS WRITTEN THAT ONLY SATAN DIVIDES IN ORDER TO FIGHT AGAINST EQUALITY TAUGHT BY THE FATHER; IT WOULD BE BETTER FOR THE SO-CALLED LEADERS TO HAVE RENOUNCED ON TIME TO SUCH IMMORAL AND ILLEGAL POSITIONS; THE DIVINE JUSTICE OF FATHER JEHOVAH, STARTS WITH THOSE WHO HAD THE HIGHEST POSITIONS, IN THE STRANGE LIFE SYSTEM, BASED ON GOLD; IT IS MORE LIKELY FOR THOSE WHO DID NOT OCCUPY HIGH POSITIONS TO ENTER THE KINGDOM OF HEAVENS, THAN FOR THOSE WHO EXALTED THEMSELVES IN A STRANGE AND IMMORAL LIFE SYSTEM, UNKNOWN IN THE KINGDOM OF HEAVENS.-

Yes little son; so it is; just as you knew it since you were a child; no so-called leader of the strange life system, based on gold, shall enter the Kingdom of Heavens; for no one in this world requested the Father to govern by exploiting; for all knew that one had to imitate, what the eyes saw in the Kingdom of Heavens; I verily say unto you that no eye saw exploitation nor deceit; behold the fall of the blindest of the Father's laws; behold the most backward of the world; for they are the ones who are the most distant from the Kingdom of Heavens; he who exalted himself more in a strange and immoral life system, is more condemned; it would be better for him to be humble in such strange life system; I verily say unto you leaders of the world that every good deed that you did in life, was annulled by you; for one cannot serve two masters; one cannot serve an immoral

life system, and say that he is serving God; it would have been better for you to have renounced those positions; for you shall be accused of complicity with the demon of exploitation, before Father Jehovah; you fell in the trials of life; you should have never led a shameful life system; a strange life system in which my humble had the worst; I verily say unto you, blinds of the world, that just like you entire generations undergo suffering, thus you will suffer too; in other existences, in other worlds; I verily say unto you that every human suffering shall be paid by you; for you did not take the Father's Scriptures seriously; you built your hopes up on gold; I verily say unto you that all of you shall have your weeping and gnashing of teeth; humanity underwent suffering because of you; it is more likely for a worker, who you took away the right to equality from him, taught by the

Father, to enter the Kingdom of Heavens, than for you; each second of suffering and injustice that each pore of human flesh suffered, shall be paid by you; behold the fall of those who legalized satan in this world; behold the fall of those who legalized the rich and poor; behold the fall of the heads of the great beast; behold the fall of the yoke of this strange world; behold the fall of the human sorrow; for if you, leaders of the world would not have come to the world, this world would not have been divided; satan would not have gotten extended in the form of life system; just like the serpent deceived Adam and Eve, likewise you blind leaders deceived the world; for your moral inheritance is a tragedy for the entire world; for no one who lived in your strange capitalist life system, shall see the Father's Glory; for you divided everyone between good and evil; for your strange

morality with which you made the laws, did not take the Father's morality into account at all; manifested in the Father's Scriptures; I verily say unto you that your ignorance in the Father's Scriptures, each act, each mental idea generated by the beings who followed you in your laws, got to know division; the generated mental idea was not complete in the laws of the light; each human thinking was influenced by the strange power of gold; I verily say unto you that no generated idea requested the Father, to be influenced by any law of darkness; for such influence divides every spiritual merit; you will have to share your attained points of light with the strange influence of darkness; which distances you even more from the Kingdom of Heavens; the more points of light a spirit has, the closer he gets to his place of origin; he gets closer to his heaven where he was created; behold

the time in which one wanted to have gold,
is judged second by second; each second lived in this strange desire, is paid with an existence which must be fulfilled out of the Kingdom of Heavens; so it is that no one who passed through this world, and felt the influence, has returned to the Kingdom of Heavens; it is more likely for one who having returned from a remote planet, did not bring with him any strange and unknown influence to enter again the Kingdom where he came out of; the Kingdom of Heavens takes care of itself; no darkness of any form has been able to enter; nor shall it ever enter; behold all those who made the most microscopic evil, in their respective world, is a living darkness per se; he is a demon in the respective degree; one cannot be of the light if he is a demon; for one cannot be of two masters; for the spirit falls into hypocrisy; behold the

outstanding attribute of the so-called Christian world; a strange world that served many strange masters; a strange world that came out of the strange and unknown religions; a strange human form of interpreting the Father's Scriptures; a strange form of interpreting His divine Gospel; behold that every strange world is pulled out from its roots from the human evolution; behold the fall of the so-called religious; who divided the world in many beliefs, being there just one God only; since every work that came out of the human free will, is judged by the Father; what the so-called religious did, they must render account of it too; the Father's laws are all equal for everyone; I verily say unto you that no religious one, shall enter the Kingdom of Heavens; until they have paid up to the last second of the time in which they confused and divided an entire world;

for them was it written: Only satan divides and he divides himself; behold the blinds of the faith; they were blind because in their own fruit was the strange faith; their own fall was in their fruit; for nothing strange to the Scriptures and Commandments of the Father, remains in this world; just as in the past empires, reigns, dynasties and the most varied powers were falling, likewise the great prostitute who sold herself to the best bidder, shall also fall in this generation; who bowed before the rich nations; without taking care of the future consequences nor of what they will say, knowing the prostitute that no so-called rich, would enter the Kingdom of Heavens; I verily say unto you that if the so-called Catholic Church had not acknowledged the strange life system, based on gold, the world would not have got to know it; and this humanity would have entered the

Kingdom of Heavens; it was written that this world would not enter the Father's Kingdom, because of a few blinds of the true spirituality in the Father's laws.-

Yes little son; so it is; just as you knew it since you were a child; this strange life system which came out of gold, from its beginning, wrote its own fall: the so-called capitalism is the supreme violation to the

Father's mandates; this demon who took the form of the immoral life system, condemned all those who have passed through this world; the damned action of satan did not end in the terrestrial paradise; it started there; behold a Revelation that explains the events of the invisible that reverberate in the visible; what happened in other dimensions like the dimension of the past, explains what happened in all the presents; evil like the truth fulfills expansive laws; the living cause of an instant, becomes a reality in another; the human evil emerges from the same world in which there were evil spirits already; matter and spirit are trialed by the Father, in their respective laws; every trial in order to be carried out, needs to have a life form; it needs to be a living cause; just as you who are on Earth feel certain sensations which are proper of you, so do other living causes

born in other planetary dwellings, feel what you do not feel; every life is created in the remote suns; this corresponds to your origin; because by being the Father infinite, his infinite creation is not circumscribed to the suns only; it represents one of the infinite forms of creating; for nothing has limits in the Father; to explain your solar origin, is to provoke in this world, the greatest revolution in the human cause; so immense is this revolution that nothing that came out of man, shall remain; for the new revolution shall be centered around in giving and taking life away; in resuscitating the dead and the already wasted living; this revolution shall scare away those who took the licentiousness of creating a strange life system, which disowned the divine rights of the Father; this planetary violation which represents many centuries, is just no more than an instant in

the divine time, in which the Father lives; your time was created so that you were trialed in your determinations; and without your seeing the Father in your own time, the Father is in time; He is in the invisible part of every time; I verily say unto you that other creatures see the Father in the invisible dimension; for the Father lets Himself be seen; and by letting Himself be seen, it does not represent His only form; for nothing has limits in the Father; the human life requested to live the present that it lives, without seeing the Father; and the Father conceded it to you; for everything that is lived and felt, is requested in the Kingdom of Heavens; I verily say unto you that every human spirit requested the living intuition in the Father; and it is because everyone feels one form of spirituality; although many do not believe in a God; the forgetfulness of the past is

between believing and not believing; also requested by all the human spirits; for none of you knew such past; you did not have the slightest idea in what this consisted of; experiences are lived, because one requests life in them; everything imaginable is living; for everything imaginable, matter and spirit have the same rights to aspire to know life; he who denies life to another, whether it is spirit or matter, he denies the existence of equality taught by the Father; and he who thought so, likewise they shall also think about him, in other existences in other worlds; for everything microscopic that he had in himself, in matter and spirit, has greater knowledge than what he knows in his own spirit; it is because of this that it was written: Every humble is great in the Kingdom of Heavens; the Revelation of the Lamb of God complements: Every humble, microscopic or very little, is

great in the Kingdom of Heavens; what else humbler and more microscopic than your own physical ideas? You do not see them; but, no one denies its existence; your spiritual destiny depends on such ideas; for when you requested to know the human philosophy, you did so by promising the Father, to generate by your mind, the purest and healthier ideas; but, the immoral and strange life system that the so-called capitalists gave you, made you go astray; for every idea that you generated got to know what it should have never got to know; it got to know the demoniac influence of gold; it got to know the sensation of ambition; and it is enough that a living innocence gets to know a sensation unknown of the Father's morality, and such creature does not enter the Kingdom of Heavens again; no spirit that is divided in his innocence, shall see his place of origin again;

no one has ever returned.-

**ALL THE GOVERNMENTS THAT APPLIED
TAXES ON THE EXPLOITED, SHALL NOT
ENTER THE KINGDOM OF HEAVENS; NO
ONE REQUESTED THE FATHER TO CHARGE
ANYONE; FOR NO ONE KNEW MONEY.-**

Yes little son; no member of a capitalist government who applied taxes on the exploited, shall enter the Kingdom of Heavens; every government system that was not capitalist, that struggled and still struggles against the inheritance of immoralities left by the capitalist beast, is closer to the Father's mandate; no government system is perfect; and much less the capitalist beast; communism is from the Kingdom of Heavens; and capitalism is not; nor shall it ever be; behold the infinite

difference; the first one is called to govern in this world, up to the consummation of the centuries; the second one is judged because it requested to be trialed; that is why it is unstable; I verily say unto you that being there a final judgment announced to you, since many centuries ago, the capitalists should have never believed that only they are the best; on the contrary, they are the worst; they are the tragedy of this world; for no human creature shall enter the Kingdom of Heavens, because of capitalism; nor any of the past generations have entered; for capitalism did not take the Father's Scriptures into account; and by not taking them into account, it disinherited all its followers; its moral teaching was the generalized immorality; it divided the world in rich and poor; and it could not keep the innocence of the Father's creatures intact; every innocence

that is divided between good and evil, does not enter the Kingdom of Heavens; the so-called capitalism did what satan did in the Kingdom of Heavens; it divided so that no human creature entered the Kingdom of Heavens; and also satan divided the angels of the Father; just as the angels divided by satan were thrown out from the Kingdom; likewise the men who got to know the capitalism's division, do not enter the Kingdom of Heavens; what is up above is the same as down below; money is unknown in the Kingdom of Heavens; for evil does not exist in any conceivable way; I verily say unto you that money is a product of a spiritual weakness; the most imperfect beings of this world created money; and by being imperfect, they dragged humanity with them; they did not know how to control their ambitious impulses; and they transmitted them from

father to son; from generation to generation; and in this transmission of weak philosophy, the Father's Revelation surprised them; this surprise was announced many centuries in advance: And the truth will come by surprise; like the surprise caused by a thief at night; because the psychological reaction of the capitalists will be like the reaction suffered by a thief who has been caught in a robbery.-

Yes little son; the drawing shows that the mental fibers were born free; which means that they were not subject to any influence of possession; to charge taxes is darkness; for the action accompanies the mind out of the Earth; this influence of darkness makes the spirit get away from the Kingdom of Heavens; I verily say unto you that every spirit who got to know self-interest in any form, wanders in the cosmos; the influence of what was learned on the remote planet, rejects him when he gets closer to the magnetism of the light; the evil action acts as rejection; infinite spirits of uncountable planets earths, they see themselves in the obligation of seeing the Kingdom of Heavens from afar; those who see nothing are the most sinful; the magnetic influence of evil is more intense in its attribute and quality; I verily say unto you that those who charged taxes

in the world, are of this category; such spirits have to wander in darkness, until no creature of the remote world in which he was, continues paying a false tax; false because the law created by the Father, does not include any form of exploitation; so it is that as the generations succeed each other, these spirits await; behold the punishment for the followers of the beast; these spirits of which the last ones remain in this world, forgot that the Father's Commandment says: Thou shalt not steal, in any imaginable way; behold the demons of exploitation perpetuated for centuries the pain of injustice on others; if they promised the Father to fulfill what is of the Father above everything, why did they not renounce such immoral work? It would have been better for them not to have requested to be born in this world; behold they fell in the trials of life; they forgot the Father's

Scriptures and condemned themselves; these spirits who charge taxes are mundane spirits; just as the creators of the exploitation system called capitalism are; just as they charged taxes to their brethren in life, disregarding the Father's Scriptures, thus shall deceit be imposed on them in their future reincarnations; what they did wrong in their existence, they pay it in others; I verily say unto you that every legislator who created laws of taxes and those who charged them, are accused before the Father of imposing suffering on other creatures; for no one requested the Father to subjugate anyone; and all those who you put hindrance called taxes, are waiting for you beside the Father, in order to make the accusation on you; up to the last cent of taxes, is paid; the most microscopic cent complains to the Father; Were you not taught that the entire universe of the Father

is living? Even if in the worlds they have passed the trial of the inert and the abstract and the concrete; since nothing is impossible to the Creator of the universe, He unites spirit and matter in celestial life; what is impossible to you, is not to the Father; and what is impossible to you, the Creator brings out the most perfect justice that your mind can imagine; in my divine Kingdom the invisible that your mind grasped get together, though you did not understand it on Earth; all your unknown sensations, and every experience that was to you to think; which the terrestrial science could never explain; behold the everything above everything; matter and spirit become one; the communism of unification between molecule and virtue is living and pre-existent to everything; I verily say unto you that all those who repudiated communism, repudiated their future unifications

between matter and spirit; matter and spirit possess free will; independent one from the other; and in virtue of their free wills, they repudiate those who repudiated on the remote planets; what is up above is the same as down below; I verily say unto you that communism is constituted by the own universe; the colossal and the microscopic; the invisible and the visible; the molecule and the virtue; for the universal equilibrium would not exist without a common law; the development of no kind of life would be known; for the universal inheritance of imbalance is darkness; you requested in your planetary philosophy to know good and evil; not everything of good and evil exists in the Universe, but a microscopic part of them; for nothing in the Father has any limits; but, as microscopic good and evil are, they always receive their fair award or punishment; I

verily say unto you that one of the evils of this world is to persecute the ideals, when they are not understood; getting to the extreme of even trample on the Father's Commandments; one kills, lies, slanders, the truth is falsified; behold what was done by those who due to a little evolution, never understood the divine meaning of communism; I verily say unto you that unintentionally, capitalism exalted communism; because for its own action, all those who had privileges in this world, shall be despised; and he who had nothing, shall be exalted; and all had the same free will when coming to this world; many have wondered in this world, where did evil come from? I verily say unto you that evil is an inheritance of successive reincarnations; which means that you are coming out of darkness; your free will took you in the past to know other lives; for every

spirit is born again; to request lives that are unknown, is to be born again; and the laws with which the lives of each spirit are created, are common among them and common to everyone; he who persecuted any form of communism, shall not enter the Kingdom of Heavens; for the celestial communism that reigns in there, makes him strange; I verily say unto you that all those who persecuted others because of their ideals, shall not enter the Kingdom of Heavens; for no one is persecuted in the Kingdom; it is more likely for those who did not persecute anybody to enter the Kingdom of Heavens, than for those who took sides persecuting others; I verily say unto you that the tragedy of this world of not being able to enter the Kingdom of Heavens, started from the first instant in which the human mind conceived money; no one who got to know money has entered the

Kingdom of Heavens; for they followed a form of life which is immoral before the Father's mandates; their creators did not consult the Creator about what is there beyond human life; I verily say unto you that if they had done it, all of you would have entered the Kingdom of Heavens; for they would not have taken the wrong way; it always happens the same in uncountable worlds of the universe; when those who stand up for being the first in governing a world, infinite times they forget that they have a Creator; infinite worlds have fallen into the tragedy of not entering the Kingdom of Heavens; the time is up for your world; Because of a group of ambitious beings, a world was condemned!! Shall be said in all the limits of the universe; a world that knowing about the Father's Scriptures, let itself be carried away by a forgetfulness which they

promised to overcome in the Kingdom of Heavens; behold the supreme trial of the human spirit; a trial of the human individuality; for only what came out from the inside is judged outside; the mental responsibility is created within the spirit; for what is outside, in the exterior, is constantly falsified by the human life system; the beginning of the life in which you are in, was done from the inside to the outside; from the invisible to the visible; from darkness to the light; the exterior which is material, is relative and transformable; the interior is the eternal; behold that each individual according to his beliefs, returns to his past; he came out to the light for an instant; that instant is the human life; and he returns to his own interior; by transforming his molecules of flesh into dust; the spirit is a fire which when separated from its body of flesh, penetrates

dimensions that escape the human eye; the spirit cannot be seen with the eyes of flesh, because the vision is not enough to see it; the living self is again what it was before becoming human; and when it returns, it comes back impregnated with a magnetism called human knowledge; a planetary experience; a salt of life; I verily say unto you that to the spirit, the remembrance of the Earth makes it meditate according to its evolution; if the spirit was respectful of the Father's laws on Earth, it will find respect in its return; if it was not, no one will respect him; for according to the belief that one had in the trials of life, is the Kingdom where one arrives; those who were religious, do not reach the Father; for they did not interpret the Scriptures of the Father; they divided the world of faith with a strange morality called religion; religion is unknown in the Kingdom

of Heavens; as all the philosophies that divide knowledge are unknown; the religious spirits are accused in the Kingdom of Heavens; of dividing the world in many beliefs; being there one God only; only satan divides and he divides himself; behold the weeping and gnashing of teeth of the world's rock; they never wanted to understand that the truth was just one; that a Father expresses Himself just one way; and not in several; for that would confuse the children's understanding; they never cultivated the true humility; for if they had cultivated it, they would have renounced to keep dividing and confusing the world; they would have renounced to do the roll of satan; they invented the religions; they are not in the Father's Scriptures; they were licentious in believing that only they represented what is of the Father on Earth; I verily say unto you that nothing of them

shall remain in this world; for what is not within the Father's Scriptures, is not a tree planted by Him; it is not of the world conceived by the Father; the world conceived by men shall not remain; the exploitative materialism is about to fall; behold the fall of the world of self-interest; of the hypocritical world; of the world that measured everything by the gold standard; the world of scandals; the world of vice; the unknown world in the Kingdom of Heavens; I verily say unto you that the fall of this exterior world represents the birth of another one; the Father brings out the new light from the own darkness; the World Omega is born from the World Alpha or materialistic; a world in which the innocence of the children shall reign; for from all the philosophies that the world gave itself in order to be governed, none of them remains; they were trialed by Father Jehovah; and

