- 15 THE SCROLLS OF THE LAMB OF GOD REPRESENT THE MATERIALIZATION OF THE LIVING VISION OF JOHN; FOR IN THE LIVING UNIVERSE OF THE DIVINE FATHER JEHOVAH, EVERY DREAM AND EVERY VISION, TURN INTO REALITY AS TIME GOES BY; IF IT DOES NOT TAKE PLACE IN A DETERMINED EXISTENCE, IT HAPPENS IN ANOTHER; FOR EVERY SPIRIT IS BORN AGAIN; ALL THE SENSATION WHICH THE SPIRIT FEELS, ABSOLUTELY ALL, BECOME MATERIALIZED IN MICROSCOPIC PLANETS, COSMOS, UNIVERSES; THE EVERYTHING ABOVE EVERYTHING GETS EXPANDED FROM WHAT IS INVISIBLE TO THE VISIBLE; FOR NO ONE IS BORN GIGANTIC; ONE HAS TO START BY BEING VERY LITTLE AND HUMBLE, IN ORDER TO BECOME GREAT IN THE KINGDOM OF HEAVENS.-
- 21 DIVINE LAMB OF GOD; A NEW PHILOSOPHY COMES TO THE WORLD; FULFILLMENT OF WHAT WAS ANNOUNCED IN THE DIVINE APOCALYPSE; A NEW UNIVERSAL GOVERNMENT IS BORN WHOSE CORNERSTONE IS THE DIVINE EQUALITY TAUGHT BY FATHER JEHOVAH.-
- 28 THE DIVINE REVELATION OF GOD DOES NOT COME OUT OF ANY HUMAN KNOWLEDGE; THE SAME LAW WHICH WAS FULFILLED WITH THE MOSAIC LAW AND WITH THE DIVINE GOSPEL OF FATHER JEHOVAH IS FULFILLED; THE ETERNAL DOES NOT COPY WHAT IS OF HIS CHILDREN; THE REVELATION OF GOD, IS A KNOWLEDGE THAT EVERYTHING THAT EXISTS EXPLAINS IT; IT IS MORE LIKELY FOR ONE WHO DID NOT

BELIEVE THAT WHAT IS OF GOD CAME OUT OF MEN TO ENTER THE KINGDOM OF HEAVENS, THAN FOR ONE WHO GETTING INSPIRED IN THE WORK OF MEN, BELITTLED GOD.-

- 41 THE SO-CALLED CATHOLIC CHURCH HID THE EXISTENCE OF THE ROLLS OF THE LAMB OF GOD FROM THE WORLD; MANY YEARS HAVE GONE BY SINCE THE MOMENT THEY WERE PRESENTED THE ROLLS; THE RELIGIOUS ROCK WITH HER STRANGE SKEPTICISM AND STRANGE FAITH, DELAYED THE DIVINE REVELATION TO THE WORLD; THE SO-CALLED RELIGIOUS MUST PAY SECOND BY SECOND OF THE TOTAL TIME OF HIDING THE TRUTH ...
- 55 THE REVELATION OF FATHER JEHOVAH IS DIFFERENT FROM EVERY HUMAN PSYCHOLOGY; WHAT IS OF THE FATHER HAS GOT NO LIMITS; THAT IS WHY NO HUMAN PSYCHOLOGY WILL BE ABLE TO JUDGE THE WORLD, FOR NO ONE CREATED THE WORLD; THE REVELATION SHALL BE EXTENDED THROUGHOUT THE WORLD ...
- 88 THE REVELATION THAT WAS PROMISED TO THE WORLD SHALL BE EXTENDED THROUGHOUT THE WORLD, WITHOUT FORMING EITHER RELIGION OR CHURCH; FOR FAITH HAS GOT FREE WILL; NO ONE REQUESTED THE FATHER TO BE EXCLUSIVE IN THE FAITH; IT IS MORE LIKELY FOR ONE WHO CULTIVATED THE STUDY OF THE FATHER'S SCRIPTURES, IN AN INDIVIDUAL WAY TO ENTER THE KINGDOM OF HEAVENS, THAN FOR ONE WHO CULTIVATED THEM BY MEANS OF RELIGION; NEVERTHELESS, HE/SHE DID NOT HAVE ANY PROHIBITION IN CHOOSING.-
- 101 THOSE WHO BECAUSE OF THEIR STRANGE OR LITTLE FAITH

DELAYED THE TRUTH TO THE WORLD, SHALL NOT ENTER THE KINGDOM OF HEAVENS; IT IS ENOUGH TO HEAR THE WORD GOD, FOR THE CREATURE TO BECOME THE GREATEST INVESTIGATOR, ABOVE ALL THE INTERESTS OF THE WORLD.-

115 MANY OF THOSE WHO REQUESTED TO BE THE FIRST IN SEEING THE REVELATION, CONFUSED WHAT CAME OUT OF GOD WITH WHAT MEN CREATED; THESE BLINDS AND LITTLE PROFOUND OF THE TRUE SPIRITUALITY, DID NOT MAKE THE EFFORT OF STUDYING THE CONSEQUENCES OF A REVELATION WHICH HAS NO END; ONLY WHEN THEY SEE THAT IT INVADES EVERYTHING, THEN THEY SHALL BELIEVE; BUT, FOR NOT HAVING BELIEVED AT THE FIRST INSTANT, THEY SHALL NOT ENTER THE KINGDOM OF HEAVENS AGAIN...

125 ALL THOSE WHO HEARD OR SAW PEOPLE TALKING ABOUT THE ROLLS OF THE LAMB OF GOD, AND DID NOT TELL ANYBODY, CAUSED A TRAGEDY IN OTHERS; FOR EVERY THINKING SPIRIT PROMISED THE FATHER TO COMMUNICATE THE FATHER'S NEWS, ABOVE EVERYTHING ELSE; THIS INCLUDES THE NO ENTRANCE TO THE KINGDOM OF HEAVENS; SO IT IS THAT THE SO-CALLED CATHOLIC CHURCH LEFT THE CHRISTIAN WORLD WITH NO ENTRANCE; FOR THEY DID NOT COMMUNICATE ANYTHING TO THIS WORLD OF FAITH; THE RELIGIOUS ROCK HID THE TRUTH TO THE WORLD; IT HAS BEEN MANY YEARS SINCE THE ROCK KNEW ABOUT THE TELEPATHIC SCRIPTURE OF FATHER JEHOVAH...

155 ALL THOSE WHO CONSIDERED THE REVELATION OF FATHER JEHOVAH AS A SIMPLE IDEALISM, SHALL NOT ENTER THE

KINGDOM OF HEAVENS; THE INFINITE UNIVERSES EXIST BECAUSE OF THE IDEALISM WHICH CAME OUT OF FATHER JEHOVAH; EVERYTHING THAT EXISTS CAME OUT OF A MICROSCOPIC IDEA; THE DIVINE IDEA WHICH CAME OUT OF THE FATHER CONTINUES GETTING EXPANDED; AND ALL THE OTHER IDEAS WITH NO EXCEPTION, CAME OUT OF THE IDEA WHICH CAME OUT OF THE FATHER; THE FIRST MENTAL-DIVINE IDEA SAID BY FATHER JEHOVAH WAS: LET THERE BE LIGHT AND THERE WAS LIGHT...

- 169 ALL THOSE WHO REQUESTED THAT THE REVELATION BE SHOWN TO THEM FIRST, AND DID NOT BELIEVE, SHALL NOT ENTER THE KINGDOM OF HEAVENS; THE FIRST WHO DID NOT BELIEVE SHALL REMAIN IN THE GREATEST MISERY; THEY THEMSELVES REQUESTED SUCH PUNISHMENT TO THEIR OWN SKEPTICISM...
- 178 IF A RELIGIOUS BEING DOES NOT ENTER THE KINGDOM OF HEAVENS FOR DIVIDING THE WORLD IN MANY BELIEFS, OTHERS WHO FOR SERVING THE SCRIPTURES OF THE FATHER, ALSO DIVIDED, THESE DO ENTER THE FATHER'S KINGDOM; THERE ARE INFINITE KINDS OF DIVISION: BETWEEN RELIGIOUS CONCEPTS AND THE DIVINE SCRIPTURES OF FATHER JEHOVAH, THE FATHER'S SCRIPTURES ARE FIRST; THE RELIGIOUS CONCEPTS REQUESTED THE FATHER TO BE TRIALED AND JUDGED, ACCORDING TO THE SPIRIT'S WORK,-
- 193 ALL THOSE WHO CULTIVATED THE RELIGIOUS FAITH IN THE TRIALS OF LIFE, MUST ADD UP ALL THE SECONDS OF SUCH BELIEF; AND MUST DIVIDE THEIR AWARD BY THE TOTAL

NUMBER OF RELIGIONS, WHICH THE HUMAN FREE WILL CREATED; IT WAS WRITTEN: ONLY SATAN DIVIDES AND HE DIVIDES HIMSELF; ON THING IS THE DIVINE PSYCHOLOGY OF THE DIVINE GOSPEL OF FATHER JEHOVAH; AND ANOTHER THING IS THE STRANGE PSYCHOLOGY, WHICH CAME OUT OF THE STRANGE RELIGIONS...

221 ALL THOSE WHO DID NOT DEEPEN CAUSES WHICH THEY THEMSELVES PROPAGATED, SHALL NOT ENTER THE KINGDOM OF HEAVENS; THEY HELPED THE DEMON IN HIS REIGN OF UNCERTAINTY AND MENTAL CONFUSION; THE SO-CALLED BROADCASTERS OF THE STRANGE LIFE SYSTEM OF GOLD, ARE CONDEMNED...

235 ALL THOSE WHO REQUESTED TO BE FIRST IN SEEING THE REVELATION OF FATHER JEHOVAH, FELL IN THEIR TRIAL; FOR THEY DID NOT KNOW HOW TO DISTINGUISH BETWEEN WHAT IS OF FATHER AND WHAT IS OF MEN ...

247 ONE THING IS THE BELIEF THAT ONE CULTIVATED IN LIFE, AND ANOTHER IS THE FORM OF THE FINAL JUDGMENT, REQUESTED IN THE KINGDOM OF HEAVENS; THE FIRST ONE COMES OUT OF THE HUMAN SPIRIT'S FREE WILL, THE SECOND ONE COMES OUT OF THE DIVINE FREE WILL OF FATHER JEHOVAH...