every trial has its end; the purest is staying in this world; it is the children's innocence; and it is more likely for a child who did not try any philosophy in this world to enter the Kingdom of Heavens, than for an adult who did try it, without exalting the Father above everything; and within all the philosophies this world got to know and live, Father Jehovah leaves the most despised, the most persecuted, the most slandered, the one that has cost blood the most; the one that has shed tears the most; He leaves the terrestrial communism; I verily say unto you that every repented capitalist shall become communist; for humility always vanquishes pride; thus happens in all the worlds; that is why it was written: humility is the first in the Kingdom of Heavens; every humble at heart enters the Kingdom of Heavens; those who charged taxes on Earth, were not humble; they were

indifferent before the exploited; this truth acquires contours of immense tragedy in the judgment before the Father; for every form of capitalism, is a form of slavery; Do you not have the so-called armed forces? You are nothing without them; and if they did not exist, you would be nothing either; for no self-interested one shall enter the Kingdom of Heavens; even if he had been by thought; I verily say unto you that by your living a life system based on the practice of force, you get more and more distanced, and at every instant from the Kingdom of Heavens; for the instants are living; they complain to the Father of the presence of intimidation; for arms cause distrust; fear; and I verily say unto you that every virtue that accompanied you to life, shall also complain to the Father; everything that you are complains; even the excrements ask for justice; great are the

revolutionary children who struggled and still struggle against every form of destructive force; there was one in this world called Adolf Hitler who wanted to make his destiny, without taking into account the Father's Scriptures; from a liberator he turned into an assassin; it would have been better for this demon not to have used the force in order to combat the force; for he who kills by sword, dies by sword; he who uses the force, falls by the force; if it is not in this life, it is in another; for many spiritual debts are paid in other existences; for every spirit is born again; I verily say unto you that any force imposed over my creatures' free will, is paid; all those who lived intimidated by the force, must add up 3 points of light for each second lived by intimidation; those who belonged to the so-called armed forces, do not have this Father's grace attained; on the

contrary, they must add up against them 3 points of darkness per second; in the time they served the demon of force; each second or each little point is equivalent to live one existence out of the Kingdom of Heavens; behold how the creatures get away from the Kingdom of Heavens; they do so due to their bad actions; starting from the own ungratefulness that they have had, in respect to the Father's Scriptures; ungratefulness that is transmitted from father to son; from generation to generation; I verily say unto you that because of this ungratefulness, no human creature shall enter the Kingdom of Heavens; even if he has been the best creature in the world; but, he remains very close to the Father's Kingdom; I verily say unto you that every tax collector, must add up 3 celestial points against him per second, in the time that they were collectors; from the first

instant up to the last one; and those who underwent this vile deed of the exploitation law must add up three points in favor for each second gone by, from the precise instant in which they started to work; infancy up to the age of twelve is not in the Final Judgment; for it does not need it; in this epoch the creature lives the celestial illusory magnetism; fluids which still influence their acts; it lives like a little bird, as one can say; it looks at the mental responsibility, as a natural irresponsibility; I verily say unto you that all those who made an innocent undergo suffering shall be judged in public judgment; so shall they be measured with the same rod that they measured; thus shall they be abused in other existences; I verily say unto you that for each evil act done in life, the spirit requests to pay in another existence; behold one of the causes why one is born; creatures

who request that what they did to others be done on them too; it is what is called in the Kingdom of Heavens an eye for an eye and a tooth for a tooth; for the spirit must pay for the harm done, with the same characteristics and details as he caused on others; behold a universal law proper of imperfection; behold why many are not as happy as the rest; many perish physically; others go crazy; others get lost; others get sick; etc., etc.; I verily say unto you that every destiny with no exception, is related with its spiritual past; the existences prepare one for what is to come; this characteristic is common in your form of life; a life of trials with a forgetfulness of the past; I verily say unto you that one requests to be born again, for infinite causes; for nothing easier to the Father than to give any kind of life that every mind can imagine; each microscopic act understood or not

understood, turns into life for its own improvement; everyone requests to improve themselves in the Kingdom of Heavens; that every is infinite; who is every? only the Father knows; for He has created everything; I verily say unto you that even darkness of which you know nothing, requests the Father to know the worlds of the light; the galactic history constitutes the Alpha and the Omega of the own eternity; each living microbe is called to become a living history in the Kingdom of Heavens; for no one is disinherited; the Father's inheritance, gives the right to everything; for nothing is impossible in the Father; I verily say unto you by forgetting one's own past, one attains the highest celestial points; for uncertainty is greater; and likewise by not knowing the future; what is greatest is the gain in the acts done in life; there are infinite worlds in which their creatures know their

galactic past; they see it in mental images; yes little son; so it is; just as you see it like an unending color film; So it is divine Father Jehovah, by your divine grace; and these creatures also see their future; but, the points attained by them are infinitely less than yours; behold the infinite attributes and qualities of the life systems; but nothing has limits in the universe; from one world one goes to the other forever and ever; being born again never ceases; the opportunities to mend oneself are as infinite as the own universe; I verily say unto you that credulity is also living; and it is more likely for one who believed to enter the Kingdom of Heavens, than for one who did not believe; skepticism asks the Father not to let the spirit who did not believe that He was almighty enter the Kingdom; belief is the same faith with identity, attribute and quality; I verily say unto

you that the entrance of every spirit to the Father's Kingdom, depends on the most microscopic that the spirit had; it depends on his 318 virtues, on his molecules and on all the ideas that his mind generated throughout his life.-

ALPHA AND OMEGA.-

ALL THE LEADERS WHO REFUSED TO GIVE LAND OR WATER TO ANOTHER NATION, SHALL NOT ENTER THE KINGDOM OF HEAVENS; NO ONE REQUESTED THE FATHER TO TAKE AWAY ANYTHING; FOR ALL THOSE WHO UNFAIRLY TOOK AWAY, SHALL REMAIN WITH NOTHING; THE PRESENT LEADERS OF THE WORLD, PERPETUATE THE SELFISHNESS LIVED BY OTHERS; THEY LET THEMSELVES BE INFLUENCED BY THE STRANGE MORALITY OF THE SELF-INTERESTS; THE ELEMENTS OF NATURE BELONG TO EVERYONE; FOR THE EQUALITY OF RIGHTS WAS ANNOUNCED BY FATHER JEHOVAH; SINCE MANY CENTURIES AGO, IT WAS WRITTEN: ALL ARE EQUAL IN RIGHTS BEFORE GOD; IT IS MORE LIKELY FOR THOSE LEADERS WHO TRIED TO FULFILL WHAT IS OF GOD TO ENTER THE KINGDOM OF HEAVENS, THAN

FOR THOSE WHO TRIED TO FULFILL WHAT IS OF MEN.-

Yes little son; no leader of this world has been able to enter the Kingdom of Heavens; for they lived and served a strange and unknown life system; the life system based on gold is not known in the Kingdom of Heavens; and all those who lived in laws strange to the Kingdom's Scriptures, none of them has entered the Father's Kingdom again; it is more likely for those who not even by word got to know a strange life system to enter the Kingdom of Heavens; even more, those who did not get to know by ears; every leader will have his own weeping and gnashing of teeth; every leader requested Father Jehovah to govern without violating His divine law; for everyone knew that the most microscopic violation to the Father's law, impedes the spirit who does it, to enter the

Kingdom of Heavens again; no leader of all the epochs of the world, requested to violate the law; I verily say unto you, children of the Earth, that none of you shall enter the Kingdom of Heavens again; for you were deceived and obliged to live in a strange life system; for the life system that was given to you was based on force; if there was no force, it would be the opposite; blind guides were the leaders of their respective life trials; it would have been better for the leaders of this world, not to have been leaders; it would have been better for them to have renounced on time; for the wrath of the world shall fall on them; there is no more tragedy in the life of every creature, to know that he will not be able to see his Creator again; to know that he will not enter the Kingdom of Heavens again; I verily say unto you children of the world that because of your blind guides, who forgot the

divine laws of the Father, none of you shall see the Father's glory again; your blind guides were the so-called religious and the capitalists; these demons instead of struggling for another life system, did nothing; for neither religious nor capitalists requested the Father, to live in immoral and unfair Commandments; it is more likely for those who in all the acts that they did in life, did so by thinking of the Father's Commandments, to enter the Kingdom of Heavens; the selfishness of the leaders, perpetuated selfishness of the peoples; it is a form of slavery in the moral sorrow; a form that made and makes millions of beings unhappy; I verily say unto you, leaders of the world, that up to the last molecule of sorrow caused to the children of the peoples, is paid before the Father; it would have been better to have renounced as leaders if your positions represented a

violation to the Father's law; everyone had in the trials of life a free will; but no living free will requested the Father to violate anything of His divine law; all of you leaders of the world, did the opposite; the higher positions in the trials of life were not held by the humble; all of you like the rest of humanity promised the Creator of the universe, to imitate in the remote Earth, all what their eyes saw in the Kingdom of Heavens; and everyone saw that of all the living virtues, the divine humility is first in the Kingdom of Heavens; behold an eternal living law of Father Jehovah's Macrocosm; a divine Revelation that when it becomes known, in the remote worlds, makes those who exalted themselves in strange life systems weep; life systems that are not written in the Kingdoms of Heavens; life systems that are not of the laws of the light; they are systems that came

out of darkness; which neither agree with the Commandments nor with the Father's Scriptures; and he who served laws strange to the Father's Scriptures, served the demon; and he who serves the demon always ends up in tragedy; he ends up in weeping and gnashing of teeth; just as it was announced in your world; no so-called leader who has passed through this world, has succeeded in entering the Kingdom of Heavens again; nor shall any of them enter; in order to enter the Father's Kingdom again, which is the place of origin of each one, one had to pass through the trials of life, without having violated it not even in a microscopic part; for no innocence that got to know and lived a strange life system, has entered the Kingdom of Heavens again; and you leaders of the world are guiltier than the rest of the flock; for the higher a position held in life was, one should

have exalted the Father more; for thus you yourselves promised the Father; thus the entire humanity promised it; no one requested the Father to lower Him even in the most minimal; for all knew that he who lowered the Father's divine power, does not see the Father again; you knew all this leaders of the world; you violated the Father's law, with first-hand knowledge; there is a recognized cause up above as well as down below; up above the solar books of life; down below the Scriptures and divine Commandments of the Father; what is up above is the same as down below; behold a divine law requested by you; for everything imaginable is requested to the Father; you requested the Father to remind you on the remote planet Earth what you yourselves requested and promised in the Kingdom of Heavens; behold the divine cause of the Father's Scriptures

and Commandments; you yourselves requested to be trialed in the trials of life, starting from the own Scriptures; that is why the divine psychology of the Scriptures, is expressed with difficulty; it costs to understand it from the point of view of every understanding; this mental difficulty was requested by you yourselves; for everything imaginable is requested to the Father; I verily say unto you that every letter is also living before the Father; just as the spirit is; for everything conceivable has the same rights, in its respective laws, before the Father; every letter as every number has space, time and philosophy; just as the spirit has; nobody is less before the Father; neither the letter or number, nor the spirit; matter and spirit have the same rights before the Father; no one is less before the Father; neither matter nor the spirit; I verily say unto you that all those who

studied and searched for the truth in the Father's Scriptures, has an award from the Father; he who searched for it in the knowledge of prophets, has an award of prophet; but, since everything was created by the Father, every prophet is the son of the Father; and there is an infinity of distance between Father and children; what comes out of the Father is infinite and eternal; what comes out of the prophets is ephemeral, and its eternity is relative; behold what the strange searches receive, in strange sciences and knowledge; for every search is a mental effort; and you shall be judged by your work; but, he who searched for the Father in knowledge, which were not the Scriptures, shall not enter the Kingdom of Heavens; this does not mean that they are condemned; no, in no way; what happens is that the term of your promises came out of you yourselves: Above

everything imaginable; which means: Above every knowledge alien to the Father' Scriptures; for one thing is a divine knowledge which came out of the Father's divine free will, and another thing is some knowledge that came out of another free will; here the free will is not divided nor is it shared; for it is a proper right in its attribute and quality; every living free will, represents the innocence in action; and there is no living eternity that does not have free will; the own Father Jehovah has it; and from His divine free will everything that exists, existed and will exist is born; for the Father is infinite; everything imaginable that came out of every free will of the universe, was created by the Father; behold he who does not imitate the Father in the most microscopic in his own way of being, draws away from the Father; the free will constitutes the Alpha and Omega of

every mental beginning; and the entire Thinking Expansive Universe vibrates in its geometrical number tuned to each free will; I verily say unto you that every free will is composed of microscopic dimensions; they are so microscopic that no thinking creature notices it; and when the time in eternity in which the thinking creature noticed it comes, he recognizes himself; he gets to the point of his own knowledge of recognizing his own hierarchic place in the cosmos; this law shall take place on Earth, in some more generations; for every fruit ripens in direction to its own recognition; this World Alpha or materialist, is a world that requesting to be trialed, arrives to its end; this strange world that came out of the strange world of gold, does not manage to reach the year 2000; for biblical events, will make the course of history change in this world; I verily say unto

you that the last and great revolution in this strange world, is created by the own Creator of the own world; behold the war of Armageddon; a war that came out of men, according to their work; behold a war between two knowledge; the Father's and men's; behold that the divine presence of the First-born Son shall provoke in this world that the fornicators and the sort of immoral beings of this strange life system tremble!! For theirs is the weeping and gnashing of teeth; behold that no immoral being shall remain in this world; no one who divides another, shall remain; for division and selfishness belonged to a strange and immoral life system, that requested to be trialed by the Father; that strange life system is capitalism; which shall be called the great beast by the generations of the future; a beast that never ever understood what real humility was; the beast that

led a world into tragedy; for it immortalized the innocence of millions and millions of children of the Father; the beast that sowed a reign without taking what is of the Father into consideration, above everything; the beast or demon who took the strange form of life system; behold every beast shall pass; for no form of demon, shall remain in this world; the world was trialed; for every spirit requested to be trialed; and all of you children of the Earth were trialed from inside and out; mental and physically; for man does not live on bread alone; you are flesh and spirit; I verily say unto you that the term: Above everything, requested by you yourselves, makes it that you should have never ever violated the Father's law, not even in one molecule of flesh; nor even in one sole virtue; for just one microscopic molecule of violation or an invisible virtue, would

complain before the Father; they would complain to have known a strange and unknown influence; for molecule and virtue requested to know what is of the Father in their respective laws; they requested to know what they requested to be written in the Kingdom of Heavens; they did not request what would come out of some violator of the Father's law; so it is that no spirit that constituted itself into people, requested to live in a life system whose basis was division; I verily say unto you that all of you requested the Father, to know diversity and not to get divided; for only satan divides himself and he divides others; no one in this world requested to imitate satan not even in the most microscopic; behold the weeping and gnashing of teeth of all those who were guides of peoples; for every error that came out of oneself, is multiplied by the number of thinking beings, in

which one influenced them; every error that came out of leaders, must be multiplied by the total number of pores of each body of flesh; this makes all those who governed by violating the Father's law, be in or near the law of malediction; for the total number of violations is superior to the own number of the own molecules of flesh; this is called to surpass one's own scale in the Kingdom of Heavens; behold a law requested by all of you; for by requesting everyone a planetary life trial, you requested a severe judgment above everything; for being it a trial with first-hand knowledge, you knew that you would be exposed to fall into sin; behold the law of malediction shall be a fearful law, in the weeping and gnashing of teeth; thus it was in the old world; the ones damned by the Revelation, were so according to their work; every damned being dies in total

isolation; not even his loved ones want to see him; these creatures shall live in the most abandoned places of the planet; the world shall flee from them, as one flees from a pest; nobody would want to talk to them nor to look at them; because due to expansive laws, proper of the Father's creation, the malediction falls on the person who talks or looks at a damned one; the malediction's darkness travels through the speech and sight; the voice and vision are living before the Father; and every voice and every vision accuses, in the presence of the Father, every spirit that made them see and hear, the law of malediction; for such law was not requested by them; for they have free will; behold a law that will make everyone flee; but, it must be received by those who must receive it; because you shall be judged by your work; the world of trials which you are part of arrives to its end;

moving acts that were never seen, shall shudder the world; and they will be acts not coming out of human laws; for the Father is infinite in his laws; the Father does not imitate his children; Father Jehovah does not like his children to go astray; but, everything that the children request in the Kingdom of Heavens, is fulfilled up to the most minimal; the term: Above everything, makes it this way; I verily say unto you that you were too severe towards yourselves; you promised the Father things and facts that were superior to your own strength; that is why almost everybody in this world, found and felt many things that in respect to the Father were to them a little less than impossible; a strange faith of those who thought that way; behold a truth that shows you that one comes to infinite kinds of life; with different knowledge; for having everyone been born many

times in remote worlds, you have learnt many things in different levels; this law is a cause of the own behavior of every spirit's free will; behold one of the causes why the individualities are not the same in this world; in the future, in the world Omega, such marvel will be seen; behold that all of you by coming to this world, having all of you different individualities, you did so with the divine purpose of achieving within the own life trial, an egalitarian world; and all of you in your respective individualities, promised the Father to oppose mental and physical resistance to everything that was unequal; behold no one requested the Father licentiousness in any imaginable form; all promised the Father on the remote and unknown planet Earth, to cultivate the same form of government that their own eyes saw in the Kingdom of Heavens; behold a universal law

of infinite expansion; all promise the Father to expand the light; the same light that saw them being born many times; for every point or place in the universe where the creation of spirits are initiated, are the same suns of Father Jehovah; behold the houses of Father Jehovah; the greater houses of the Father; just as you live in houses down below, they also live up above; what is up above is the same as down below; he who distorts the houses of down below, does not see the houses up above again; which means that he will not enter the Kingdom of Heavens again; behold that the houses in your world, are houses that came out of a strange life system; houses where selfishness dwells; certainly those who lived in those houses, shall not see the glorious House of Father Jehovah again; for no one requested the Father to know such houses; houses that looked at

others like as stranger; I verily say unto you children of the world that he who lived selfishly in those houses, shall not have a house out of the Earth; he shall only find selfishness out of her; just as you lived in palaces and mansions, while there were others who did not have where to live, likewise you selfish in living, shall not have a home in other existences, in other worlds; for you requested the Father to pay selfishness with selfishness, up to the last molecule of moral sorrow that your selfishness caused on others; behold the weeping and gnashing of teeth of a world that got to know selfishness in the houses; behold the fall of one of the trees that Father Jehovah did not plant; the form of how one lived is judged in the new Doctrine, instant by instant; for being all of you equal in rights before God, the instants of time also have the right to be listened to by the Father; there

is no human work that has no instant in its time of trials; behold it was written: And he shall judge all the imaginable things; the invisible and the visible; for every mind shall be read by the First-born Son; each one's interior is included in the term: Above everything; this term that was requested by your own selves, is also living before the Father; His divine philosophy is the most demanding that exists; and every human thinking shall confront this philosophy; each letter and each number is philosophical and living in the Kingdom of Heavens; just as the human spirit is; matter and spirit are so; the divine equality taught by the Father is in His respective laws; everything taught by the Father is received by matter and spirit by inheritance; behold that a new and eternal philosophical concept is born; in which all the rest remain subordinated to what comes; for every reign