261 ALL THOSE WHO STOLE SHALL NOT ENTER THE KINGDOM OF HEAVENS; EVERY THIEF MUST ADD UP ALL THE SECOND OF THE TIME OF HIDING THE THEFT; UNTIL THE STOLEN OBJECT BECOMES DUST; THOSE WHO STOLE IN A LIFE SYSTEM WHICH DID NOT HAVE THE MORALITY OF THE FATHER, HAVE TO PUT ON THEMSELVES ONE THIRD OF THE TOTAL POINTS OF

- DARKNESS; THE OTHER TWO THIRDS LEFT ARE FOR THOSE WHO CREATED SUCH LIFE SYSTEM.-
- 271 THE THIEVES OF THE WORLD WERE CREATED BY THE IMMORAL AND UNFAIR LIFE SYSTEM BASED ON GOLD; A FEW HAD A LOT AND MANY HAD A LITTLE OR NOTHING; EACH MORAL PAIN PROVOKED IN THE SPIRIT OF THE THIEF, FALLS ON THE SUSTAINERS OF THE IMMORAL LIFE SYSTEM BASED ON GOLD...
- 284 EVERY LAWYER OF THE STRANGE LIFE SYSTEM BASED ON GOLD, WHO DID NOT CONSIDER JUSTICE IN A UNIVERSAL WAY, SHALL NOT ENTER THE KINGDOM OF HEAVENS; THE TERRESTRIAL JUSTICE SHOULD HAVE BEEN THE SAME IN ANY POINT OF THE PLANET.-
- 299 EVERY REVOLUTIONARY IS A PROPHET IN THE CORRESPONDING HIERARCHY; THE REVOLUTIONARY REQUESTED FATHER JEHOVAH TO STRUGGLE AGAINST THE INJUSTICE OF THE WORLD; EVERY INJUSTICE OF THIS WORLD IS BORN FROM THE STRANGE LIFE SYSTEM BASED ON GOLD; AND ALL THOSE WHO STRUGGLE AGAINST SOMETHING, WHICH DID NOT COME OUT OF THE FATHER, ARE GREAT IN THE KINGDOM OF HEAVENS.-
- 312 IT IS MORE LIKELY FOR THOSE WHO PERSONALLY PARTICIPATED IN THE REVOLUTIONS WHICH EMERGED FROM THE STRANGE LIFE SYSTEM, WHICH CAME OUT OF THE LAWS OF GOLD TO ENTER THE KINGDOM OF HEAVENS, THAN FOR THOSE WHO WERE CONTEMPLATIVE AND DID NOTHING BEFORE THE STRUGGLE OF OTHERS...

**DIVINE TITLE TO THE EDITORS OF THE PLANET:**

**87.-** THE SO-CALLED EDITORS WHO EMERGED DURING THE TRIALS OF LIFE, SHOULD NOT HAVE CHANGED NEITHER EXPRESSION NOR A SINGLE LETTER OF THE DIVINE REVELATION SENT BY THE DIVINE FATHER JEHOVAH TO THE WORLD OF TRIALS; THE LIVING EXPRESSION AND THE LETTERS COMPLAIN TO GOD IN THEIR RESPECTIVE LAWS; JUST AS A SPIRIT WOULD COMPLAIN IN ITS LAWS OF SPIRIT; THOSE WHO FALSIFIED AND TOOK OFF FROM THE CONTENT THAT WAS SENT BY GOD, THEY SHALL ALSO BE FALSIFIED AND TAKEN OFF IN THIS LIFE AND IN OTHER LIVES; WHEN IN THE FUTURE THEY REQUEST GOD AGAIN TO BE BORN AGAIN, IN ORDER TO KNOW A NEW LIFE.-

**ALPHA AND OMEGA.-**

## **It was written in the divine Apocalypse**

REVELATION 1:7 Behold he comes with the clouds, and every eye shall see him, and those who trespassed him; and all the lineages of the earth shall lament for him. Yes, amen.

1:8 I am the Alpha and the Omega, beginning and end, says the Lord, the one who is and was and shall come, the Almighty.

## **A vision of the Son of Man**

REVELATION 1:9 I John, your brother, and your partner in the tribulation, in the kingdom and in the patience of Jesus Christ, was in the island called Patmos, by cause of the word of God and the testimony of Jesus Christ.

1:10 I was in the spirit in the day of the Lord, and heard a great voice like a trumpet behind me.

1:11 which said: I am the alpha and the Omega, the first and the last. Write in a book what you see, and send them to the seven churches which are in Asia; to Ephesus, Smyrna, Pergamum, Thyatira, Sardis, Philadelphia and Laodicea.

## **REVELATION 5 The roll and lamb**

5:1 And I saw a book written inside and outside, sealed with seven seals in the right hand of the one who was

sitting in the throne.

5:2 And I saw a strong angel who proclaimed at great voice: Who is worthy of opening the book and untie its seals?

5:3 And no one, neither in heaven nor on earth nor under the earth could open the book, not even see it.

5:4 And I cried so much, for no one worthy of opening the book had been found, or of reading it, nor even seeing it.

5:5 And one of the elders told me; Do not cry, Behold the Lion of the tribe of Judah, the root of David, has overcome to open the book and untie its seven seals.

5:6 And I looked, and I saw that in the middle of the throne and the four living beings, and in the middle of the elders, there was a Lamb standing as if being slain, who had seven horns, and seven eyes, which are the seven spirits of God sent all over the earth.

5:7 And it came and took the book from the right hand of the one who was sitting in the throne.

5:8 And when it had taken the book, the four living beings and the twenty elders prostrated before the Lamb; all of them had harps, and cups of gold filled with incense, which are the prayers of the saints;

5:9 and they sang a new song, saying: You are worthy of taking the book and opening its seals; for you were slain, and with your blood you have redeemed us to God, of all

lineage and language and people and nation;

5:10 and you have made of us kings and priests for our God, and we shall reign over the earth.

5:11 And I looked, and heard the voices of many angels around the throne, and the living beings, and the elders; and their number was millions of millions,

5:12 who said loudly: The Lamb who was slain is worthy of taking power, wealth, wisdom, strength, honor, glory and praise.

5:13 and to everything that was created in heaven, on the earth and under the earth, and in the sea, and to all the things that exist in them, I heard them say: To the one who is sitting in the throne and the Lamb be the praise, honor, glory and the power, forever and ever.

5:14 The four living beings said: Amen; and the twenty four elders prostrated on their faces and worshipped the one who lives forever and ever.

## **The Eternal Gospel**

REVELATION 14:6 I looked at another angel fly in the middle of heaven, who had the eternal Gospel to be preached to the inhabitants of the earth, to every nation, tribe, language and people,

14:7 saying loudly: Fear God, and give Him glory, for the time of His judgment has come; and adore He who made

heaven and earth, the sea and the fountains of water.

**CHRIST SAID: I AM THE ALPHA AND THE OMEGA.**

REVELATION 21:5 And he who was sitting in the throne said: Behold I am making all things new. And he said to me: Write, for these words are faithful and true.

21:6 And he said to me: It is done. I am the Alpha and the Omega, the beginning and the end. I will give to the one who thirsts from the spring of the water of life without cost.

REVELATION 22:12 Behold I am coming soon, and My reward is with Me, to render to every man according to what he has done.

22:13 I am the Alpha and the Omega, the beginning and the end, the first and the last.

22:14 Blessed are those who wash their clothes, so that they may have the right to the tree of life, and may enter by the gates into the city.

**THE SCROLLS OF THE LAMB OF GOD, REPRESENT THE MATERIALIZATION OF JOHN'S LIVING VISION; FOR IN THE LIVING UNIVERSE OF THE DIVINE FATHER JEHOVAH, EVERY DREAM AND EVERY VISION, BECOME TRUE AS TIME PASSES BY; IF IT DOES NOT TAKE PLACE IN A DETERMINED EXISTENCE, IT HAPPENS IN ANOTHER; FOR EVERY SPIRIT IS BORN AGAIN; ALL THE SENSATIONS THAT THE SPIRIT FEELS, ABSOLUTELY ALL OF THEM MATERIALIZE THEMSELVES INTO MICROSCOPIC PLANETS, GALAXIES, COSMOS, UNIVERSES; THE EVERYTHING ABOVE EVERYTHING GETS EXPANDED FROM THE INVISIBLE TO THE VISIBLE; FOR NO ONE IS BORN GIGANTIC; ONE HAS TO START BY BEING VERY LITTLE AND HUMBLE, IN ORDER TO BECOME GREAT IN THE KINGDOM OF HEAVENS.-**

LOS BOLLOS del Condens de diez representan LA MATERIALIZACIÓN de LA VIBRACIÓN vibrante de quark, porque EN EL UNIVERSO NO EXISTE EL DUEÑO NADIE que crea TODO SINO que TODO SURGE de su propia esencia con EL CUERPO DEL TIEMPO de los BOLSAS de EN DETERMINADA EXISTENCIA, SURGEN EN CUALQUIER TIEMPO COMO UN VULCANERAZO de SURGEN TODOS LOS SENSACIONES, que SURGEN EL CUERPO, simultáneamente TODAS se MANIFIESTAN EN MÚLTIPLES PLANOS, DIFERENTES, COMO ONDAS, TODAS sobre EL TODO, se CREAN desde lo invisible a lo visible, porque NADIE NACE SINO desde una UNIÓN de partículas, desde un pequeño que surge de una onda, como ejemplo EN EL MUNDO de los BOLSAS.

The Revelation requested and awaited by the world of trials, shall not build any material temple; any luxurious cathedral; for what came out of the divine Father Jehovah does not imitate what men did in the trials of life; the material temples emerged from a strange form of faith, called religion; it is said strange, for the so-called religions are not known in the Kingdom of Heavens; nor any philosophy that divides the Father's children, on the remote planets; the divine Revelation, which came out of the free will of Father Jehovah, is manifested through knowledge; for every human spirit requested the Father the knowledge called Light in the Kingdom of Heavens; the world of trials created a form of faith from their free will, called religion; they could have created another; but, this form of faith with which they wanted to interpret the divine Gospel of Father Jehovah, fell before the divine Father; this strange form of faith divided the own world of faith; and it divided itself; all those who were influenced by the strange religions, in

the trials of life, divided their fruit; the religious fruit is divided by the number of religions which there were in the world; the so-called religious beings who emerged in the world of trials, did not have the mental ability of maintaining the world of faith unified; every religious being is accused in the Revelation of the Lamb of God of having divided the world in many beliefs, being there just one God only; because of the religious beings was it written: Only satan divides, and he divides himself; just as satan divided the angels in the Kingdom of Heavens, the so-called religious divided men in the trials of life; all those who imitate satan in the remote worlds, do not enter the Kingdom of Heavens again; division is living in the Kingdom; and division speaks before the divine Father; likewise imitation; division whichever it may be, expresses itself before the Father, in its laws of division; imitation expresses itself in its laws of imitation; just as every spirit expresses itself before the Father, in its laws of spirit; everything imaginable expresses

itself before its Creator, in its respective law; matter and spirit express themselves; matter in its laws of matter; and the spirit in its laws of spirit; no one is less before God; neither matter nor spirit; this is why it was written: No one is less before the Father; the Revelation shall be extended all over the world; the Telepathic Scripture, dictated by Father Jehovah, shall be translated to all the languages of the Earth; for what is of God is universal; the Revelation is one; those who did not believe at the beginning that the Rolls of the Lamb were the Revelation, they divided themselves; for what is of God has got no end; and having no end, it covers everything; the Revelation explains the origin of everything; for being all equal in rights, before God, is that everything imaginable has got an origin and a destiny; what cannot be proved on Earth, is proved out of the Earth; for the Earth is not the only one that exists; no one is unique in the Universe, only the Father is; just as the Father's creation is infinite, the explanation of how all

things were done is too; creation and explanation go parallel in the knowledge; even the most microscopic have got their law to explain; the Revelation explains what men do not know; it does not explain what men already know; and among what men do not know, are their origin and their destiny; he who did not believe in origin and in destiny, shall not know origin and destiny anymore; for origin complains to the Father, in its laws of origin; and so does destiny; neither origin nor destiny which were denied by a determined spirit, render their divine presence when the spirit who denied them requests the Father again, to know a new form of life; for every spirit is born again.-