has its time; the trials of life trialed many philosophical concepts; but, none of them was able to unify the world; for all of them were influenced by the strange life system of gold; all got to know a form of illegality, before the Father; behold everything illegal said by the Father is eternal; and the illegal that came out of the human laws, is not; for everything illegal that this world got to know, does not remain; certainly that nothing of the strange life system based on gold remains; behold the fall son, sent by the Father, that marks the beginning of the fall of what was thought of as being unique; just as it was written that the truth would surprise the world amidst their chores, just like the surprise that a burglar causes; thus shall the truth surprise the sustainers of this strange and unknown life system, too; this fall of a world that requested to be trialed, is not the

first; for what is of the Father is not reduced to just one world; being the inhabited worlds infinite, infinite are too the stories of the worlds; for being the entire universe with equal rights before the Father, is that every world or sun has its own legend; behold that every spoken thing becomes a living legend; for everything that was created has the right to equality; it has the right to live in the laws that were requested to the Father; I verily say unto you that all those who denied or doubted this or that legend of the cosmos, shall not enter the Kingdom of Heavens; for such denial goes against their own promises made to the Father; for no one requested the Father to lower Him in power; behold the weeping and gnashing of teeth of many skeptical beings, who requested the Father to feel the sensation of skepticism, and not to let themselves be carried away by it; for every

sensation as every molecule, requested to be trialed by the spirit when the spirit made living covenants in the suns Alpha and Omega of the galaxy Trino of the Kingdom of Heavens; behold a law that explains for the first time, the cause of evil in the human spirit; if all the thinking beings of this world had opposed the appropriate resistance to evil, this world would have been a little less than a paradise; but, the strange and immoral life system, which came out of gold, distanced all those who had the intention of doing it; the strange morality of this strange life system, made the achievement of this improvement more difficult; and the strange illusion based on the power of gold, did the rest; the forgetfulness of the Father's Commandments and Scriptures was almost complete; I verily say unto you that this strange illusion, enclosed the human spirit into just

one present; and he who let himself be influenced by just one present, shall not get to know more presents; for being every present living as it is all what was created by the Father, is that every present complains to the Father; for every living present knows that there are other infinite presents; it knows that its God who created it, is infinite; just as it was taught to the spirit that his God was infinite; and knowing that He was infinite, he disowned Him all the same, in his power of being everything; I verily say unto you skeptical beings of the world that you shall see with your own eyes, everything that you denied in your life trials; just as skeptical as you were, so shall you have your weeping and gnashing of teeth; for every sorrow that shall come, is proportional to the pride with which one lived; this pride is measured according to the degree of forgetfulness that

one had of the Father's Scriptures, in the trials of life; the greater the forgetfulness is, the greater is the weeping and gnashing of teeth; for no one requested the Father to forget Him, in the remote worlds; behold a universal weeping and gnashing of teeth; for if almost the entire world searched for the Father by means of the so-called religions, such search came out of the human free will; for Father Jehovah did not leave religions in this world; your Father left a Gospel; which is different; the Father's Gospel divides no one; the strange religions divided many for many centuries; behold the difference between what is of the Father and what is of men; the Father's Scriptures are of the Father's divine free will; religions are of the human free will; when men tried to interpret the Father's Scriptures, they invented religions; and in that form of faith that came out

of their free wills, they fell before the Father; for they divided and confused the world of faith; no one requested the Father to divide nor to confuse others; for all of you knew in the Kingdom of Heavens that satan had divided the Father's angels, in the Kingdom; and no one wanted to imitate him in the most minimal; behold why the search made with a religious influence, is not of the Kingdom of Heavens; the so-called religions are unknown in the Kingdom of Heavens; as every philosophy that divides the Father's creatures is also unknown on the remote worlds; behold the weeping and gnashing of teeth of the so-called Christian world; a world of faith that divided itself; a world that served many masters; and got divided a lot; for no so-called Christian shall enter the Kingdom of Heavens; it is more likely for those who searched for the Father in their

own Scriptures and laws, to enter the Kingdom of Heavens, than for those who searched for Him in works and forms of faith, which came out of other free wills; behold the light for a confused world; a strange world, in which all say that they are right; And none of them has ever been!! For they were blinds of the consequences of their own actions; I verily say unto you that no so-called religious shall enter the Kingdom of Heavens; it is more likely for those who divided no one on the remote planets to enter the Father's Kingdom; it is more likely for a worker who with his philosophy of work, divided no one, to enter the Kingdom, than for a religious who divided many; the most microscopic mental division, impedes the entrance of every spirit that generated ideas that divided others in the trials of life; behold the weeping and gnashing of teeth of every so-called

religious; the religious are the great unknown ones of the Kingdom of Heavens; for no one knows them; not even a single one has ever entered; nor any of them shall enter; for the human request of trials was made above everything imaginable; all promised the Father not to violate His divine law above everything; religions are a product of a strange life system; this strange form of faith is the one that the religious should not have cultivated; for they would not have led the so-called Christian world to tragedy; from the precise instant in which this world of faith, followed them, they sealed their no entrance to the Kingdom of Heavens; for it is enough to have violated what was promised to the Father in a microscopic part, and the spirit does not enter the Kingdom of Heavens; for everything microscopic whether it is spiritual or material, is included within

the promise, known by everyone: Above everything imaginable; I verily say unto you, religious beings of the world that every reign comes to an end; a living end that you yourselves requested; for everything that is not known is requested to the Father; including the own life; I verily say unto you, rock of the human selfishness that the world that you created and divided, shall come over you; just as you divided others, likewise you shall be divided; with the rod that you measured others, you shall be measured; with the same Scriptures with which you deceived others, you shall be judged; every false interpretation of the Father's Scriptures, shall be considered as a deceit in the Kingdom of Heavens; I verily say unto you religious of the world that each letter of the Father's Scriptures, shall accuse you of having used them in a living deceit; they shall accuse you of having

violated them in their philosophical requests of letters; that being their philosophy from the Father's light, you made them live in a strange interpretative morality; they, the divine letters, which came out of the Father's divine free will, were violated in their innocence; no one requested violation in their request of life; such violation came out of you, religious of the world; for you casted the first stone of mental hardness; to interpret what is of the Father came out of you first; it did not come out of the rest of the flock; and since the first violation of this world came out of you, you are the ones who are more infinitely distant from the Kingdom of Heavens; those who followed you are closer to the Father's Kingdom; and infinitely much closer are those who did not follow the so called religions; for their ideas in respect to the Father, were not divided; they served

just one Master; behold the difference that there is between the beliefs of faith that came out of the spirit, and the belief of what is mundane; every religious faith, a product of the human free will, is a mundane faith; for the human free will acknowledged equally the rock as the strange life system that came out of gold; religion and capitalism backed each other up mutually; and they condemned themselves mutually; the illusion of the religious beings was to link a strange faith with a strange life system; if the so-called capitalism was unfair, when the so-called religious acknowledged it, they perpetuated the injustices to the world; I verily say unto you, religious of the world, that the roll you played in the world's history, was very poor in merit; it is better in the Kingdom of Heavens a revolutionary than a religious; for the revolutionaries are prophets who came out of the

Kingdom, and almost always, they return to the Kingdom; you religious of the world are not known in the Kingdom of Heavens by anyone; for having confused a world in their faith toward the Father, your spiritual return is not for the Kingdom; your destiny is once more out of the Kingdom of the true love.-

Yes little son; no so-called terrestrial government shall enter the Kingdom of Heavens; for no one made the laws being based on the Scriptures of Father Jehovah; they made the laws according to gold; they based themselves on wealth; wealth is not known in the

Kingdom of Heavens; for the celestial equality reigns there; the celestial communism with philosophy of children; all men and women of this world promised the Father to take the celestial equality to the remote worlds; but, the demon turned into wealth got to be extended throughout this world; all the governments of the Earth were trialed by the Father; for every spirit is trialed in life; every trial has its end; the world Alpha or materialistic has come to its end; the world that served the god gold; and not the living God; for if they had served the living God, the God of the Scriptures, this world would not have been divided into so many nations; only satan divides himself; I verily say unto you that one sole Nation shall be formed in this world; as it should have been since many centuries ago already; this power shall be developed by all the underdeveloped

countries of the world; I verily say unto you that it is embarrassing to the Father to have to express the term underdeveloped; for the development in what is material should have always been equal for everyone; the laws of life created by the Father, did not take away from anyone according to how they were requested; for you are what you requested to be in the Kingdom; no one requested to divide a planet, not even in the most microscopic; for all of you knew that nothing divided enters the Kingdom of Heavens; for only what is unified comes out of the Kingdom; and it returns unified to the Kingdom; I verily say unto you that every government shall never unify this world; for they perpetuate division based on self-interest; and it is transmitted from father to son; from generation to generation; behold a weeping and gnashing of teeth of many generations;

for no one who got to know and lived in a life system which was strange to the laws of the Kingdom, shall enter in there; it is more likely for one who never pronounced the word wealth to enter the Kingdom of Heavens, than for one who pronounced it.-

Yes little son; the drawing represents the Solar Scales; the fire scales; living scales; every human spirit of infinite planets earths, arrive before these divine scales; they had already been before the solar scales; for every

spirit is born many times; for what is to be learnt from the Father's knowledge, has no limit; it is the eternity turned into successive existences; and the spirit remains with the experience; with the knowledge learnt; it remains with the salt of life, it constitutes the salt of life; every idea shines like the sun shine, for everything is fire; the visible and the invisible; matter and spirit; everything that was done becomes radiant; the ideas magnetize and germinate; when one thinks, one is generating living magnetism; the idea represents the first magnetic lines of a future planet; geometry is first an idea; it is a mind first; mind and ideas are the first covenant for the creation of a world; I verily say unto you that you are microscopic creators; and so is the Father in a colossal degree; what is up above is the same as down below; the creative law is universal; if you create is

because you have the Father's inheritance; and no one is disinherited; behold a Revelation; the force should have never interrupted in the free will of the beings; for it violated the eternal succession of the ideas in their way to perfection; worlds that should have been paradises, turn into darkness-worlds; for the ideas are living; if they are violated, the philosophy that is contained in the idea of the future planet, will create in its expansive development, such psychology in the thinking of the creatures of that world; I verily say unto you that all those who restricted the ideas of others, have to be judged not only by the own spirit, they have the same rights as the spirit has; no one is less before the Father; neither the invisible idea nor the most microscopic instant; behold the weeping and gnashing of teeth of those who violated the ideas by using the force; for even

the own force shall accuse them; there are many kinds of force; the sublime one is the force that serves the others; for it is within the Father's law of charity; the misused force feels disinherited of the right that leads to the Father; and it accuses the author of it; thus those who wore military uniforms shall be accused; for they improve the force in order to kill; they violated the divine mandate that says: Thou shalt not kill; behold those who forgot their own promises to the Father; for no one promised Him to kill anyone; it would have been better for these violators of the law not to have requested the trials of life; for none of them shall enter the Kingdom of Heavens; every violation is judged in the Kingdom; for everything that death conceives has the same right as the spirit has; the right to be equal is a product of the Father's own perfection; a perfection that can

do anything; I verily say unto you that the judgment of all those who were big and powerful in this world, shall be a public judgment; for thus they requested it in the Kingdom of Heavens; it is the weeping and gnashing of teeth; no one shall remain without his judgment; for every life is inseparable of its judgment; for every life includes judgment; why are you still in imperfection; without the judgments no one would be careful of their responsibilities; no one would advance; you would repeat the existences without advancing; error would become eternal; I verily say unto you that every error committed in one sole existence, is paid; idea by idea; instant by instant; for every instant is also living; it is within its laws; just as the spirit is; and all those who took away already obtained benefits, they will have to return them; if it is not in this world, it is in another;

the Father's justice is as expansive as the own universe; it is up above and down below; wherever the spirit requests its judgment, it is conceded there; nothing is impossible to the Father; I verily say unto you that all of you who find yourselves in this world, all requested to be judged on Earth; and all those who departed from her, requested to be judged out of the world of the living; some up above and some down below; for the Father's justice, is worth the same at any point of the universe that the mind can imagine; behold a law of the spiritual free will; if the ideas are respected in the place where you came out of, why were they not respected in your world? Behold a question that shall shudder every demon who did not respect the ideals of others; a question that shall scare away the great beast of this world; the beast that has gotten rich by taking away the

benefits that others strived for; the one that has always conspired against the nations; the one that has exploited them mercilessly; behold the fall of the demon of exploitation; this beast is North America; which was tempted by what was given to it; and not content with what was given to it, it exploited the others; behold the nation, the meanest nation of the world; I verily say unto you that the end of the beast has arrived; poverty is coming to it; everything that it took away, shall be taken away from it; for no one was mandated to have more than another; behold the fall of the greatest deluder; for because of the beast, no nation of this world shall enter the Kingdom of Heavens; if it will be taken away from the rest of the nations, more shall be taken away from the beast; for if the sinners are punished, a thousand times more punished are those who because of them

there were sinners; I verily say unto you that all the life system that this world has given itself, shall be judged on Earth and in Heaven; for it is an immorality before the Father; some have more and others have less; Were you not taught that all are equal in rights before the Father? And if the celestial communism was taught to you, why did you not imitate it in your life system? You hypocrites promised the Father to imitate Him in everything; above your own selves; above your own selves and above every life system; you created a life system opposite to the morality taught by the Father; the divine Commandments tell you: Thou shalt not steal in any imaginable way; and you demons stole by creating the poor; neither rich nor poor are known in the Kingdom of Heavens; for your immoral life system is not known either; only the celestial communism exists with the joy

proper of a child; the selfish self-interest is unknown; I verily say unto you that every second gone by in this immoral life system, distances you more and more from the Kingdom of Heavens; this constant distancing only stops when it returns to a more moral life system; each second lived in a life system of strange morality, is equivalent to live an existence out of the Kingdom of Heavens; for even the seconds claim against immorality, in the Kingdom of Heavens; everything is living before the Father; matter and spirit; and by being living, they claim for justice just as you claim for it; and every claim is also living; the highest hierarchy of claiming is that which claims with honesty and humility; I verily say unto you that this world shall enter the epoch of the Final Judgment; a divine Judgment by living Scripture; a judgment that you yourselves requested when

you requested the terrestrial life trial; a judgment that was being written and published for centuries and centuries; and a few cared for it; for no one in this world has lived according to the Scriptures; this world has lived according to money; Who invented it? It would have been better for him not to have been born in this world!! For he is the culprit for this humanity not to enter the Kingdom of Heavens; for you by accepting the capitalist life system, you got divided in rich and poor; and no divided humanity enters the Kingdom of Heavens; were you not taught that only satan divides and he divides himself? Behold satan turned into a life system; he was in you yourselves; no divided spirit with first-hand knowledge of his own acts, enters the Kingdom of Heavens; nor has any of them entered; all of you requested the Father to fulfill His law above everything;

and you promised Him not to divide your innocence; for you knew that no divided spirit has ever entered the Kingdom of Heavens; but, as you were born in his world, you found yourselves in a life system, in which it is impossible to keep innocence intact; behold the drama of this world; a tragedy provoked by some ambitious beings who created wealth; behold the demon dividing with his false morality; for the morality of every rich, does not enter the Kingdom of Heavens; it is more likely for one who lived with the morality of poor to enter the Kingdom of Heavens, than for one who lived with the morality of rich; the first is closer to the Father's divine mandate that says: Thou shalt earn thy bread on the sweat of thy face; the latter one is more distant; I verily say unto you that each act done in life that is the closest to the divine psychology of the Father, is

the first in entering the Kingdom of Heavens; for the Father awards the most microscopic effort as He also punishes the most microscopic fault; Were you not taught that that God is everywhere? He is also in the microscopic acts; the visible and the invisible; I verily say unto you that this world requested the Scriptures just as each one conceived them in their individualities; each obstacle, each incomprehension was requested by your individuality; for you were trialed by the Father starting from the own Scriptures; behold the trials of life in its greatest expression; to understand the Father above everything, is the supreme; for it is more likely for those who searched for Him and understood Him according to the Scriptures to enter the Kingdom of Heavens; I verily say unto you that it is more likely for one who learned just one letter of the Father's Scriptures to enter

the His Kingdom, than for one who did not learn anything; the first one gave the Father an opportunity to award him; the latter one did not give Him any opportunity; for being the Father everywhere, He is also inside and outside of a microscopic letter; behold a weeping and gnashing of teeth of those who had the Scriptures at hand, and did not give it any importance; and those who knowing about them, never searched for them; I verily say unto you that this generation shall curse the others; for they received the inheritance from them; the children shall curse their parents for teaching them customs of a life system that impedes them from entering the Kingdom of Heavens; and the parents shall curse their parents, accusing them likewise; behold your deceivers; the followers of the serpent that deceived Eve in the Paradise; I verily say unto you that the Father's justice

shall start from the greatest culprits of your tragedy; for thus they requested it in the Kingdom of Heavens; that is why it was written: Every big one shall be despised; and every humble exulted; he who had more, what he should have never had shall be taken away from him; for no one requested the Father to have more than another; nor anyone requested to be a victim of the one who had more; I verily say unto you that individuals and nations who were rich, shall remain in the greatest poverty; with the rod that they measured others, they shall be measured; they were the creators of poverty in this world; they shall live being measured; they shall live in their own flesh what they made others live; and every despised poor shall be satiated; for thus they requested it to the Father in the Kingdom of Heavens; behold what will come over this generation; there is

no time that is not fulfilled in the times of the worlds; for every time is living and it requested the end of times; the end is also living, its philosophy is the return to the past; I verily say unto you that your world never had peace, for the demons of every wealth, never refrained their own thirst; and the Father's judgment, surprised them; these demons were warned through many centuries; but no one paid any attention to the divine warning; because of every ambitious being of this world was it written: It is more likely for a camel to pass through a needle's eye, than for a rich to enter the Kingdom of Heavens; the ambitious beings never wondered for the reason of their own judgment; I verily say unto you that all those who were warned by the Father's Scriptures and did not heed them, shall not enter the Kingdom of Heavens; likewise shall they be treated

with indifference out of the Earth; I verily say unto you that when no ambitious being remains in this world, the Earth shall find its happiness; for the poor would have disappeared; equality shall reign; and equality that only existed in an era before the arrival of the pharaonic demons; it was these damned beings who transmitted the ambition for gold to the people of Israel; the tragedy of this world, started from the eyes; then it passed on to the mental calculation; covetousness and shrewdness completed the ambition; at the beginning gold was seen as an art; greed hurried the possession; the self-interested, the traders, the pawnbrokers, the usurers, the financiers, the bankers emerged since the pharaonic era; all the known range of thieves emerged; those who have never allowed the unity of the beings of this world; behold satan's legion; some remained up above and

others requested to come down below; those who you got to know requested the Father to know a world of the light; a world whose life system they did not know; they requested to be born again on a remote planet called Earth; they requested to be trialed in their own weakness; for every perfection is achieved by being born again; the knowledge of what one has to learn, has no limit nor shall it ever have it; one sole existence is microscopic; it is one of the infinite determinations that the spirit takes for getting to know what he does not know; since what is of the Father has no limits, what He offers his children has no limits either; I verily say unto you that he who did not praise the Father's power on Earth, shall not enter the Kingdom of Heavens; it is more likely for one who praised his Creator to enter the Kingdom of Heavens, than for one who did not

praise Him; I verily say unto you that no indifferent being should expect anything from the Father; for indifference is also living; it requested to be trialed and got united to a determined spirit; indifference should have been that which was indifferent to temptation; not toward the Father; behold why the indifference's complaint; it has the same rights as your spirit has; behold a law that is the same to your 318 virtues; your virtues' equality creates the spiritual communism; which is a microscopic hierarchy that came out of the celestial communism; what is up above is the same as down below; I verily say unto you that the terrestrial communism, has just been stopped for an instant on Earth; by a philosophy that not being of the Father, was trialed; and it has arrived to the end of its trial; it is the end of the world Alpha or materialistic; all the centuries gone

by of this world, represent just an instant of the divine time of the Father; a celestial second is equivalent to a terrestrial century; to your Father Jehovah, this world has been created just an instant ago; what seems to you a heavy burden, it is just an sparkle seen from the Kingdom of Heavens.-