**DIVINE LAMB OF GOD; A NEW PHILOSOPHY  
COMES TO THE WORLD; FULFILLMENT OF WHAT  
WAS ANNOUNCED IN THE DIVINE APOCALYPSE;  
A UNIVERSAL GOVERNMENT IS BORN, WHOSE  
CORNERSTONE IS THE DIVINE EQUALITY TAUGHT  
BY FATHER JEHOVAH.-**

Yes little son; the divine rolls of the Lamb of God, is the fulfillment of a divine promise made many centuries ago; the Apocalypse is initiated with a new Doctrine to the world; thus the human spirits requested it in the Kingdom of Heavens; for everything imagined is requested in the Kingdom of the Father; even the own life is requested; I verily say unto you that the Doctrine of the Lamb of God, is not coming to perturb the world; it is coming to fulfill what you yourselves requested in the Kingdom of Heavens; it is coming to judge the world;

every world is judged by the living Knowledge of Father Jehovah; I verily say unto you that you are trialed up to the last instant of the trials of life; for your strange world which took gold as a basis, shall fall with its gold; your world and its immoral customs come to an end, just at the right instant in which your mind reads the divine lamb of God; certainly it is the Doctrine and its content which must be extolled; since this world was mandated to be humble above everything, not even the own Emissaries of the Father, to give new Light, must be extolled; for only the Father is unique; no one who extolled and exalted himself in this world, shall enter the Kingdom of Heavens; for he unfulfilled the promise made to the Father; and he unfulfilled the given word to the living humility; and he unfulfilled the human morality; the doctrine of the Lamb of God shall also be called the Celestial Science; for it is not Doctrine of men; its knowledge is not in any book of this world; the Father does not need to copy His children; rather His children imitate Him;

I verily say unto you that every human knowledge that did not praise the Father, above everything, shall not remain in this world; for the divine Father Jehovah gives and takes away; every life system which did not guide itself by their Holy Scriptures and divine Commandments, is pulled out from its roots from the human evolution; at every instant in the eternity of the Universe, infinite worlds are pulled out from the respective evolutions of their creatures; for what is of the Father is not for just one world; what is of the Father is infinite; His laws and Holy Scriptures are for infinite planetary dwellings; it was written: Many dwellings does my Father have; for the planets are dwellings for the infinite humanities created by the Father; I verily say unto you that there shall not be a single human creature who shall not read and at the same time cry for his own future; it was written that this world which came out of gold, would have weeping and gnashing of teeth; you shall cry because of your work; for they were work and intentions

which came out of a strange life system; a life system unknown in the Kingdom of Heavens; I verily say unto you that everything that is created and is not in the Father's Scriptures, is unknown in the Kingdom of Heavens; this world was deceived; since none of you is going to enter the Kingdom of Heavens; the culprits are those who imposed on you a life system based on calculation, shrewdness, deceit, usury; I verily say unto you that if you children of the world, would not have lived the so-called capitalism, all of you would have entered the Kingdom of Heavens; Father Jehovah would have nothing against you; you would not have known the living immorality; you would have the same innocence, with which you came out of the Kingdom of the Father; your spirit would not be divided between light and darkness; your divine Father Jehovah would not be accusing you of serving two masters; you would not have a divine judgment; behold the infinite difference between fulfilling and not fulfilling the Father's Mandates; it costs a

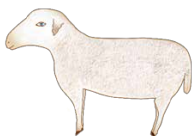

tragedy; this divine justice was requested by your own selves; it may seem excessively severe to many; but, the divine promise of adoring the Father above everything imagined, came out of your own selves; but, it was not so; no one in this world fulfilled it; for they built their hopes up on gold.-

Yes little son; so it is; just as you have been seeing since you were a boy; this celestial drawing shows the divine Cup of the Macrocosm; a divine term which is mentioned in the Apocalypse; the divine Cup has got no end; for the Macrocosm or Kingdom of Heavens is infinite in its molecular dimensions; the divine Cup is an infinite galaxy; for each microscopic act that came out of the mind does not die; every act travels to the cosmos and becomes infinitely expansive; forever and ever; each act explained by the divinity has got its divine beginning, before it was explained; what you are living in a given instant, has already been lived by other human creatures; for no one is unique in any imaginable beginning; only the Father is unique; and being unique, He teaches everything; for the everything above everything is translated to live forever and ever; the divine Cup is living before Father Jehovah; for in His divine presence no one is dead; matter and spirit have got the same rights to express themselves in their respective laws; life

is not exclusive to anyone; for the Father is infinite; I verily say unto you that he who limited what is of the Father, shall not enter the Kingdom of Heavens; for every limitation expressed by the creature is living; he/she asserts his/her rights before the Father; he/she struggles against every eternity; and he/she who expressed limitation is snatched from every eternity; I verily say unto you that every thought that came out of you, if it was not in the divine morality of the Father, it charges against you; for every idea that came out of you, has got every hope in you; and if you as spirits are condemned, you also take your mental inheritance to tragedy; every idea that you generated in life.-