**EVERYTHING THAT WAS SQUANDERED BY
A PEOPLE IN A POPULAR GOVERNMENT
BELONGS TO THE PEOPLE; FOR NO ONE
WAS MANDATED TO HAVE MORE THAN
WHAT A HUMBLE HAD.-**

Yes little son; no spirit was mandated to have more than what Father Jehovah's humble had; for everyone knew that possession does not lead to the Father's Kingdom; when this humanity requested the trials of life, they requested it in order to fulfill the Scriptures' laws; and not the laws of money; for money and possession are not known in the Kingdom of Heavens; I verily say unto you that those who criticized the people who earned a salary, they criticized their own rights; why

did you not criticize those who had more than what was mandated to have? Hypocrites of the world! None of you shall enter the Father's Kingdom; if the humble of this world are first before the Creator, this world has given them the last; and having them given them the last, many hypocrites try to take it away from them; I verily say unto you that your corrupted life system, based on gold is not of Father Jehovah's pleasure; and you shall be uprooted from this world's evolution; and being this strange life system, illegal before the Father, all those who criticized any people, calling them squanderers, are damned; And woe betide those who talk to any damned one! For the same law falls into them by the voice; this law of malediction was requested by he own culprits before leaving the Kingdom of Heavens; these Hypocrites, slaves of money, told the

divine Father: Eternal Father, if we criticize your humble on that remote planet called Earth, may your malediction in justice, fall on us; therefore, this law is an already requested law in the Kingdom; and it must be applied on those who criticized peoples that tried to apply their own philosophes; I verily say unto you that all those who did not let a mandate elected by the people finish, are damned; these demons of violation of others' rights, must add up all the seconds of the total time that was stolen from mandate; each second of the stolen time is equivalent to living an existence out of the Kingdom of Heavens; these Hypocrites make others call them Christians; behold the false prophets of my Scriptures; no false Christian shall enter the Kingdom of Heavens; I know little son that you are thinking about the events that took place in your country; I verily say unto you that all

these assassins of the force, are damned; as all those who knocked down governments, violating the Father's mandates; there is a little time left for these demons who abused a mundane trust that was deposited on them; I verily say unto you that the so-called force of this world, has its days numbered; for the presence of the Revelation in this world will make the creatures' form of thinking of the entire planet change; I verily say unto you, followers of the force, that the weeping and gnashing of teeth shall start with you; your military philosophy is unknown in the Kingdom of Heavens; and not a single one of those who wore the so-called uniforms, shall enter the Kingdom of Heavens.-

Yes little son; this drawing shows that every idea that each creature generates, is collected in space by the flying saucers; just as it is seen in the drawing, the ideas are colorful; for the eyes of the thinking being were influenced by nature's colors; I verily say unto you that everything that the eyes see, remains impregnated in each physical idea that travels to the cosmos; the ideas become life before the Father; for the entire universe requested life to the Father, in their respective laws; matter and spirit requested; were you not taught that your God is infinite? Infinite means that He can turn into reality everything that an imagination can imagine; it means that everything exists; and what it cannot be confirmed in a determined world, there are other worlds; the children of this planet think every day as if they were the only ones who exist; they forget that no one

is unique in anything imagined; they forget that what is of the Father has no end; behold a world that thought of itself as being unique; even though they had the endless universe at sight; behold the weeping and gnashing of teeth of millions of blinds, who seeing that the universe had no end, doubted the Father's infinity; no one requested the Father to doubt Him, on the remote planets; I verily say unto you that none of those who doubted the Father's power, not a single one of them shall enter the Kingdom; they deluded you; none of you shall enter the Kingdom of Heavens; neither you as spirits nor your inheritance, which are the ideas; every idea that came out of the spirit who violated the Father's law, accuses to its Creator that because of him, it cannot enter the Kingdom of Heavens; behold a world that shall weep for all the ideas that it generated; and I verily say unto you that it

is enough for you to have created just one sole evil idea in life, and you shall not enter the Kingdom of Heavens; for the Father's justice is the same for everyone; for the colossal as well as for the microscopic; and the most microscopic that you can imagine are your own ideas; the most insignificant one does not let anyone who thought of himself as being unique, enter the Kingdom of Heavens; I verily say unto you that such rigorousness was requested by your own selves; you requested the Father to fulfill in this world the greatest morality that your mind can imagine; and you requested to be judged with the same morality; you requested it above everything; for all of you saw with no exception, the common morality of the Kingdom of Heavens; you saw that money is not known there; you saw that everything was common to everything; and you promised the Father

to imitate what is of the Kingdom, on the remote planet; if you did not imitate it, it is because of the so-called capitalists; they deluded you with their gold; they made you forget the Scriptures; and even disown the Father; behold the weeping and gnashing of teeth of a world that was deceived; this deceit was announced to you many centuries ago already; it was written: And be careful of the tree of the science of good and evil, it is the comfort that gold gives; it is the own science of capitalism; it is the materialized illusion with violation of the Father's laws; for this science that came out of the laws of gold, was not requested by anybody in the Father's Kingdom; all of you requested Father Jehovah to live like brothers as possible, in a common and universal philosophy; imitating what was seen in the Kingdom of Heavens; along with that request , you requested to be

tried in all your imperfections; promising the Creator of the universe not to let yourselves be overcome by them; trials and intention; your request of life is summarized; and in everything that was requested, you requested forgetfulness of the past; so that the trials of life were more authentic; this Revelation is the complement of the divine parable that says: Thou shalt earn thy bread on the sweat of thy face; for knowing your Father Jehovah every future to be materialized in His creatures, He saw the strange life system called capitalism; He saw the deceit and delusion that would come out to meet you as the centuries passed by; He saw all the injustice and immorality of this life system; He saw how the exploitation of man by man, disguised itself with a mantle of legality; He saw how a world would be subdued by the use of force to this shameful system;

for the so-called armed forces emerged from this strange life system; without which the ambitious would not perpetuate their privileges; behold the demons of the world; behold the damned ones of the world; for nothing shall remain of them; behold the spirits who lived in the pharaonic era; who still keep their evil inclinations; for every spirit is born again; it has had and it shall have many experiences; evil inclinations many times last for many existences; going through many degrees; I verily say unto you that those who created capitalism for this world, are the most backward spirits of the planet; for neither their world that they created nor their followers, shall enter the Kingdom of Heavens; nothing of them shall remain in this world; the same shall occur to them as it happened to them in the past; when they created slavery in the popular

pharaonic era; every spirit requests the Father to return to a same world where it was before; it requests it in order to mend debts, in the same place where the facts took place; facts that took place in existences that have been fulfilled already; behold that the culprits of the tragedy for you not to be able to enter the Kingdom of Heavens, they have done it at every instant in the time of their reign; second by second; for you generate ideas that violate the laws of the Father instant by instant; and for each instant, for each second, for each idea, you are getting farther and farther away from the Kingdom of Heavens; for each instant, second or idea is an existence that must be fulfilled out of the Kingdom of Heavens; behold the justice that you yourselves requested; you were rigorous with your own selves; I verily say unto you that when your spirit is born again, it

does it by requesting to mend errors that took place in the instants, seconds or ideas, which corresponded to the previous existence; from one sole existence lived, there are as so many others to live as instants, seconds or ideas that were violated; behold that from evil, your Father Jehovah takes out light; for by purging the evil that you did in your past, you improve yourselves at the same time; good and evil run parallel to the instants lived; they alternate the position of the free will; this quality lasts while one purges the error of the past; for the kinds of life in their attributes and qualities, have no end; on the contrary, the more ideas a creature generates, more attributes and qualities of life he is generating; his Heaven shall be more varied; for each one makes his own heaven; for from each generated idea, a future world is born with its respective space which

will surround it; and which shall be called sky; I verily say unto you that all those who generated ideas in which he did not consider the Father above everything; he created future worlds that will not know the Father's Glory; for the creative cause did not recognize Him; every inheritance is expansive; it is transmitted in the individuals and in the worlds; every idea being invisible for being tiny, influence in those that will be colossal planets; behold from the microscopic, your Creator takes out the everything above everything of each world and of the own universe; the divine idea of the Father is to unify every one of you; in your respective life requests; that is why He leaves his Scriptures to each world; but, when the worlds do not take Him into account, they create their own tragedy; for the culprits drag along with them all the generations of creatures who follow them

and imitate them in their erroneous laws; it is what happened to your world; that is why it was announced to you a weeping and gnashing of teeth; I verily say unto you that in the eternity of the worlds, the same happens; because of a few, the rest is condemned; in your world such fact took place; because of a few ambitious beings, you fell too; because in a great or minor degree, you got to know temptation; and it is enough to know one thing that should have never been known, and one does not enter the Kingdom of Heavens; it is more likely for one who never heard the word ambition to enter the Kingdom of Heavens, than for one who heard it; for such fact is also living in the Kingdom of Heavens; and being a violation, it harms the spirit; just to listen to what should have never ever been listened to, is sufficient for not entering the Kingdom of Heavens; and I

verily say unto you that it is just enough to think of one single bad word, without speaking it, and one does not enter the Kingdom of Heavens; if one utters it, the debt is greater; behold where the immoral beings of your life system have led you to; the punishment for these demons is condemnation; for the points accumulated against them, escapes every calculation; for there shall not be any human creature that will not have an accusation against them; they, in their excessive ambition, fascinated entire generations of this world with the brightness of gold; a demoniac fascination; for no fascinated one of this world shall enter the Kingdom of Heavens; I verily say unto you that the so-called capitalism, has its days numbered; it shall fall blind in the spiritual laws, until the last instant of its disastrous reign; because of these demons of ambition was it written:

Blinds leading other blinds; for only they attributed themselves to try a life system; Did they not crush other ideals by qualifying them as immoral? These blind beings of things of the future, casted the first stone of hoarding of life system; these blind beings, despite their seeing the injustices of their own life system through the centuries, they never renounced to it; behold a blindness that is in the law of malediction; a law of the spirits of evil; behold the greater weeping and gnashing of teeth; behold the agony of satan in this world; for there is no other one; I verily say unto you that your own life system, was your own yoke; your vale of tears; because of the selfishness of a few; who discovered in gold the way of keeping their immoral appetites; for you got to know a life system that was corrupted from its basis; the creators of capitalism generated it by

spiritual weakness; for these ambitious beings know nothing of the Father's eternal philosophy; the concept that they have of the Father is enclosed in an ephemeral present that influenced in millions of His children; who had a more infinite concept of the Father; behold the mental fall of those who followed the laws of the most backward that this world has known; so backward were they that none of those who got to know them, shall enter the Kingdom of Heavens.-

**ALL THOSE WHO DID NOT RECOGNIZE A
LAW OF PROGRESS OF OTHER GOVERN-
MENTS, SHALL NOT ENTER THE KING-
DOM OF HEAVENS; NO ONE REQUESTED
THE FATHER, TO ATTEMPT AGAINST THE
PROGRESS CREATED BY OTHERS.-**

Yes little son; progress is as living as the own virtues; before the Father, everything imagined acquires life; progress complains against those who annulled it; I verily say unto you that every little evolved spirit who annulled laws for the benefit of the so-called rich, shall not enter the Kingdom of Heavens; for you were warned by the Scriptures that no rich would enter the Kingdom; I verily say unto you that only those who abolished laws in

order to favor the humble, shall enter the Kingdom of Heavens; for by doing it, they only favored what is of the Father; and not men's interests; every humble is first in the Kingdom of Heavens; they have authority in them; and every humble asks for awards to the Father, for the one who favored them on the remote planet; I verily say unto you that according to the biblical sentence that says: It is more likely for a camel to pass through a needle's eye than for a rich to enter the Kingdom of Heavens, no human creature should have treated with them; because for having treated with them, no one of this world shall enter the Kingdom of Heavens; first is what is of God; last is what is of men; I verily say unto you that all those who abolished laws that favored the poor, must add up all the seconds gone by, from the precise instant of the abolition up to the instant of repentance;

this is called in the Kingdom of Heavens, an attempt against the equality conceded by the Father; Were you not taught that all are equal in rights before the Father? Why then did you create a life system whose characteristic is inequality? Behold a question that shall shudder the world of injustice; a question that shall distance you more from the world of the righteous; for there is no human creature that has no accusation to make against the creators of the exploitative capitalism; for each human creature, the creators of capitalism, have to add up for themselves, all the seconds lived in injustice; certainly the followers of gold are condemned once more; they did the same in many existences; for every spirit is born again; I verily say unto you that the so-called capitalism has its days numbered; the biblical events that were prophesied since many centuries ago,

are at the door; what they never imagined in this world is about to take place; Father Jehovah's Revelation is already on Earth; I verily say unto you that it should have been made known to the world a long time ago; but, they hid the truth from the world; the world shall confirm it; the same ones who call themselves the Father's emissaries, hid it; they were trialed by the Father; the world's wrath shall fall on them; for because of them this humanity is still farther from the Kingdom of Heavens.-

Yes little son; Father Jehovah's justice is done by living Doctrine; a Revelation written for the living; the dead meet the same justice; those who were in this world; for what is up above is the same as down below; in the celestial drawing one can see the divine scales of living fire; these scales are in the entire created universe; in the microcosm and in

the macrocosm; in gigantic universes and in microbe universes; for everything imagined is an infinite universe; the term that was taught to you: God is everywhere, means that He is in everything imagined; the solar scales are in everything that you imagine; for no one is disinherited in everything imagined; even those who do not believe, have in the universes of the no belief the scales of the Father's justice; I verily say unto you that he who did not believe, no one in the worlds of the light shall believe in him; every idea that was thought in this life, accompanies the spirit in his return to the point where he was created; for after having trialed a form of life on some remote planet, one has to return in order to be awarded or punished; the latter one was requested by every human spirit; for everything is requested in the Kingdom of Heavens; the own life and its events; no one

comes out of the Kingdom without having requested it; there is a divine control of all the worlds in the Father's living universe; participating in it the flying saucers; which are one of the infinite forms of ships of the universe; for as much as these ships may amaze you, they are not the only ones; for what is of God has no limits in anything imagined; the crew of the silvery ships look for solar out of times, the beginning of the Father; they have never found it, nor shall they ever find it; in this eternal search, they gain eternally in universal experience and perfection; one of their fascinating cosmic experiences is to discover unknown worlds; they are powers who enjoy their own laws; just as you enjoy yours; every power up above as well as down below have their divine Commandments to fulfill; for no one mandates himself in the universe; in any point he is in; to the Father, the planets are

suspending points in space; for being Him in everything and in everyone, He is in any form of reduction; He can reduce the entire universe to the most microscopic form that your mind can imagine; I verily say unto you that the reality of the flying saucers to you, shall bring you weeping and gnashing of teeth; for many skeptical beings mocked at them; and every mockery is paid; no one requested the Father to mock at anyone; the skeptical beings' mockery is a public judgment; the accusers are solar hierarchies; who do not do anything in the occult; for they do not know occultism, in its most minimal expression; to do occult things is an earthly psychology; it is not celestial; the skeptical and mocking shall be ashamed; since nothing is done in the occult in the Kingdom of Heavens, is that the dead shall be resurrected; all those who were murdered shall return to life in order to

accuse their murderers; I verily say unto you that you shall witness indescribable scenes at the cemeteries of the world; and in every place where there was a burial; the demons who killed others shall be filled with dread; just as it happened in the past; Hypocrites of every kind shall be judged; many of them played the rectors of nations in life; just as it happened, little son, in your flock; Hypocrites who trampled the law of God; thus shall they be ashamed in public judgments; those spirits should have never stained their hands with innocent blood; for no one requested the Father neither to kill nor to destroy; I verily say unto you that there have been many murders in the world; no one stood up for defending the Father's morality; everyone defended mundane interests; selfishness of the moment; he who killed or ordered to kill, is damned; and he who talks to a damned

one, the damnation shall fall on him; behold the weeping and gnashing of teeth of all the murderers of the world; behold those who shall die of despise from the world; behold the end of every bloodthirsty one; behold the last ones of this world, who violated the divine Commandment that says: Thou shalt not kill; behold the reign of satan; behold the last gesture of the demon; I verily say unto you that you shall see such facts in your existences; for you requested to see them; this world shall be transformed according to the Father's Scriptures; and not according to men; the Father always triumphs over every darkness; when your world did not take Him into account in the formation of the life system, it turned into a planetary darkness; you perpetuated the violation yourselves; you transmitted it from father to son; from generation to generation; the demon of

capitalism deluded you; instead of making you exalt what is of the Father, he taught you to exalt what is of gold; he taught you to do the opposite, by which one comes to life; this world shall enter to a new era; the solar era; the First-born Solar Son's era; the era that was announced to you in the Scriptures; and he shall return shining like a sun of wisdom; it was written many centuries ago already; I verily say unto you that he who did not get ready for the return of the Son of God, shall not enter the Kingdom of Heavens; the return is living; and it complains before the Father of everything that looked at it with indifference; behold that this world formed in themselves a false and erroneous concept of the Father's true morality; for everything was done with self-interest; with hypocrisy; with ignorance; with evil; with distrust; with deceit; this world cultivated

a strange morality; an unknown morality in the Kingdom of Heavens; a morality that is immoral; for this strange morality does not enter the Kingdom of Heavens; only the morality that was given to you, enters the Kingdom of Heavens; the morality of the Commandments and Scriptures of the Father; he who did not cultivate such morality in his individuality, shall not enter the Kingdom of Heavens; never has the opposite to what was taught in the Kingdom entered the Kingdom; for disobeying the Father is unknown in the Kingdom; disobedience is born on the remote planets; it is not born in the Kingdoms of Glory; this world because of the capitalists and the religious beings, shall not enter the Father's Glory; for in their respective trials that they requested the Father, they violated the Father's law; both divided humanity with their philosophies;

it would have been better for them not to have requested such trials; for there would not be any accusations against them; I verily say unto you that every capitalist and every religious being, shall have a public judgment; for they exalted themselves in the destinies of a world; who knew that a Final Judgment was announced to them; behold the end of those who taught the false modesty; the false humility; for they served two gods; they served two masters; in circumstances that they had to serve one God only; behold the weeping and gnashing of teeth of the modern Pharisees; of the rock of the human selfishness; of the mental hardness; of those who never believed in anything; only in the pride of believing that they were unique; in circumstances that they are the last on the scale of the human evolution.-