**ALPHA AND OMEGA.-**

**THE DIVINE REVELATION OF GOD DOES NOT COME OUT OF ANY HUMAN KNOWLEDGE; THE SAME LAW IS FULFILLED, WHICH WAS FULFILLED WITH THE MOSAIC LAW AND WITH THE DIVINE GOSPEL OF FATHER JEHOVAH; THE ETERNAL DOES NOT COPY WHAT IS OF HIS CHILDREN; THE REVELATION OF GOD IS A KNOWLEDGE WHICH EVERYTHING THAT EXISTS EXPLAINS IT; IT IS MORE LIKELY FOR ONE WHO DID NOT BELIEVE THAT WHAT IS OF GOD CAME OUT OF MEN TO ENTER THE KINGDOM OF HEAVENS, THAN FOR ONE WHO GETTING INSPIRED IN THE WORK OF MEN, BELITTLED GOD.-**

Yes little son; many of the trials of life belittle their Creator; they shall not enter the Kingdom of Heavens; for they let themselves be influenced by a strange sensation, which not even them requested it; he who belittles his Creator, does not see Him;

he who exalts Him, does see Him; every mentally limited being, divided his own fruit; the trials of life consisted in having requested the sensation of forgetfulness, no one would put limits to the divine power of God; trials are trials; some fall, others triumph; the divine Revelation that was promised to the world of trials, comes to the world in the form of knowledge; this knowledge covers the entire Earth with the pseudonym of Alpha and Omega; those who did not think of knowledge when they were imagining how the Revelation of God would be, fell in their trials; none of them enters the Kingdom of Heavens again; erring in the trials of life is also taken into account in the divine judgment of God; for the characteristic of the divine judgment which everyone requested, was above everything; and within the term: Above everything, are also the mistakes which each one committed in the trials of life; those who defended psychologies which divided others, belittled their own fruit; for they divided it by believing in a strange

psychology, which in its teachings included the division of others; the forms of faith of the individualities of the world, should have never been constituted themselves into a dogma; for they had a divine pending judgment; it is the judgment of God, the only one which has the authority of being proclaimed; for it surpasses in power the science of men; men created a strange belief, which contradicts the divine Gospel of God; God divides no one; and if the Father divides no one, men should have created a form of faith in which division would not be known; the strange licentiousness of the individualities, should have known an egalitarian discipline into one sole concept of God; those who created the so-called religions did not have the sufficient spiritual deepening as to have unified the world of trials, into one sole belief towards God; they were not the most intelligent of the planet; they were the most backward; everybody fell into the beast's materiality; no one wanted to fight against the strange life system, which came out of

the strange laws of gold; they preferred to serve two masters; the master of their beliefs, and the master who represented a strange and unequal life system; the serious thing is that they said they served the true God; to serve the true God one has to struggle against everything unfair; and the head of every injustice, is the own life system; this was the greatest blindness of the so-called religious beings and of all those who defended them; the so-called christian world was also blind to what is unfair; this is why it was written: Blinds leading other blinds; for following the blinds of the trials of life, the so-called christian world shall not enter the Kingdom of Heavens again; it is more likely for those who neither knew the so-called religious nor received as a teaching, the strange sensation of division to enter the Kingdom of Heavens, than for those who got to know them; in the divine Gospel of God, the world of trials was warned that only satan divides and he divides himself; the divine warnings of the divine Gospel of God, one had to

take them into account during the trials of life; for he who despised them, shall have a greater weeping, in the weeping and gnashing of teeth; he who does not give any importance to the divine warnings of the Kingdom, commits a greater number of errors; and mainly belittles his points of light; it is more likely for one who valued the warnings of God to enter the Kingdom of Heavens, than for one who fell into an odd indifference; the indifferent of the world shall not receive anything in the divine events which are about to happen in the world of trials; he who was indifference shall also find a judgment, which shall be for the indifferent; the divine judgment of God is sensation by sensation; he who acted evilly shall find for himself, a divine judgment which shall also be evilly towards him; he who acted goodly shall find a judgment which shall be goodly to him, in the divine judgment of God; all the sensations that each had and felt in the trials of life; each one shall be judged by the Son of God before the solar television; only the children

up to the age of twelve shall have no judgment; for they are the blessed ones of the planet, and there is no other one.-

He who confused what is of God with the work of men, confused himself; they shall feel the confusion when their own points of light are discounted, in the divine judgment; not understanding what is

of God even when seeing Him, has as a cause the strange form of faith which one received from the so-called religions; those who invented the strange material adoration, did so by being influenced by the pharaonic rites; it is a strange inheritance from creatures who coming from remote galaxies, violated the law of God on Earth; the bad example that they left and which was copied by the humans, was to manifest humility by means of material manifestations; the true faith and humility do not need to be expressed in material luxury; the strange ostentation was not of the Son of God; and it is more likely for those who in their forms of faith, imitated the humility and simplicity of the First-born Son to enter the Kingdom of Heavens, than for those who imitated what is pharaonic; the simplest form of faith is the only one that enters the Kingdom of Heavens; those who in their forms of faith lived the strange influence of what is pharaonic represented in what is religious, shall not enter the Kingdom of Heavens again; for everyone had requested

simplicity in order to cultivate it in the trials of life; the strange religious faith is not from the Kingdom of Heavens; for no one divides anyone there; nor is the limit in God known there; the so-called religious created a strange church, which included the division of the belief in God; such strange church was not what the Son of God imagined; for He himself sustained and thus was taught by Him, that only satan divides; and who ends up dividing himself; this means that those who were religious, when the instant of the divine judgment arrives, get divided and end up disappearing from the human evolution; every imitation to satan's division, even if it is the most microscopic, always ends up in tragedy to those who imitate him; the tragedy of division and the disappearance of the so-called religious from the human evolution, was written in the divine Gospel of God as the weeping and gnashing of teeth; and this is not only fulfilled in the so-called religious, but all those who imitated them in their forms of faith; the imitators belong to the

so-called christian world, emerged in the trials of life; those who imitated the religious beings, shall be accused of being accomplices of the demon of division by the Son of God; one had to know how to distinguish who one followed in the trials of life; and in order not to fall, one had to deepen into the divine Gospel of God, above everything; that is why it was said: He who searches shall find; he who searches the divine scriptures of God, astonishingly realizes that what is religious is not of the Kingdom of Heavens; he sees that no philosophy that divides others, none of them is known in the Kingdom of Heavens; he sees and learns that the divine equality taught by God, does not include division in any imaginable form; he sees and observes that the strange division of satan among the angels, is not known in the Kingdom of Heavens; this is seen by those who care and deepen what is of God; those who do not see are those who fell asleep in their own individual forms of faith; a lot of faith and weak knowledge; this is why it was written:

Every spirit sleeps; it sleeps in its own weakness of knowledge, which should have attained in its own search, during the trials of life; what is intuitive enclosed the weak knowledge that one had of God; he/she did not illustrate his/her little knowledge; and being their voluntary knowledge a little, this was just a strange imitation of what was religious; this is a faith divided by a strange imitation; and the interested one instead of receiving all his points of faith, receives a little or nothing; it is said nothing because what is religious is not of the Kingdom of Heavens; and it shall be called strange to the Kingdom; what was strange in the Kingdom, has got no destiny in the Kingdom; and what is strange in the Kingdom is what had not been requested in the Kingdom of God, is not written in the Kingdom; the strange work of the so-called religious was not requested by anybody to God; for no one makes requests to God in which an imitation of satan is included; for all knew that those who imitated satan on the remote planets of trials, no one would

enter the Kingdom of Heavens again; this is why no so-called religious nor any of their followers, no one enters the Kingdom of Heavens again; it is more likely for one who in his planetary experience did neither know nor heard anyone talk about the religious beings to enter the Kingdom of Heavens, than for one who had the misfortune of knowing them; for in his own work which shall be judged by molecule-second, the first one shall not have a discount for mental division in the belief towards God; the second one shall have it; the strange religious faith divides its own points of faith by the total number of religions that existed in the world of trials; and since the religious division and the own religion was not requested by anyone to God, the religious and their followers receive nothing; they wasted their time, second by second while the strange sensation of what is religious lasted in them; all the sensations that each one got to know, felt, and lived are judged by seconds and by molecules; thus the own humanity requested

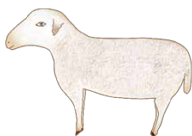

God; everything that is requested to God, must be fulfilled from the first up to the last molecule; it is what corresponds to the divine Final Judgment, above everything imaginable; which means that in the divine request of divine justice, which each one requested God, the human creature did not forget even a single molecule for himself; the divine judgments are requested to God according to the evolution attained by the creature; God does not impose anything; He obliges no one, for He is infinite; one requests Him, and if His divine free will is pleased, He concedes; there is no other law, but the request to God; the weeping and gnashing of teeth starts from those who divided God's children, in the trials of life; it starts from those who in their own beliefs, imitated satan; the weeping and gnashing of teeth which the world of trials shall undergo, the culprits are the religious beings; for every work whether it is for good or bad, comes out of the own creature; it comes out of oneself; this is why it was written: Thou shalt be judged by thy work; for each

one requested God the responsibility of their own acts; and every responsibility that was requested in divine covenant, for the spirit to know a new form of life, which he himself requested God, shall speak in the divine judgment of God; responsibility speaks before God, in its laws of responsibility; just as the spirit shall speak in its laws of spirit; it is more likely for one who was responsible in the trials of life to enter the Kingdom of God, than for one who was not.-

Yes little son; the Revelation promised to the world was despised by the so-called Catholic Church; this religion has always been the last one in believing; for the representatives of this strange belief, are the least evolved spirits of this world; they have kept the world backward in many centuries; in their moral and spiritual level; the so-called religious are accused by Father Jehovah of teaching this world the material adoration; I verily say unto you that the only adoration that pleases the Father is work; the spiritual merit; every religious being who participated in the teaching of the strange material adoration, must add up all the seconds of the time in which they taught it; and of being accused before the world and the Kingdom of Heavens of dividing a humanity in many strange beliefs, being there

one sole God only; only satan divides in the worlds in order to fight against the equality taught by the Father; behold the blindness of those who are less evolved; behold the blinds leading other blinds; for they transmitted their own errors to many generations; no generation that got to know the religious rock has entered the Kingdom of Heavens; nor shall anyone of them enter; no one who belonged to the christian world has seen the Father's Kingdom; nor shall anyone of them see it; no thinking being who got to know the mental division of the Father's divine mandates, shall enter the Kingdom of Heavens; for no one requested the Father to divide his/her own true; behold a Revelation which shall shudder the creators of the religious rock; because of their strange religions was it written: Only satan divides and he divides himself; for every religious being by teaching the strange practice of religion, imitated satan; who also divided the angels in the Kingdom of Heavens; the world is divided in many beliefs; being there just one God only; the culprits