ALL THOSE WHO REQUESTED IN THEIR DESTINIES TO RULE OVER NATIONS, ALL THE INJUSTICE THAT THEY PROVOKED, FALLS ON THEM, FOR IGNORING THE FATHER'S SCRIPTURES; THEY SHOULD HAVE NEVER PERMITTED THAT SOME HAVE BEEN RICH AND OTHERS POOR, IN THE FLOCK; FOR IT WAS TAUGHT IN A UNIVERSAL FORM THAT ALL ARE EQUAL IN RIGHTS BEFORE THE FATHER.-

Yes little son; so it is; the greatest guilt of this world falls on the so-called presidents, kings, heads of state; because of them the world lived and still lives an era of exploitation; Why did they not renounce their positions, before violating God's law; Behold a question

that the generations of the future shall ask themselves; Why were they so blind? I verily say unto you that it would be a thousand times better to them to have renounced before violating the Father's divine mandate; none of those who were presidents, kings or head of state, shall enter the Kingdom of Heavens; nor has any of them entered; these demons violated their own promises made to the Father; all those who violate the Father's law, in any degree, is qualified as demon in the Kingdom of Heavens; this law is the same for everyone; for you were told that all are equal in rights before the Father; this equality is for the light as well as for darkness; for the award or for the punishment; according to each other's work; every leader who ruled the destinies of every nation, must add up all the seconds of the time in which he governed with rich and poor; neither rich nor

poor are known in the Kingdom of Heavens; nor a life system based on the power of gold; you are certainly a strange world; for you did things according to you; and not according to the Father; the trials of life consisted in overcoming every strange morality, to the Father's morality; you false prophets perpetuated the strange morality that came out of gold; you fell in the trials of life; a trial requested by your own selves; the fall means that you do enter the Kingdom of Heavens; you did not defend what is of the Father, above everything; behold what the illusion of an ephemeral life did to you; whose goal was to become rich; I verily say unto you that you shall recognize your spiritual tragedy with tears in the eyes; for a new world shall replace yours; all your strange morality, all your plans, projects and purpose shall pass to the dust of oblivion; you are entering the

Final Judgment; a judgment that starts from a Doctrine, and ends revolutionizing nature; a final judgment, requested by you yourselves; you blinds of the true spirituality shall be the protagonists of the weeping and gnashing of teeth, announced in the Father's Scriptures; it was your turn here on this Earth; other infinite human spirits' turn was on other planets earths; for what is of the Father is not reduced to just one sole world; what is of the Father can never be calculated; I verily say unto you, children of the Earth, that every big one of this world shall envy the dead; for everything shall be taken away from them; no one forced them to have more than what was mandated; it was mandated to cultivate equality; and you cultivated inequality; you did the opposite in your way of living; since you did the opposite, the divine justice of the Father is also opposite to what you thought;

every violation to the Father's mandate, finds its fair measurement in justice; whichever the form in which you imagined the violation may be; I verily say unto you that the Father acts in the worlds, as if the worlds had fulfilled His laws; sorrow comes out of your own selves; for you are disobedient; it is just enough to have violated the Father's laws for just one second in life, and one does not enter the Kingdom of Heavens; behold the weeping and gnashing of teeth of all the deluded beings of this world; of all those who dreamed of becoming rich above everything; forgetting that the term: Above everything belongs only to the Father; for every project imagined in any mind, becomes living before the Father; for it came out of the Father; the term: Above everything means that every life should have been molded in such way that it exalted the Father's Commandments, above

everything; but, you leaders and kings of the world, were just like the rest; blinds leading other blinds; ; behold your condemnation; for as many points of darkness fall back on you as it is the total addition of pores, cells and molecules of an entire nation; plus the total number of virtues of each one; each human creature has 318 virtues in his thinking.-

Yes little son; it is just as you sensed it since you were a child; the great condemned ones are the creators of the life system based on gold; this system which is called capitalism is the living immorality; for millions and millions of beings, got to know and lived the immoralities that came out of this strange life system; strange because it is not known in the Kingdom of Heavens; nor does it figure in the Father's Scriptures; I verily say unto you that everything unknown that there was in this world, nothing shall remain of it; for what is unknown of the worlds was not written in the Kingdom of Heavens; behold the meaning of the divine parable said by the Father: Every tree that was not planted by the Father, shall be uprooted; the so-called capitalism is one of those trees; in the Kingdom of Heavens they are used to calling trees the living philosophies of the thinking beings;

philosophical trees; every tree ends up into a galaxy; a galaxy that shall never ever stop getting expanded; such is the expansive universe of Father Jehovah; light and darkness never stop getting expanded; I verily say unto you that all those who thought as capitalists, expanded darkness starting from their own ideas throughout eternity; it is called darkness because in the Kingdom of Heavens no life system based on gold is written; the Father's laws do not contradict themselves; evil and inequality are born from the creatures' free will; they are not born from the Kingdom; behold a light that shall shudder every culprit; for it is the end of them; the Final Judgment explains it to them by intellectual understanding; the explanation comes out of the own living laws of nature; the everything above everything came out of a same law; when Father Jehovah manifests

Himself in some world, the entire nature of such world subordinates to His divine mandate; this means that justice is coming to the world; and no human law can impede it; it is the same that happened in the past; a new doctrine always remains; I verily say unto you that the Doctrine of the lamb of God is the last one that this world shall receive; and it was the first in the past of the Earth; behold an immense light to the human understanding; the last and the first is the Eternal, Who beats the human relativity of matter and spirit; behold the greatest intellectual polemic of the world; you are trialed up to the last instant of the Revelation; therefore, be careful of your tongue, eyes and ears; I verily say unto you that Father Jehovah's Revelation is not subject to the human free will; for the Father has free will, and free will the children; what is up above is the same

as down below; the events that are hovering over this world, are events of the Final Judgment; events that were requested by your own selves; for everything is requested in the Kingdom of Heavens; even the final judgments are requested; in their most minimal details; I verily say unto you that just as you acted in life, thus shall be your judgment; justice comes out of your own selves; you yourselves are the constructors of your joy and sorrow; for you yourselves generated ideas; to generate ideas is the first spiritual responsibility before the Father; for the humblest that comes out of you are the invisible ideas; Were you not taught that every humble is the first in the Kingdom of Heavens? Therefore, Father Jehovah judges you by starting from your way of thinking; every thinking is composed of ideas; I verily say unto you that being the ideas the first before

the Father, your destiny pends on them; from what was thought of having no importance, the most important for the thinking creature is born; from what the ideas say before the Father, depends if the spirit enters the Kingdom of Heavens or not; everything imaginable becomes living before the Father; and among what was imagined are the ideas that you yourselves generated; and there is no imagination that is not subordinated to its own ideas; behold the light for each individuality; since for each form of thinking, there is a form of justice; and all the justice that the mind can imagine, comes out of a sole one; they come out of the Father; being the Father in everything imagined, He is in every justice; and He is at the same time in Himself; I verily say unto you that he who denied the Father, left without inheritance his entire everything above everything; he left without inheritance

his ideas, virtues, pores of flesh, hair, cells, etc.; he left everything that he was in himself without an inheritance; everything that he was in matter and spirit; behold the weeping and gnashing of teeth of every skeptical being; I verily say unto you that every skepticism always turns into tragedy, in all the worlds of the universe; skepticism does not lead to anything; when one does not believe in the light, darkness claims for the spirit; for they see him hesitating; all those who were skeptical, shall not enter the Kingdom of Heavens; for they did not believe in them; the same ideas that underwent the influence of denial, on the spirit part, shall accuse him in the Kingdom of Heavens; amidst tears and sobs, the ideas shall ask for justice to the Father; they are male and female ideas; for the ideas have sex; no one is disinherited; neither the invisible nor the visible; neither

matter nor the spirit; behold the knowledge of this world opens up, another knowledge; the knowledge from which all that is known came out of, including the earthly creature and knowledge; a divine knowledge that shall transform this world into a new world; I verily say unto you that your world with all its advances, shall remain like a primitive world in comparison to the new world; the future generations shall be telepathic creatures; they will not need your communication equipment; telepathy has no limits; every telepathic creature can do it from any point of the universe; the creatures of the future shall be eternal; for they will have surpassed the physical magnetization of the resurrection of the flesh; it shall be a world in which death shall be the great unknown; those beings will wonder, **How would be that that was called death?**

ALPHA AND OMEGA.-

ALL THOSE WHO PROCLAIMED THAT THE DESTINY OF A NATION DEPENDED ON LUCK, SHALL NOT ENTER THE KINGDOM OF HEAVENS; THE SO-CALLED DEATH IS UNKNOWN IN THE FATHER'S KINGDOM; IN THE KINGDOM THEY KNOW LAWS THAT WERE GIVEN AS SCRIPTURES TO THIS WORLD.-

Yes little son; the so-called luck is the great unknown in the Kingdom of Heavens; luck has no illustrated destiny; it is a relative of fate; it is irresponsible; all those who pronounced it in life, shall not enter the Kingdom of Heavens; no one requested the Father to do things in life by fate; no one requested the so-called luck; for no one knew it in the

Kingdom of Heavens; being luck unknown in the Kingdom of Heavens, it belongs to darkness; every idea that came out of some spirit who pronounced the word luck, wanders to luck or randomly in the infinite spaces; the thought influences in the ideas in a magnetic form; according to how one thought in life, is the destiny of the ideas generated by the mind; the totality of ideas that were generated in life, is called the salt of life; for the ideas contain the galactic seeds of future worlds; the ideas are expansive and geometric; just as the Thinking Expansive Universe of Father Jehovah is; I verily say unto you that those who created luck by thought, follow the same destiny out of the Earth; because of them, the ideas influenced by the term luck, whine in darkness; they do not find their own destiny; I verily say unto you that you sin by voluntary ignorance; for the majority of you

was mundane in life; you let yourselves be influenced by the illusion created by the followers of gold; you entertained yourselves in the ephemeral; and you did not search for what is eternal; if you had searched for what is eternal, no mouth would pronounce the word luck; luck is a synonym of doubt in the own faith; luck has never favored anyone; for it constitutes a form of doubt in the trials of life; luck has neither spiritual nor moral responsibility; that is why luck is not known in the Kingdom of Heavens; every form of doubt is unknown; I verily say unto you that every spirit that condemned ideas to luck, has to render account before the Father; behold the beings of strange morality; behold the ignorant of the world; behold those who shall weep for not having gotten illustrated in the Father's Scriptures; to the mentally abandoned; to those who never imagined that

they had to render account of all their acts, some day; behold a surprised world; as surprised as the surprise that a burglar causes; a world that was surprised in the own mental acts that they requested in the Kingdom of Heavens; a world that did not make an effort in their own trials; a world that let itself be carried away by the influence of a strange life system; a world made of an immoral illusion; a world that drew away from the Father's Commandments; a world that will come back to reality amidst a weeping and gnashing of teeth; a world that will be called in the future, the world of shame; a world that let itself be corrupted by gold; a world that did the opposite to what was promised in the Kingdom of Heavens; a world that exalted itself in its ephemeral laws; a world that requested Scriptures in order to make a life system from them; but they did not fulfill them; a world

that requested in its place of origin to please the Father above everything; a world that distorted itself before the Father's eyes; a world that will know the purifying fire of a Solar Parent; a world that requested to be judged in Glory and Majesty; a world that will see prodigies in the living nature; a world that will be judged amidst weeping and wonders; a world that forgot another world, by its own will; the world of eternity; the living universe where it comes out of; and where one returns; a world that will curse their own parents and life system; for because of them, this generation shall not enter the Kingdom of Heavens; a world that with tears in their eyes shall see the Living shining like a sun, showing them with prodigious and physical facts the existence of the universe of eternity; a world that shall go crazy provoking the fall of the so-called capitalism; an unknown

life system in the celestial teachings of the Kingdom of Heavens; a world whose mothers being pregnant, shall curse their fruit of their wombs; for because of their spiritual ignorance, that fruit shall not enter the Kingdom of Heavens; for they were influenced by carnal inheritance, in a state of immorality toward the Father; behold the future frame which is a product of your own work; behold what you did not know who you defended in life; the demons of gold talked to you about patriotism, of citizenship, of nationalism, of traditions, of freedom, etc., etc.; And of the Father? Certainly no taught concept remains in a world that overlooked what is of the Father; for without the Father, no one would exist; to disown the Father is to annul oneself; for in any point of the universe, the ungrateful child shall be denied; what is up above is the same as down below; I verily say unto you

that the Final Judgment awaited by all the generations of this world, is initiated with the appearance of the Scrolls of the Lamb of God before the World; a divine prophesy that all of you requested in the Kingdom of Heavens; and every prophesy, whichever it may be, is requested in the Father's Kingdom; everything imagined is requested before Father Jehovah; you requested the Revelation starting from the humblest form that one can imagine; for you knew that humility is the first of the living virtues in the Kingdom of Heavens; but, when the Revelation appeared in this world in a humble form, you did not recognize it; for this world because of the followers of gold, acquired a false image of humility; an unknown form in the Kingdom of Heavens; the innocence of this world was sullied by the temptation toward gold; that is why this humanity shall

not enter the Kingdom of Heavens; it is more likely for a world that was not ruled by the ambitious beings to enter the Kingdom of Heavens, than for one that was; temptation should have been abolished by the human laws; but, those who created the human laws, are the least evolved spirits that have passed through this planet.-

Yes little son; the law of justice is born from oneself; from the attribute and quality of the ideas that were thought; each spirit's individuality, molds its own justice; all justice is geometrized and tricepted in three living universes; good, evil and free will; good and evil are products of the free will en route to its own improvement; evil was born from the celestial rebellion, which occurred in times that shall never be calculated; evil has infinite causes within the own violation; the spirits request to know what they do not know; the living free will eternally requests to know; for knowledge never stops; when the spirits request to be born again on infinite planets, they do it by running risks; whatever the risk may be, it is as living as the own spirit; the responsibility of evil is exclusively born from the spirit's free will; but, those who cause evil on others, are doubly punished; for much

evil is born by imitation; if a sinner is punished, even more punished is he or those by whose faults, there was a sinner; evil must be known as an experience in the spirit's evolution; if a spirit improves himself eternally, by eternally ignoring evil, he perpetuates the ignorance in an experience called evil; he would know evil only by name; evil is something inevitable when the creature draws away from God's laws; evil awaits for such opportunity; it is lurking; the free will requested by the human creatures, included in resisting evil's lurking; here it deals with requests of trials of each individuality; for every imaginary evil was unknown to every spirit; evil is not the same in the worlds of the universe; for the attributes and qualities are infinite; what comes out of the Father's teachings, has no limits; to explain evil does not have it; evil is as expansive as it is

goodness; every inheritance is multiplied forever and ever; evil turns into goodness, and goodness turns into evil; for every free will is trialed between good and evil; it is up to the spirit to reject evil; for its merit comes out of itself; evil constitutes power while dominating; for every evil is also trialed, as every spirit is trialed; the trial of evil constitutes another cause, within the universal cause; to explain the infinity of the Father is to go back to causes that have no point of departure; the causes have a planetary history; for the living universe that came out of the Father, came out of his living Word; which does not cease nor shall it cease multiplying in material universes; the Father's cause creates other laws simultaneously; for the infinite diversity is in the Father's cause; I verily say unto you that not understanding the Father's cause, in your human life, was

requested by your own selves; for you requested to be trialed, starting from the own Creator's cause; behold the maximum expression in its attribute and quality of the forgetfulness of the spiritual past; being Father Jehovah the eternal light, all of you have a light in your origin; the forgetfulness requested by you is momentary; as a trial is momentary; the human life is not the only one that exists; it has never been the only one; for what is of the Father has neither a beginning nor an end; to request a form of life is to try to understand one of the infinite beginnings of the Father; there is a beginning of the Father in each world of the universe; to know the Father covers the entire eternity; for what is of the Father has no limit; while there are worlds and creatures, there will be a search for the Father; to attain an improvement in any form of life is to be able to

understand one of the Father's infinite facets; one never stops understanding the Father; you human creatures learned from life, according to your desires; to request life to the Father, is to request and want to know what one does not know; I verily say unto you that no one resists the temptation of being born again; he who is not born again, does not know a new life; he does not get to know a divine facet of the Father; the inevitable destiny of every thinking creature, is to know forms of life, forever and ever; behold a divine truth that will make millions and millions of creatures weep; who with their beliefs, lack of faith, lowered the infinite power of the Father; no one who believed that out of the human life there was nothing, none of them shall enter the Kingdom of Heavens; no one requested the Father to lower Him in power; even if they requested

a momentary forgetfulness of the past; behold a weeping and gnashing of teeth of a world that cultivated a strange faith; a world that built their hopes up on the laws of an ephemeral possession; a world created by a strange life system; a world that deceived itself in the laws of gold; a world that came out of the spiritual weakness called ambition; a world that did not exalt the Father above everything; an unknown world in the Kingdom of Heavens; every immorality is unknown in the Kingdom; and there is no greater immorality than not fulfilling the Father's divine mandates; this world should have never been divided in anything; every division is contrary to the equality taught by the Father; I verily say unto you that every division is living before the Father; but, the intention is taken into account by the Father's justice; only the provoked division which

defended the Father's laws, is awarded in the Kingdom of Heavens; for such division defended the equality taught by the Father; he who defended the Father's equality defended the celestial communism; the only philosophy that reigns in the Father's dwellings; equality and communism are the same thing; I verily say unto you that all those who persecuted others, shall not enter the Kingdom of Heavens; and those who persecuted the revolutionaries, they persecuted the Father; for every persecutor knew the life system of reigning exploitation in the world; I verily say unto you that many persecutors shall be cursed by the First-born Son; they requested such justice; behold another weeping and gnashing of teeth; individuals and nations who persecuted the prophets sent by the Father; for every revolutionary who fought against a life system, unknown in the

Kingdom of Heavens, is a prophet who came out of the Kingdom; I verily say unto you that many of them shall be resurrected among the dead; and they shall accuse their persecutors and assassins; all those who are cursed by the Revelation, shall live isolated the rest of their days; the people and their families shall flee from the damned one, as one flees from the pest; nobody shall talk to them; for through the own voice the malediction shall be transmitted; being the Father in everything imagined, He is also in the invisible sounding waves; they complain to their Creator; matter becomes life in the Father's presence; the entire universe is living within their respective laws; no one is less before the Father; matter and spirit were created by Him; He understands them better; for they came out of Him; no one is less before the Father; neither matter nor the spirit; for

everything is saturated by His equality; he who talks to a damned one, the law falls back on him; the invisible sounding waves and the ideas, shall accuse him in the Kingdom of Heavens; behold a law that shall make every demon flee from the presence of the First-born Son; behold the punishment to every violator of the Father's law in this world; I verily say unto you that the First-born Son shall lead the Terrestrial Communism in the New world; for his reign shall be in equality for everyone; I verily say unto you that the Son always pleases the Father; for the Father is in the Son; and being in the Son, they make one sole person; keeping their free wills, and just one being manifested; behold the divine communism of the Trinity Father in the Trinity Son; what is of the Father, is also of the Son; and what is of the Son is also of the Father; behold the celestial communism

turned into flesh; behold the first living philosophy coming out of the flesh; behold the new Doctrine of the New World; just as it happened in the past, the Trinity Father became the Trinity Son; and created for the world the Mosaic Law and the Christian Doctrine; now He creates the Third Doctrine; the Doctrine of the Lamb of God; also called in the Scriptures as the Doctrine of the Great Comforter; the world shall also call it the Celestial Science; or Telepathic Scripture; behold the Revelation promised to the World; the form and the characteristic of a Revelation, is chosen by Father Jehovah; for the Father has free will; just as the children have it on the planets of the universe; what is up above is the same as down below; behold that this world shall enter into an epoch that has never been seen before; the divine Father Jehovah communicates with the earthly

world; behold the beginning of a new world; behold I make things new; it was written; behold that what is new starts with an intellectual judgment in each human mind; the Father's Revelation starts from the intellect; the Judgment starts from oneself; it is interior; I verily say unto you that when the Father wants to expand a Doctrine throughout a world, there is no force that can impede it; for all the laws of the universe were created by a same unique God; and they only obey Him; the Doctrine of the Lamb of God shall crush every doctrine that tries to oppose it; even in the own Final Judgment your intentions are trialed; the world in which you are shall revolutionize, as it has never revolutionized; for what is of God is universal; the world of spirituality shall triumph over materialism; for every spirit was momentarily trialed in its eternity; an instant of

transformation called human life; I verily say unto you that this instant came to its end; for every trial has its end; the Revelation which is the continuation of the Holy Scriptures, shall make a new world emerge; a world that will make the nations disappear; and every imaginable division; none of them came out of the Father; it came out of men; behold that every darkness is of a human cause; the so-called capitalism with all its sequel of injustices, is men's work; it is not the divinity's work; and being it men's work, is that a Final Judgment was announced to you; the Final Judgment was announced before this world committed its errors; for Father Jehovah is Creator of every future; He sees the facts before they materialize in the worlds of the universe; I verily say unto you that the Final Judgment has arrived to this world; but, the world with its strange faith,

did not believe it; these skeptical beings made this world to be even more distant from the Kingdom of Heavens; for the seconds continue adding up, in a destiny which is an entire planetary violation before the Father.-

Yes little son; there have been many violators of the human law in this world; demons who even swear to respect the others' rights; but, when they see the opportunity of obtaining power, not even their own oaths are worthy;

no demon who trample on his own purposes, shall enter the Kingdom of Heavens; it is more likely for those who never swore in life to enter the Kingdom of Heavens, than for those who did it; the so-called oath comes out of a strange life system based on gold; the oath is not known in the Kingdom of Heavens; and everything that is unknown in the Kingdom, does not enter the Kingdom; the oath is a synonym of distrust; if this world had considered the Father's Scriptures, in the creation of their life system, this world would not have the need of an oath; the spiritual trust would have another attribute and quality in the human thinking; I verily say unto you that your oath shall become your persecutor, through many existences; for by not having an entrance to the Kingdom of Heavens, it has no destiny; behold the drama of those who made an oath; behold

their weeping and gnashing of teeth; but, he who made an oath and trampled on it, is a thousand times more punished; for he must add up the despise for their own thoughts; despise as well as oath become living in the divine presence of the Father; and they ask to know who created them; what destiny they have; behold what awaits all those who made an oath for earthly things, and despised the celestial ones; for one cannot serve two masters; one cannot serve two concepts if the divine concept, which is the eternal law, is relegated to a second level; and at the same time say that one is serving one sole God; in order to serve one sole God, the creature must not get divided; only satan divides himself; and no divided thought shall enter the Kingdom of Heavens; it is more likely for those who did not get to know a life system that was unknown to the Father's Scriptures

to enter the Kingdom of Heavens, than for those who got to know it; for their spirit got impregnated by things that are unknown in the Kingdom of Heavens; I verily say unto you that no strange morality contrary to the divine Commandments, is permitted in the Kingdom of Heavens; it is what corresponds to the divine parable that says: Every tree that was not planted by the divine Father, is pulled out from its roots; everything unknown and strange to the Father's morality, is pulled out from the human evolution; up above the seconds of abuse and violation surpass one's own spiritual scale; they surpass the own number of molecules, which the own thinking being's body is composed of; behold a drama to those who caused dramas in this world; just as they made others undergo suffering and cry, thus is their turn now; with the rod that they measured others,

thus shall they also be measured; where one sinned, one pays; your judgment is according to your acts; what you shall receive is according to your casting of the first stone; according to your mental attitude, in all instants in life; according to the attribute and quality of each of your ideas; that everything that a mind generated, turns into life in the divine presence of the Father; everything thought has the right of equality in the Father; therefore, it has the right to the free will; and it expresses as such; matter and spirit are living in the presence of their Creator; behold that the stones shall speak to the most skeptical and hard at heart; for the destiny of every hardened one, is to become a stone again; from the stone it came out and to the stone it returns; it requested the Father an instant in order to be born again and know the human life; behold that infinity are the beginnings

that came out of the beginning; as infinite are the individualities; by not being their individualities the same, the cause of their reason is infinite; for all have the right to have a beginning; behold every beginning is shared between Father and son, and when the son does not fulfill what was taught by the Father, he annuls himself before the Father's eternity; this is when he does not fulfill the mandates expressed by Scriptures, the law that remains in this world is the Father's law; expressed in Doctrine again; marking a new era in this humanity; I verily say unto you that he who believed more and searched more in the trials of life, is the one who is closer to the Father's Glory.-

Yes little son; the Kingdom of Heavens governs everything; there is the eternal succession of heavens; for each one is constituted into a heaven; for nothing is impossible to the Father; the heavens constitute living hierarchies; the Thinking Expansive Universe is organized in an infinite form; a heaven is subordinated to another heaven; and all are subordinated to Father Jehovah; everything is fire in the macrocosm; everything imagined exists; for no one is exclusive in the creation; that is why it was said to you that God is infinite; many pronounce it; and at the same time they doubt of the own infinity that they pronounce; Woe betide those who praised and doubted at the same time of the Father! For they shall not enter the Kingdom of Heavens; all those who thought in a microscopic form of the Father's power, shall not see his Glory; for no one requested

the Father to lower Him in power; behold the weeping and gnashing of teeth of every little evolved, who requested to trial and know the human life; the trial consisted in not lowering the Father, but to exalt Him; behold the fall of millions and millions of skeptical beings; who requested to see the Earth and the universe that surrounds her, and to proclaim the Father's Glory; they requested forgetfulness in their lives so that the mental merit was greater; behold the attribute and quality of the life request; or there is no life in the universe that has no attribute and quality; the forgetfulness of their own place of origin, represents the highest celestial points; provided that the creature has lived in a life system, according to the Father's Scriptures; and not according to the laws of gold; to have known gold as the living standard, distorts everything that the spirit promised

the Father; for he gets to know immorality in many degrees; behold the difference between serving one master and serving two masters; gold is the other master that was added in this life; a false and ephemeral master; for every gold becomes living in the Father's presence; and it is judged by Him who created it; behold the master of gold cannot offer you any eternity; it only played the role of tempter; it increased your points of darkness; it increased the points of greed in you, ambition, usury, malignant shrewdness, deceit and even crime; all of this would not have occurred to you if you had not known the so-called capitalist life system; Does it not have gold as a standard? It certainly does so; now is your turn to harvest its inheritance; for because of this life system, you shall not enter the Kingdom of Heavens; for this life system would embarrass the Kingdom's purities; and

embarrassment is not known in the Kingdom; for no one lives the life trials there; one lives the mental perfection there; the planets of the universe are projected there; the Alpha and the Omega of everything that exists and shall exist is there; the entire beginning of what was, is and shall be is there; I verily say unto you that this world by not entering the Kingdom of Heavens, none of you shall see your place of origin again; for you came out of there in a perfect state of innocence; and one must come back in the same state; to have known gold as a life system, made this glory impossible; for your thinking by serving two masters, divided its own virtues; for they have free will; a free will independent of the spirit's free will; everything that a spirit does and thinks, reverberates in its 318 virtues, which it requested in covenant in order to know the human life; I verily say unto you

that even the most microscopic of what you were, becomes living before the Father; for even your microbes have as an inheritance the equality taught by the Father; behold the living communism in creation; a communism sensed by the most advanced individualities of nature; I verily say unto you that communism was divinely announced to you when your Father Jehovah told you: All are equal before the Father; communism is equality; and equality is communism; he who imitates the Father even if it is in a microscopic form, is closer to the Kingdom of Heavens; for he understood Him better.-

Yes little son; every government worker, shall not enter the Kingdom of Heavens; for they shall be accused before the Father of complicity in a life system which is not in his Scriptures; they knew that there was a divine mandate; they knew about the

existence of the Commandments, but they were blind; they let themselves be deluded without deepening into the own events of their lives; to these spirits it was more important to become a good earthly government worker, than a good son of the Eternal; I verily say unto you that you requested to serve the Father above everything; but, you did not even learned the Scriptures; you are children of sacrifice according to the world, and not according to the Father; I verily say unto you that even though you have attained mundane points for serving others in mundane needs, you do not enter the Kingdom of Heavens; in mundane needs you do not enter the Kingdom of Heavens; for what you did was not done in the Name of the Father; if what you did in life, had been done in the Name of the Father, the Father would receive you in the Kingdom; I verily say unto you

that every government worker that earned a greater salary than what the humble earned, shall not enter the Kingdom of Heavens; for it was mandated that every humble is first before the Father; humility is the own poverty, which came out in a system in which you were accomplices; for you contributed to its reign; none of you renounced before so much hypocrisy and immorality, if one of you had done it, I assure you that such child would enter the Kingdom of Heavens; it was worthless to you to have served the followers of gold; I verily say unto you that every service done to others with self-interest, does not receive a payment in the Kingdom; and every service you made to others, has a discount of two thirds from the total points attained; so it is that if a child attained a trillion points for attending others, the only fact of doing it for a payment, reduces the

trillion points to one third; for one cannot serve two masters; one cannot serve two philosophies; you could not serve self-interest and God at the same time; for the spirit gets divided; and no divided spirit enters the Kingdom of Heavens; only satan divides himself; I verily say unto you that every point that serves two masters, is also divided; and you get more distanced from the Kingdom of Heavens; at each instant that goes by, you get more distanced; for the Father's justice goes second by second in every life; and even in less than a second; the distancing from the Kingdom of Heavens instant by instant only stops when the creature stops serving two masters; when he stops serving an immoral master for another more moral; behold your fall government workers of a strange life system; you promised the Father to serve with no self-interest; you did the opposite to your

promise; the weeping and gnashing of teeth came out of yourselves; you were efficient in what is material but miserable in what is spiritual for serving two masters.-

Yes little son; this celestial drawing shows the distancing from the Kingdom of Heavens; the flying saucers are angels of light that control the universe; the small colored circles are the human ideas that travel to the cosmos; every idea that has travelled from the

beginning of the world, has been collected by these celestial ships; they have the same divine work with the human spirits and with all the species of nature; I verily say unto you that no one has entered the Kingdom of Heavens, for a Universal Government was not formed, based on the Father's Scriptures; thus the earthly humanity promised the Father, above everything; for much perfection that this world has achieved, it shall not enter the Kingdom of Heavens; for the obedience to the Father is above every perfection; he who does not consider the Father, does not consider the glory for himself; I verily say unto you that every father and mother by not preferring the Father above everything, they also left their children out of the Kingdom of Heavens; for every flesh is hereditary of the knowledge of its creators; every molecule of flesh is influenced by the spirit; every flesh

is hereditary of the own development that its parents gave them; as much as the children improve themselves, their parents' influence is always over them, when all the human spirits requested a free will on this planet Earth; they requested the Father to try to create communism in their teachings; those teachings are the Scriptures of Father Jehovah; Scriptures and Commandments; no one requested to get divided and much less to forget the common promise to the Father; behold the divided world in use of their free will; behold the work of the demons of licentiousness; for every freedom created from a life system that did not take the Father into account, is the creatures' licentiousness; who having had a divine mandate, they did not fulfill it; I verily say unto you that none of your paladins who talked to you about freedom, have entered the Kingdom of Heavens;

nor have any of their followers; for the freedom they proclaimed is a freedom with strange morality; which came out of concepts that violated the Father's law; no freedom is attained if in its name, the Father's mandates are trampled; I verily say unto you that every war and every killing that this world had and has, is paid an eye for an eye, a tooth for a tooth, cell by cell, molecule by molecule, hair by hair; first is what is of God above everything; behold the fall of those who told you about freedom; your ancestors' freedom embarrasses the Father; for this world gave itself a freedom in which the humble were not the first; I verily say unto you that all those who formed governments once freedom was conquered, none of them gave first fruits to the most humble of the humble; knowing those illustrated ones that every humble is first in the divine mandates; behold

a weeping and gnashing of teeth; behold a blindfold falls; behold what was truth and what was not; behold the fall of some demons who requested to trial their philosophies of freedom, in a world of the light; behold the false history of the Earth; behold that you have venerated the antichrists; those who killed and made use of the Father's Name; I verily say unto you that it is enough to violate a microscopic part of the Father's mandates, and one becomes an antichrist in the corresponding degree; behold the demons of the force; from a violation to the Father's law, they take out a cause; a cause of death in eternity; for he who kills by sword dies by sword; he who uses the force, falls by the force; in the future existences when the spirit requests to pay the death that he caused to others in past existences; when he decides to pay an eye for an eye and a tooth for a

tooth; I verily say unto you that for each victim, one pays in trillions of existences out of the Kingdom of Heavens; for a creature has trillions of cells; and none of them is less before the Father; the Father listens to everyone; for He created all of them; Were you not taught that God created everything? I verily say unto you that being the cells microscopic, they are great in the Kingdom of Heavens; they acquire colossal sizes; so immense they become that if you saw them, you would be filled with dread; and cell by cell they complain to the Father when they have been murdered before fulfilling their time in life; for everything that exists requested its time in order to fulfill their own laws; I verily say unto you that even the time that was stolen from the cells complains before the Father; behold the living universe of Father Jehovah; behold the future philosophy of the universe

in this world; behold a universe that has always existed; behold the end of your forgetfulness in respect to the place where you come from; behold I am the Light of Knowledge; starting from the place where you were created; for there is no complete knowledge, if one does not know where he came out of; behold the Alpha and the Omega; the beginning and the end; a beginning and end of a life form, who requested the forgetfulness of his place of origin; behold the end of the world of trials; behold the weeping and gnashing of teeth, of a world that being trialed, for it requested it, fell in the chosen trial; behold the tragedy of a world that violated the law; behold the surprise requested in the Kingdom of Heavens; like the surprise that a burglar causes; behold the end of the exploitative materialism; behold the fall of satan; for no one will want to work for the

creators of exploitation; for its followers get more and more distanced from the Kingdom of Heavens; instant by instant; behold the greatest Revolution of this world; it shall be so great that it will change the world; a new world is born; I verily say unto you that he who was of the world, shall not enter the new world; no mundane one enters; I verily say unto you that no knowledge of the exploitative materialism shall remain; it is more likely for an ignorant of the world that is leaving to remain, than for one who learned knowledge by violating the Father's law; I verily say unto you that you shall see the resurrection of every flesh; but, to attain the supreme award, one should not have violated the Creator's law; I verily say unto you that no deceiver of this world, shall be resurrected in flesh; he shall fulfill the law of death; only the meek at heart are awarded; behold

another weeping and gnashing of teeth; all those who did not believe in the resurrection of their own physical body, shall not be resurrected; for he simply did not believe; I verily say unto you that it is enough to not to believe, and one does not receive; he who believes receives; behold the faith of the Kingdom of Heavens, you were mandated to cultivate faith; when the First-born Son told you: Faith moves mountains, he meant: Faith can do it all; if the genius men did not have faith in their inventions, there would not be any inventions; what is up above is the same as down below; he who denies down below, expect nothing from up above; and the resurrection of the flesh is sent to you from up above; and it has always been down below; for I shall be with you up to the consummation of the centuries; behold the law of being born again; or law of reincarnation; for my

First-born Son is born and dies, is born and dies again; just as you do; and not for that he stops being eternal; you have always had him in the world and he has never manifested himself; for every time requested in life must be fulfilled; and the Trinity Son fulfills the one that was divinely given to him; and it is manifested when the divine Father orders it by living telepathy; just as it was in the past; when he incarnated in Moses and Christ; behold the Trinity in a divine mission; and as it was taught to you: One knows a tree by its fruit; only the Trinity gives the light of what was never known; what you already know is not necessary to repeat; but, what you did in life, is judged; for thus you requested it in the Kingdom of Heavens; you requested a Final Judgment and forgetfulness of how the Judgment would be; for you requested how to be trialed in all what you

are; and you were trialed and now you are judged; behold the end of Alpha; and the end of the beginning; the first stage of life of this world; a primitive period; for what is to come is the true science; without despising your science; it is just that it did not take the Father into account in its investigations; it annulled itself; for without the Father no one is eternalized; it is more likely for one who was humble and despised to attain eternity in this world, than for all the scientists and wise men that this world has had; I verily say unto you that when the Father's final judgments become present in the worlds, they make every pride and every darkness that reigned fall in the requested time; I verily say unto you that only the Father and his living Doctrines transform the worlds; just as it happened in the past; behold the Revelation that you requested; you requested the Scrolls

of the Lamb of God; but, those who were to see them first, denied them; just as they denied a Revelation that was presented to the world, in the name of the Father, thus shall they also be denied; I verily say unto you that because of these skeptical beings, you are more distanced from the Kingdom of Heavens; for your repentance should have occurred several years ago already; they are trillions of seconds that correspond to trillions of existences, which you must fulfill out of the Kingdom of Heavens; behold the weeping and gnashing of teeth of those who requested to be the first in receiving the Revelation; it would have been better for them not to have requested being the first; I verily say unto you that the world shall curse you; they will blame them for delaying in giving the Father's news; the most painful of the delays that occurred in this world; I verily

say unto you that all with no exception promised the Father that everything that was related to Him, would be the first in the world; Was it the first? Certainly not; if the Father had been the first in this world, certainly the history of this world would have been another; if your Father had been the first, this world would not have known exploitation, in any imagined form; neither immorality nor any scandal would be known; certainly that by your acts, one knows that the Father was not the first in this world; for no human work gets to enter the Kingdom of Heavens; I verily say unto you that only by being born again, you would be able to enter the Kingdom of Heavens; by requesting a new existence there is a new opportunity; that is why it was written: He who is not born again, does not see the Kingdom of God; for one enters the Kingdom of Heavens only

in a state of innocence; I verily say unto you that the creators who gave you the capitalist life system, will have to respond for the violation of the innocence of millions of children; for when they got to know money, they got to know vice; if they had not known money, they would not have known vice; I verily say unto you that it is more likely for one who did not hear talking about capitalism to enter the Kingdom of Heavens, than for one who heard it; for the ears complain about having heard a living violation, which they did not promise to hear in the Kingdom of Heavens; the world that you were to live in, shall be shaken up to the last fibers; for the most recondite of the spirit shall be judged; for being God everywhere, He is in the most recondite that the mind can imagine; I verily say unto you that even the nothingness that the mind imagined, is judged in the Kingdom

of Heavens; for nothingness has the same rights as materiality has in its laws; no one is less in rights before the Father; equality is in everyone in their respective laws; I verily say unto you that by being born again, each one of you changes knowledge; for a new existence brings along new knowledge; but, in each existence and in each world, there are Holy Scriptures that must be fulfilled; not all of them are equal; for there is everything in the Father's vineyard; the Father's Scriptures are given to the world according to their evolution; every Scripture goes parallel to the creatures of the world's understanding; or the worlds; so it is that the present Revelation would not be useful to another epoch of the world; for the spirits' concepts are in other dimensions; in another attribute and quality; I verily say unto you that every Scripture of the Father was a divine

agreement between the Creator and his creatures; it was a common agreement in which each individuality would interpret it in their way by trying to imitate the celestial communism that they saw in the Kingdom of Heavens; I verily say unto you that everything that is imitated from the Kingdom of Heavens, on the remote planets even in the most microscopic, are points attained; for it is a degree of faith of supreme attribute and quality; no one requested the Father to do the opposite to what they saw in the Kingdom of Heavens; everything that is done in the Kingdom, marvels every spirit; and the spirits of the universe know that the most microscopic imitation, reports to them celestial points of light; behold why all promised to fulfill what is of God, above everything; for everything existent ends up before the Father; for if the Father created everything,

He also created the infinite points of departure that all the minds can imagine in their attributes and qualities.-

ALPHA AND OMEGA.-

**ALL THE DEMONS WHO INTERVENED
IN THE PURCHASE OF ARMS, MUST PAY
FOR THEM; THE PEOPLES DO NOT PAY
ANYTHING; FOR NO ONE REQUESTED
FATHER JEHOVAH TO KILL ANYONE; THE
ARMS PURCHASERS WHO DEFENDED THE
STRANGE LIFE SYSTEM, BASED ON GOLD,
ARE DAMNED; MANY SHALL DIE LYNCHED
BY THE SAME ONES WHO TRIED THEM TO
KILL ONE ANOTHER.-**

Yes little son; those who purchased the damned arms, are one of the greatest anti-christs; for they trampled on the divine Commandment that says: Thou shalt not kill; they are the ones who for centuries and centuries fought against any form of equality; which

came out of the equality taught by Father Jehovah; such demons shall fall when the Doctrine of the Lamb of God gets extended throughout the world; those who intervened and those who created the laws in order to purchase or produce arms, are damned; this means that all the anti-Christ's of this category, shall end their days living in the most abandoned places of the planet; the entire world shall flee from them; for no one would want to be condemned by vision or mouth; no one will want to see them nor talk to them; for no spirit that is accused in the Kingdom of Heavens, by his vision or mouth, shall see the Father's Kingdom; vision and mouth are living before Father Jehovah; and they speak and complain to the Creator in their respective laws; just as the spirit talks and complains in its respective laws of spirit; for no one is less before the Father; neither

matter nor the spirit; the entire universe is equal in rights before the Father; these rights are equal in each free will; the free will of the virtue, and the free will in the molecule; a free will in everything microscopic that your mind can imagine; until one gets to your physical ideas; every idea that you generated in life is physical; the ideas that each one emanated in life, constantly travel to the cosmos; as the mind generates them; instant by instant; all the ideas are also living; they are waiting for you out of the Earth; for they know that the spirit that generated them, is fulfilling a microscopic life trial; which to them it is just an instant; I verily say unto you that every idea has a galactic track record just like the spirit; for every idea is born again; it requests the Father to live new experiences; these experiences are the planetary lives; for what is of the Father is not reduced to just

one life; for He is infinite; there is no limit in the Father; it has never existed; nor shall it ever exist; those who said in life that there was just one life, shall not enter the Kingdom of Heavens; nor shall they have any more lives of the light; they shall have weeping and gnashing of teeth; those who look down at their Creator, always end up like that; thus shall happen to those who purchased arms or built them; for they fought against the own creation of Father Jehovah; the Father gives life and these demons take it away; and they do it for mean planetary interests; they do it in order to keep their privileges; for these poorly evolved demons do not conceive another life system; for they do not renounce their privileges; behold the biggest criminals of this world; behold the greatest hypocrites who speak about peace, and hide weaponry; behold one of the beasts of this

world; behold those who mocked at an entire world; behold satan imposing a life system by the use of force; behold the demon perpetuating inequality by the use of force; behold the weeping and gnashing of teeth of these damned ones; every demon who bought war ships have as many points of darkness as molecules had the warship; the same law must be applied on those who intervened in the creation of such ships; this divine law of justice is applied to every death artifice; the big and the small ones; and everything being calculated in molecules; there will be no arm that shall not cause a weeping and gnashing of teeth; for there will be no molecule that shall not be judged; nor any thought; every demon who fought against the divine equality taught by the Father's Scriptures, have to add up all the pores of flesh, of each citizen of their respective nation; for every pore of flesh

complains before the Father; they accuse all those who change their destiny; the pores of flesh of the planet Earth, accuse all those who defended the strange life system, based on gold; they accuse all those who forgot the divine Commandments of the Father; for every living custom reverberates in matter and spirit; it reverberates in the everything above everything; it reverberates in the living covenant between the spirit, molecules and the virtues; behold there shall not be anyone who will not weep in this world; for all of you violated the law with some strange custom; for everything that comes out of a strange form of living, is also strange in the Kingdom of Heavens; every strange morality is born from a strange custom; every strange psychology falls knocked down by the eternal psychology; expressed in the Scriptures and Commandments of Father Jehovah; what

is of the Father judges everything; for the Father created everything; I verily say unto you that everything shall be restored in this strange world of gold; every strange tree to the Father's tree shall be uprooted; every strange custom shall not remain; nothing immoral shall remain; for all the strange life system, shall be pulled out from its roots; for what men did in their free wills, for an instant, is changed by the Father, who permitted them such experience; all were trialed by the Father; matter and spirit were; and every trial has its beginning and end; the Doctrine of the Lamb of God marks the beginning of the end of the materialistic world; a strange world that only represents a microscopic part of the total life that remains for this planet; I verily say unto you that your science and progress are so little that you shall pass to the dust of oblivion; the science of the new

world shall be a science that shall get to the own suns; it is the addition of Father Jehovah; which has no known limit; the science of the new world shall be a galactic science; one shall be born in order to tra new world shall be a galactic science; one shall be born in order to travel to remote worlds; knowledge in the establishments of the world, shall be different from what is now; illiteracy shall not be known; no one shall know money; there will not be complex of possession; for equality shall reign; the same equality which the revolutionaries of the world trials dreamed of; injustice shall not be known in any form; all the beings of the new world shall have a new psychology, coming out of their eternal flesh; for they will have passed through the resurrection of it; it shall be a world of genius-children; a world that was announced in the divine parable: Let the children come

to me for theirs is the Kingdom of Heavens;
from a hell, Father Jehovah takes out a para-
dise, for being Him infinite, He is almighty.-

Yes little son; the demons who purchase
arms, disguise themselves with false patri-
otisms; what they do is to perpetuate their
privileges; they do not have any other sup-
port but the force; these demons shall be ter-
rified very soon; for no one shall follow them;

no one will want to be condemned more than what they are; each second that goes by in an existence, is added to the total points; because of those who purchased arms, millions and millions of beings are infinitely distanced from the Kingdom of Heavens; for while they saw arms, the points of darkness were accumulating; the seconds were being added; one after another; behold the weeping and gnashing of teeth of all those who felt attracted to the arms; none of them shall enter the Kingdom of Heavens; the armament is a strange product, which came out of a strange form of living; for such form of life was not requested by anyone in the Kingdom of Heavens; for no one requested the Father to attempt against another; nor did anyone request to exploit others; that's why it is said, a strange life system; for such life system was not written in any book of life

of the Kingdom of Heavens; and nothing that is not written, enters the Kingdom; behold one of the divine causes why your strange life system shall not remain; every tree that the divine Father Jehovah did not plant shall be uprooted; and your life system shall be so; I verily say unto you that such strange form of living, is immoral before the Father; and every immorality that came out of the worlds, is burnt by augmentation, until the degree in which one will be able to see the First-born Son's shining face; behold the lake of burning fire; behold magnetic waves that embrace and burn; behold a divine Solar Parent Alpha action; for a solar fire comes out of him; fire that comes out of the suns Alpha and Omega; a fire that has been sprouting and maturing, as a seed sprouts and matures; as a fruit ripens; what is up above is the same as down below; he is maturing among you,

he came to the world and the world did not want to know him; for the world was skeptical; the world had cultivated a strange form of faith; for the world was given a strange life system; which disowned the living humility; for humility showed up in the same form as theirs; behold the fall of the world, which was surprised as a burglar surprises; behold the fall of the deluded ones in a strange living psychology; fruit of the laws of gold; fruit of the ephemeral interest; fruit that is not recognized in the Kingdom of Heavens; behold the weeping and gnashing of teeth of all those who thought of gold; knowing that every corruption comes out of gold; knowing that this world is corrupted because of gold; every indifference whatever it is, is paid in the Final Judgment; all those who lived the life system based on gold, have got one third of a total of it; so it is that if a creature lived one

hundred years, he has to divide the number 88 by three; for the innocence which is up to the age of twelve has no judgment; the Father has nothing against innocence; for thus it was requested by you; thus it is written in the Kingdom of Heavens; behold the divine number 318; a number of the divine justice; for 318 are the virtues of every living thinking; each one thinking, is living before the Father; it talks to the Father; along with the spirit and the own life; for even the microscopic pores become living before the Father; His divine magnetism makes every element vibrate and makes it recognize its own Creator, behold an unknown science to you; a divine law which you yourselves came out of; for the entire universe came out of a same God; a science that shall be demonstrated in this world; a science that shall embarrass every scientist; for they shall undergo

the greatest complex of inferiority; for none of them can resurrect a dead body; nor can they order over the elements of nature; nor levitate, nor read the mind, nor cure sickness instantaneously; behold the weeping and gnashing of teeth of a scientist who did not believe in it; for no skeptical being shall enter the Kingdom of Heavens; nor has any of them entered; nor shall any of them be resurrected into a twelve-year-old child; it is more likely for an ignorant illiterate who believed in his own individuality that the Father was almighty to enter the Kingdom of Heavens, than for an illustrated scientist who did not believe; this world's science shall not remain; for it is a strange science, which came out of a strange life system; unknown in the Kingdom of Heavens.-

ALPHA AND OMEGA.-

THE RESPECT FOR WHAT OTHER GOVERNMENTS DO, WHICH EMERGED FROM THE STRANGE LIFE SYSTEM, WHICH CAME OUT OF THE LAWS OF GOLD, IS A STRANGE RESPECT; FOR ONE WAS INDIFFERENT TO SUFFERING AND INJUSTICE UNDERGONE BY THE OTHERS; THIS STRANGE RESPECT IS DIVIDED BY THE INDIFFERENCE; THE AWARD BY POINTS OF RESPECT, IS NOT RECEIVED COMPLETELY; ONE RECEIVES JUST A HALF; THIS IS EQUIVALENT TO THE DIVINE PARABLE THAT SAYS: ONLY SATAN DIVIDES AND HE DIVIDES HIMSELF; THE ENTIRE HUMAN THINKING DIVIDED ITS AWARD, IN THE TRIALS OF LIFE; IT IS MORE LIKELY FOR ONE WHO DID NOT IMITATE SATAN IN HIS OWN THINKING TO ENTER THE KINGDOM OF HEAVENS, THAN FOR ONE WHO IMITATED HIM.-

Yes little son; respect taught through the world that came out of gold, is a false respect; for such respect that carried inside itself the indifference to others' long-suffering, is not known in the Kingdom of Heavens; nothing unfair is known in the Kingdom; such strange respect came out of an unknown and strange life system, whose God was gold; for gold was more preferred than what was taught by the living God; no nation that instilled in its peoples such strange respect, none of the shall enter the Kingdom of Heavens; the leaders of a government and of all the governments, are mostly guilty of this ingratitude toward the others; the greater points of darkness fall on them; for they were the first in casting the first stone, of a strange morality that included ingratitude towards others; behold that casting the first stone means to be the first in committing an error;

one starts from the base that every leader has the highest morality that the mind can imagine, in order to take the initiative of governing; if the members of the so-called governments, emerged from the strange life system, which came out of gold, did not have such morality, it would have been better for them not to have requested the Father the trials of life; for the points of life escapes every human calculation; they must calculate such points as the number of pores of flesh is of an entire nation; behold the weeping and gnashing of teeth; of every so-called leader or president, king, dictator, queen, emperors; the peoples who represent millions of minds, saw the errors of a few; and since the strange life system which came out of gold, had the strange licentiousness of using the force, is that millions of beings were not able to make their protests be heard; this mental

disagreement is also paid by the great governments; I verily say unto you that every big and powerful shall envy every little and humble; the immorality that came out of the powerful, of a strange life system, not written in the Kingdom of Heavens, always end up in tragedy to the culprits; its cause lies in that those who led the so-called nations, did not do it by using the divine psychology of the Father's divine Gospel; but, they did it by being influenced by a strange psychology, which emerged from the power of gold; this strange psychology was also imitated by the nations; and also the creators of such strange governments pay for it, up to the last molecule of a tragedy provoked on others; behold every government is in the law of damnation; for the number of accusers surpass their own number of molecules of flesh, of their own bodies; the hypocrisy that

characterized such strange governments was inherited by those who were governed by them; and for this cause is that no people of this world shall enter the Kingdom of Heavens again; for no spirit requested the Father to divide his own award; I verily say unto you that everyone requested the everything above everything, in everything imaginable; no one requested the strange life system that came out of gold; such strange system which did not include the equality taught by the Father in its very short reign, emerged from a group of demons who requested the Father to trial the laws of the light; these spirits who came from darkness, did not know how to overcome their own weaknesses; they did not know how to overcome the strange complex of possession; the complex-ridden to gold created the strange life system, called capitalism; described in the divine Gospel of the

Father, as the beast; on the head of the beast are the leaders and their collaborators; the peoples are a quarter of a totality in the beast; which means that from the age of twelve up to the last instant in which one lived in the strange life system, which came out of gold, only one quarter of it corresponds to those who were forced to live, in such strange life system; this is what the angle of the First-born Son means; this angle represents the division of the human thinking, between good and evil; the division of the everything above everything, of one's own thinking; it is the Omega circle divided by four; it is each one's fruit before the fulfillment of the divine Gospel taught by the Father, through his First-born Son; I verily say unto you that if you had not known the strange world that came out of gold, your fruit would be complete; it would not be divided; you would

not have a judgment before the Father; and all of you would be of the World Omega or New World; only the children have the Glory of the New World guaranteed; for the innocence knows nothing of the strange influence that gold exerts over the mind; this is why it was written: Let the children come to me, for theirs is the Kingdom of Heavens; the heavens are initiated on the own Earth; for what is up above is the same as down below.-

Yes little son; this drawing represents the composition of the Earth's elements; the molecules form an entirety in their respective species; every entirety is represented at the same time in colossal galaxies, out of the Earth; what is up above is the same as down below; the molecules of the elements are all united by a solar cord; the magnetism that unites each molecule emerges from the own solar cord, in order to constitute an entirety; the molecules have a track record that humanity is far from understanding; for this record is within the own origin, which the creature requested not to remember in his trials of life; for he did not know what it was; the sensation of not knowing one's own origin on the remote planet Earth; the molecules at the same time are governed by the cherubs of the molecules; the cherub is the most microscopic element that exists in

nature; the cherub is indestructible; it allows to be transformed, but it does not perish; the cherub works in dimensions that the human eye cannot see; the elements and the sensations of the spirit, are constituted by cherubs; it is the simplest and elemental particle of the material worlds; the cherub only obeys mental orders; every solar parent of the living universe, has authority over every cherub; the First-born Solar Son Christ worked over nature with mental orders over the molecules of the elements; the molecules have got a magnetism, which is like a wait to be called; belonging the molecules to a same living God, they express themselves to the living Son; the divine mandate shall be witnessed by the world very soon, who requested and waits a divine Final Judgment; the Glory and Majesty of the Son of God, is expressed over nature; humanity has never seen a Solar

Parent acting over the elements since the times of Moses and Christ; such event shall be witnessed by dead and alive; for the cherub is also in the dead; I verily say unto you that everything imaginable that was, is and shall be, is constituted by cherubs; the invisible world and the visible world, are cherubs; the form of the cherub is the circle Omega; and the constitution of the cherubs is infinite; just like the human individualities; in which no one is the same as another; the cherub shall be the Alpha and Omega of the New World; for those that did not get to know the cherub, had to create everything by themselves; and nevertheless, the cherub was with them; it was silently; what is inert is also composed of cherubs; the material world is composed of such number of cherubs as the number of molecules of the planet is; it is a number that escapes the human mind; the

cherubs form an entire infinite hierarchy; just as the colossal suns of the cosmos form; what is up above is the same as down below; I verily say unto you that even your sensations and customs are also cherubs; being the cherub the most microscopic that the mind can imagine, is that every spirit depends on them; for it was taught that every little one and humble is great in power in the Kingdom of Heavens; it is enough that one sole cherub complains about the spirit and that spirit does not enter the Kingdom of Heavens; behold why no human spirit has entered the Kingdom of Heavens again; behold the weeping and gnashing of teeth; for everything imaginable that was created by a same God, absolutely everything, is composed of a same essence; by a same common law; the Alpha and the Omega of the Thinking Expansive Universe, is the same communism made into

an infinite variety; the unifying law of creation dates back to eternities before the present universe; for there was life before life was known; which means that no one is unique in its own individuality; only the Father is unique; for He is before every life that there was, there is and there shall be; no one shall ever be unique never; for others preceded them; the cherub shall initiate in this world a new world; a world that is not of trial as yours is; the world Omega shall be a world infinitely different from the present world; this world starts in the year 2001; it is initiated with the resurrection of every flesh; the New World is initiated with eternal flesh; a flesh that shall not get rotten as yours does; you requested putrefaction because you did not know it; everything imaginable is requested to the Father; putrefaction is composed by the cherubs of putrefaction;

cherubs of darkness; whose philosophy us to fight against health; I verily say unto you that the psychology of the divine Gospel of the Father was given to you in order to overcome the cherubs of evil; those who let themselves be influenced by strange religious psychologies, divided the faith that should come out of the Father's unique psychology; for this to become a reality, one should have searched in one's own individuality, in the trials of life; for he who searched for himself, divided no one; those who searched in the so-called religions, divided themselves and divided others; for others imitated them; behold every religious being divided his fruit by the number of religions that there were in the world; all the so-called religions that emerged in the strange life system, which came out of the laws of gold, are accused before the world of dividing the world and confusing them in

many beliefs, being there just one God only; because of the religious it was written: Only satan divides and he divides himself; the inheritance that they transmitted to the world, continued dividing the ideas generated by the world; from generation to generation; from father to son; behold the weeping and gnashing of teeth of religious and Christians who imitated them in the trials of life; he who did not imitate them, did not divide his fruit; he did not contribute to divide anyone; the universal concept of one sole God only, was distorted; the mental confusion provoked to the world of faith, in the trials of life, is paid by the so-called religious; for they created the strange faith called religion; and because it was taught that every human creature would be judged according to his deeds; every divided deed receives a divided award; a complete deed receives a complete

award; I verily say unto you that if satan divides, your own division comes out of yourselves; it is more likely for those who in their own thinking, during the trials of life, did not let themselves be surprised by division, which caused mental confusion in others, to enter the Kingdom of Heavens, than for those who let themselves be surprised; for no one who imitated satan in the remote worlds, no one shall enter the Kingdom of Heavens; nor has any ever entered; I verily say unto you that the so-called faith called religion, is unknown in the Kingdom of Heavens; as every psychology that divides the Father's children on the remote worlds is unknown; no spirit that came out of the Kingdom requested the Father to imitate satan; for everyone knew that if satan did not enter the Kingdom of Heavens again, his imitators and followers would not enter the Kingdom

either; if nothing divided comes out of the Kingdom, nothing divided enters again; this is to return without having violated the Father's law, not even in one molecule; every request of life done to the Father must be fulfilled in its integrity; no promise must not be stopped from being fulfilled; behold nothing unfair enters the Kingdom of Heavens; nor is there anything unfair in the Kingdom of Heavens; the so-called religious by dividing the world in many beliefs, provoked the greatest tragedy to the spirits of the trials of life; for they did not let any of them enter the Kingdom of Heavens; behold the greatest tragedy of this world; a tragedy announced in the Father's divine Gospel as the weeping and gnashing of teeth; there is no major tragedy in every creature, than knowing that he will not enter his Creator's Kingdom; the so-called Christian world, shall be filled with

anger and sorrow; and an immense hatred shall fall on the religious rock; on the cause of their tragedy; the strange religious faith shall be pulled off from the human evolution; for such strange faith is not a tree planted by the Father; and it shall be pulled out from its roots; what is of the Father divides no one; for all are equal in rights before God; equality did not want to be admitted by those who created the strange life system, which came out of the laws of gold; all the contrary, they even got to crime, so that it would not sprout in this world; just as they persecuted those who tried to impose the divine equality taught by the Father, thus they shall also be persecuted; the persecutors; in this world, in other existences, in other worlds; with the rod that they measured in the strange world of gold, with the same one they shall be measured; an eye for an eye, a tooth for a tooth,

tear for tear, sorrow for sorrow, molecule for molecule.-

**HE WHO LEGALIZED THE FORCE FIRST,
IS INFINITELY MORE CONDEMNED THAN
THOSE WHO REPLICATED THE FORCE; SO
IT IS THAT THE SO-CALLED ARMED FORCES
OF THE WORLD, ALL OF THEM ARE IN THE
LAW OF DAMNATION; FOR THEY WERE THE
FIRST IN LEGALIZING VIOLENCE; THEY
WERE THE FIRST IN ATTEMPTING AGAINST
THE PORES OF FLESH OF THE ENTIRE
HUMANITY; AND THEY WERE THE FIRST
IN TRAMPLING ON THE DIVINE COMMAND-
MENT THAT SAYS: THOU SHALT NOT KILL.-**

Yes little son; the first one who casted the first stone, did the first harm to others; the term casting the first stone has beginnings of infinite acts; to cast the first stone is to

take first and before others, a mental attitude; every mental attitude becomes living in the presence of the Father; for every mind was created by the Father; to cast the first stone of a mental act, brings along to be judged first, too; to cast the first stone is an immense responsibility, before the divine justice; for one is responsible before infinite imitators; when a creature imitates another, multitudes of molecules and virtues are shuddered; because what a spirit does and executes, reverberates in its everything above everything; it reverberates in its flesh and spirit; not only the I is affected; but, up to the last physical and mental fiber is affected; behold in every act done in life, instant by instant, reverberates in a microscopic infinity; a dimension of which every spirit feels and does not see; those who followed the force in this world, are condemned; for never

ever will they be able to count the number of their accusers; it is the total addition of all the pores of all the bodies of flesh; the cells, the molecules and the most invisible fibers; even the hair complains before the Father, of undergoing fear before a strange force; a force that was not requested in its covenant with the spirit; neither the molecules, nor the cells, nor the fibers requested the force; they did not request anything that would destroy their own selves; for they knew that only the demon destroys what the Father has created; the destructive force that came out of creatures, who are conscious of the Father's Scriptures, is a damned thing in the Kingdom of Heavens; the force with the knowledge of the Father's love, is a damnation for its creators and the followers; for one cannot serve two people; for one of them is false; there is only one sole Creator of the Universe; the

force is also trialed by the Father; as every spirit is trialed; I verily say unto you that all those who belonged to the so-called armed forces of this world, are damned; weeping and gnashing of teeth shall fall on them; the world that they intimidated, shall flee from them as one flees from a pest; these beings shall live isolated from the world, the rest of their lives; woe betide those who look at or talk to a damned one!! The law of malediction falls through the sight and the voice; every sight and every voice are living before the Father; and they accuse every spirit of not having been considerate with them; before the punishment to those who legalized the violence in this world; to those who sustained a strange life system by the use of force; unknown in the Father's Kingdom; no one requested it before coming to this life trial; no one requested for himself to cut

his own free will; this world is about to end, as a world of trials; and the so-called armed forces shall be remembered by the future generations of the new world, as the satan that the world of trials had to bear with; the world of trials represents a microscopic part of the totality of life, which remains for the Earth; this epoch of the strange life system, whose god was gold, shall pass to the dust of oblivion; as other forms of life that this world have passed; everything that came out of the world of trials, remembrance and dust is: I verily say unto you that the strange life system shall fall by the change of customs in the own generation; and by changing the immoral customs by other more moral, the world that came out of gold falls; no one will want to be condemned by following strange customs; no one will want to live one more second in darkness; for one second

is equivalent to one existence; one second of light is one existence of life; one second lived in immorality is a future life of darkness; it is a future existence that must be fulfilled out of the Kingdom of Heavens; for all the seconds of time requested to serve one sole master; they requested to serve one sole God only; they requested to serve one sole morality; no one requested to be divided even in the most microscopic; those who created the force and legalized it, led all the rest to the universal tragedy; for the destructive life should have not been known in this world, not even by name; it is enough to have known it just by name, and nobody who got to know it by name, shall enter the Kingdom of Heavens; for it would affect the divine promise that all of you made to the Father; and whose end you sealed with the word: Above everything; which also means above everything

by name; I verily say unto you that the own name with which you designate your form of life, does not allow you to enter the Kingdom of Heavens, even the most invisible of your illegal life system, impedes you to enter the Kingdom of God; for such desire came out of you; the term illegal corresponds to what is not written in the Father's Scriptures; it corresponds to what is not a mandate that came out of the own place of origin.-

Yes little son; the solar fire burns every demon, in proportion to the degree in which he did evil; the weeping and gnashing of teeth of this world is a form of this law; evil is magnetic, with imbalance in the molecules of the light; the solar fire harmonizes this molecular imbalance; and the feelings burst; the weeping and gnashing of teeth is a law of conscience; a living request made by the own humanity; every weeping and gnashing of teeth is inseparable of the Father's judgment; the form in how a judgment in a determined world will be, is determined by Father Jehovah; for the Father has divine free will, as you have it; this world's final judgment is one of the many that take place at each instant in the universe; for the Father's creation is not reduced to just one world; for the Father is infinite; what comes out of the Father cannot be measured; one has to

be born again in order to understand it; and one is born again eternally; he who does not reincarnate again, stops alone in a knowledge; and what is of the Father is not reduced to just one knowledge; Were you not taught that He was infinite? I verily say unto you that he who doubted of being born again, doubted the reincarnation; for in order to be born again, one needs a new body of flesh; new covenants; new determinations and new virtues; and I verily say unto you that he who doubted the reincarnation, doubted of being born again; the knowledge that came out of the Father, did not request to be absolute in its form of expression; for only the Father is unique; his Scriptures also requested to express themselves, in other psychologies of goodness; no one should have been exclusive in the truth in this world; no virtue of your spirit, requested to be exclusive; all of them

requested to be subjected to humility; to the true humility; to a humility that came out of a form of life system, from the Father's Scriptures; the virtues of your daily thinking did not request to be subjected to the strange humility of the strange life system based on gold; for no form of self-interest is known in the Kingdom of Heavens; behold none of those who were humble in this strange world, none of them has been able to enter the Kingdom of Heavens; I verily say unto you that he is near Heaven; but he does not enter; behold a weeping and gnashing of teeth of all those who praise the strange humility of this world; they were blind; for they were taught that one cannot serve two masters; one cannot say that he is serving the Father's Scriptures, and say at the same time that he is serving a life system based on gold; do the own Father's Scriptures not say to you

that no so called rich can enter the Kingdom of Heavens? And if it was warned to you, why do you aspire to be rich? Certainly he who served two opposite concepts, shall not enter the Kingdom of Heavens; he who served the Father's morality and at the same time served gold's immorality, divided his work; and he annulled himself; for no divided spirit shall enter the Kingdom of Heavens; nor has any of them been able to enter; for he wrote over himself, laws of the light and laws of darkness; the trials of the human life consisted in not knowing the laws of darkness; but, to be constantly tempted to them; he only knew the laws of the light; because he was given the divine Scriptures of Father Jehovah; for he requested them to the Father; making use of his free will; behold all those who request to know a certain form of life, he requests trials; he requests to know what is still not

known; and by knowing what one does not know yet, is that every spirit requests to pay debts of the past; not everything is paid in life; one pays in life what the spirit requests to pay; for he has free will; but, sooner or later, the spirit pays everything; if it is not in one existence, it is in the other; if it is not in one world, it is in another.-

ALPHA AND OMEGA.-

ALL THOSE WHO EXECUTED OTHERS, AND DID NOT UNDERSTAND THE IDEALS OF THE EXECUTED ONE, SHALL NOT ENTER THE KINGDOM OF HEAVENS; THEY SHALL BE DAMNED BEFORE THIS WORLD, BY THE FIRST-BORN SON; THE DEMONIAIC PSYCHOLOGY OF EXECUTION, IS THE IMMORAL RESOURCE OF THE LITTLE EVOLVED; THEY VIOLATE THE DIVINE COMMANDMENT THAT SAYS: THOU SHALT NOT KILL ABOVE EVERYTHING; THOSE WHO ORDERED EXECUTION, MUST PAY BEFORE GOD, ALL THE PORES OF FLESH THAT THE BODY OF FLESH OF THE EXECUTED ONE HAD; FOR EACH PORE CORRESPONDS TO THEM ONE POINT OF DARKNESS.-

Yes little son; no one in this world who violated the divine Commandment that says:

Thou shalt not kill, has entered the Kingdom of Heavens; since the beginning of this world; those who kill others request the Father to be killed too, in other existences; they request to pay the own violation, an eye for an eye, a tooth for a tooth; molecule by molecule; cell by cell; hair by hair; for the most microscopic that the murdered body had, was created by the own Father who created life; everything inert as matter is, becomes living before the divine presence of Father Jehovah; you were taught that God was infinite; that infinity means that everything that He created, He can transform it with His own science; behold the term infinite shall move this world; the First-born Son, in the presence of every human eye, shall make prodigies that no human creature has been able to do; nor shall any of them will; Father Jehovah's Solar Son shall revolutionize the physical

laws of this world; the terrestrial science shall be astonished; millions and millions of eyes shall cry; millions and millions of minds, being amazed, shall understand the meaning of the divine parable that for centuries and centuries, has been being written: And he shall come to the world in Glory and Majesty; the Glory coming out of the divine Father Jehovah, is manifested through His First-born Son; the Majesty is the form of doing what nobody in this world shall never be able to do; this generation shall remain astonished of seeing so much power in a Man; this world's demons shall be afraid; demons are those who only lived for gold; demons are those who lived indifferent to the sorrow of others; demons are the rifles, killing what was created by the Father; demons are those who divide others, disregarding the consequences; demons are the religious

beings who sowed spiritual confusion in this world; demons are the capitalists who divided the world in rich and poor; demons are the depraved beings of the strange living, which came out of the strange life system, based on gold; demons are the hypocritical, who after executing others mercilessly, go to the temples of the so-called religions in order to beat their breasts and ask for divine protection; demons are the corrupted beings who came out of the capitalist world; those who wearing illusory fashions, are corrupted from the inside; the immoral fashions shall disappear from this world; and corruption shall condemn you in this Final Judgment; demons are those who are indifferent to the Father's Scriptures; for none of them shall enter the Kingdom of Heavens; demons are those who bless the damned arms with which one violates the divine Commandment; demons are

those who scandalize with the flesh; demons are those who trade with the world's faith; demons are those who wager money; demons are the military men who improve their killing skills; demons are the indifferent who did not fight against the demon of every injustice; starting from the strange life system, based on gold; demons are those who degenerated freedom; demons are those who processed others' rights; demons are those who got married many times; for none of them shall enter the Kingdom of Heavens; demons are those who defended the meanness of this world; demons are those who preferred to live in illegal opulence, forgetting the equality taught by the Father; demons are the exploiters; demons are those who mocked at others; for no one requested the Father to mock at others; demons are those who wore the strange uniform of force; for none of them

shall enter the Kingdom of Heavens; demons are the traders of all categories; for none of them shall see the Father's Glory; demons are those who reject Revelations, without having investigated first; demons are those who mocked at children who proclaimed the Father, in the streets of the worlds; no mocker shall enter the Kingdom of Heavens; it is more likely for one who was mocked at to enter the Kingdom of Heavens, than for a mocker; demons are those who tempted others; for no one who tempted shall enter the Kingdom of Heavens; demons are those who did not respect the elections of the people; thus they shall not be respected either; demons are those who having ordered to kill, dared to teach morality to a nation; for none of these hypocrites shall be resurrected to a twelve-year-old child; demons are the so-called beauty queens; for no one requested

to scandalize with beauty; every beauty is living before the Father; and every beauty that was scandalized, complains crying before the Father and in the presence of the spirit that scandalized it; demons are those who exalted the nakedness of the so called beauties; demons are those who exploited the needs of others; demons are those who isolated their peoples; for they are damned; demons are those who falsified the truth to the people; demons are those who armed the peoples and became rich at the expense of others' lives; demons are those who manufacture arms disregarding the Father's divine Commandment that says: Thou shalt not kill; for theirs is the damnation; demons are those who restrict the beings' free will; for theirs is the damnation; demons are those who crushed the peoples' philosophies by the use of force; demons are those who trampled on

the free elections of the Father's children; for damnation is theirs; demons are the government workers, who served the demons of the force; for they inherit damnation; demons are those who abused the temporary power; being those who created the strange life system, based on gold, the greatest demons; for they are damned; and their weeping and gnashing of teeth shall not have equal.-

Yes little son; those who were executed in this world, will soon be in this world; and not only them; also all those whose death the world did not see shall be resurrected; as well as all the disappeared; I verily say unto you that all those who were executioners and torturers, shall be terrorized; these damned ones will flee from the world; they shall live in the most abandoned places of the planet; they shall flee from the divine presence of the First-born Son; they shall flee from His eyes; which shall be like two suns, discharging magnetic lines of power of final judgment; all his Face shall be of fire; behold the weeping and gnashing of teeth of all the demons who once more murdered children of the light; they requested once more to be judged by a Solar Parent; for everything is requested in the Kingdom of Heavens; the fire that comes out of the First-born Son's

eyes, acts in those who finalized molecules of flesh, in any child of this world; including the harm done to those who you called animals; behold the weeping and gnashing of teeth of all the demons who requested a form of life like the human; these demons did the same in other existences; they killed and tortured; almost the majority of them belong to the so-called capitalism; because there is an intimate relationship between killing and ambition; gold incites the spirit to kill; I verily say unto you that all those who made laws and made use of these demons, are damned; they are the ones who legalized torture and death; because they are little evolved; they do not get involved with the laws of eternity; they did not take the Father's Scriptures into account; they only thought in only one present; the reality of eternity is their tragedy; they requested to be trialed in the laws

of eternity; and they fell due to the influence that a strange life system exerted over them, whose god was gold; the trials of life resided on this; the life system being strange and unknown in the Kingdom of Heavens, was requested as an experience that is not known; this is equivalent to request to know an unknown form of darkness; for requesting life before the Father, is to request to know what is not known; Father Jehovah is perfect in everything imaginable; and no life is more than enough in the universe; he who underestimated his own life which he requested, despised the right to have other lives; and he despised his right to enter the Kingdom of Heavens; I verily say unto you that every doubt, whichever it may have been, shall impede you see the Father; no human spirit has seen Him again; for no one kept his innocence intact, in the strange life

system, which came out of gold; from the beginning of the world; nor shall anyone see Him, until all those who have to pay, pay up to the most microscopic violation; this world created by men's free will, shall disappear; and the change will be made by the same ones who lived the strange system of capitalist life; behold every immoral custom, shall be transformed by a custom that exalts the morality taught by Father Jehovah; the human spirit should have never known every immoral custom; for one microscopic immoral custom is enough, and the spirit does not enter the Kingdom of Heavens; everything absolutely everything that came out of the strange capitalist life system, is immoral before the Father; and all those who got to know this strange life system, do not enter the Kingdom of Heavens; behold the weeping and gnashing of teeth of an entire

world; a world that is not written in the Solar Books of Life of the Kingdom of Heavens; a world that adored the beast of gold, the demon turned into a strange life system; behold a life system that condemns all those who lived it; for it would have been better for you to have lived isolated from this strange and immoral life system.-