of this world for being divided are the religious beings; I verily say unto you that no so-called religious shall enter the Kingdom of Heavens; nor have any of them entered; the so-called religions are not trees planted by Father Jehovah; and they shall be pulled out from their roots from the human evolution; the Father left a Gospel which should have been studied in each one's home; for it was written that God is everywhere; and being everywhere, He does not need material temples; and nevertheless, you had free will to choose; the trials of life consisted in your not being divided; for flags and nations are infinitely away from the equality taught by the Father; I verily say unto you that neither flags nor nations shall remain in this world; such strange organization came out of men and not of God; it came out of men who did not take what is of the Father into account; and he who does not consider the Father, does not attain eternity; I verily say unto you that neither religious nor capitalists shall remain in this world; for they have had their

time; it was only a trial; for every spirit is trialed by Father Jehovah; after the trial comes the Final Judgment; a divine judgment whose characteristics only the Father knew; for the Father has got free will; just as you have it; what is up above is the same as down below; the Final Judgment is a Doctrine at the beginning; just as it was in the planetary past; first I sent you the Mosaic Law; following the Christian Doctrine; and the third one is the Doctrine of the Lamb of God; this last Doctrine was announced by the Apocalypse of John; behold the point of departure of the new Kingdom; you were trialed in life, starting from the own Scriptures of the Father; Scriptures which you yourselves requested in the Kingdom of Heavens; for everything is requested in the Kingdom; every Scripture of every planet is a covenant between the Creator and His children; every world has got its Scriptures; for no one is disinherited in the creation; every world promises to fulfill the Father's Scriptures, above everything; behold every world

has got a mission to fulfill; every world is born in order to glorify the Creator, above everything; your present world is a strange world; for the standard gold is not known in the Kingdom of Heavens; your life system has come out of the own darkness; for it is darkness which does not want to recognize the Father's light; every strange life system is of darkness; for one cannot serve two masters; one cannot serve two philosophies, and say that one is serving one; behold the fall of the christian world; a world of hypocrisy; a world that says to be serving God; and it serves gold at the same time; it does it by living the strange form of life which came out of gold; behold the living hypocrisy; I verily say unto you that this hypocritical world shall not enter the Kingdom of Heavens; nor anyone who belonged to this strange world has entered the Kingdom again; such tragedy falls on the so-called capitalists or sustainers of the life system based on gold; the religious beings are also guilty; for they entered into alliances with the beast of gold; knowing that no

rich would enter the Kingdom of Heavens; I verily say unto you that if the so-called religious would have kept themselves to the foot of the letter in the Father's Scriptures, they would have to have become the greatest revolutionaries; but it did not go that way; what shows that the so-called religious do not have the elevated spirituality in order to defend what is of the Father; these little evolved children created a strange belief, whose fruit is the material adoration; a strange adoration, unknown in the Kingdom of Heavens; the so-called popes have elected themselves; a strange and unknown title in the Kingdom of Heavens; no apostle was a Pope; for all of them knew by the knowledge in their trinities that faith and belief have got free will; and they knew that the greater in humility is that one who never felt attracted to any title; for because of the titles, no humble has been able to enter the Kingdom of Heavens; behold no so-called Pope has entered the Kingdom of Heavens again; nor shall any of them enter; the so-called religious

have committed many errors; for they were not loyal to the Father's Scriptures; if they had been loyal, they would not have divided the world in many beliefs; they would not have confused them; the world would have been unified; equality would be reigning in the world; I verily say unto you religious of the world, that you made the trials of the human lives even more painful; for you prolonged the reign of satan; represented in the life style; for you legalized it and blessed it; behold the weeping and gnashing of teeth of every religious being; for the world that you deceived shall come over you; the own Scriptures that you falsified shall judge you; with the same rod that you measured, you shall be measured.-

Yes little son; every idea that every mind emanates, travels to the cosmos; the flying saucers collect the ideas; for even the ideas have got an eternal destiny; no one is disinherited in the Father's creation; neither matter nor spirit; the ideas are microscopic magnetic forces in eternal expansion; the ideas are expansive as the own Universe; what is up above is the same as down below; behold that the everything comes out of all; for the living eternity is in all; the universes of the infinite space have come out of the invisible ideas of the creatures who have

always existed; but, this law is one of the infinite which came out of the Father; what is of the Father has got no limit in anything imaginable; His divine forms of creation, have got no number; the ideas as they are being generated by the mind, are occupying a place in space; behold the beginning of the planetary antiquity; for the age of the worlds are infinitely relative; the Earth that you inhabit, has got as many centuries as molecules the planet has; behold no one in this world has been able to calculate it that way; every humble or microscopic creates what is colossal; if the molecules did not exist, there would neither be a planet nor would the centuries exist; and if there were no ideas, there would not be any creation; all that exists whether it is colossal or a microbe, came out of living ideas; behold every galactic beginning was very little and humble, to become great in the Kingdom of Heavens; whoever did not have this beginning, does not get to know a greater size; I verily say unto you that as so important as the creature thinks he/she is, in

their beginning in life, he/she stops being so before the infinity of another beginning; no one is unique in the Universe; no one is king of creation; only the Father is so; I verily say unto you that all those who proclaimed themselves as being kings of creation, no one shall enter the Kingdom of Heavens; for all promised the Father to be humble in life; to proclaim oneself king of a creation, whose origin was ignored, has got nothing of humility; the living nature shall accuse these false kings before the Father; I verily say unto you that neither the word king or queen should this world have known; for the so-called kings of the Earth; were trialed in life; if all the spirits promised humility to the Father, no one should have proclaimed him/herself king or queen; for one cannot serve two masters; one cannot serve two philosophies and say that he/she is serving one; one cannot be a noble and say that he/she is humble; for from the so-called nobility a strange humility is born; behold the fall of a surfeit which is not of the Father; behold every spirit who

was noble in this world, fell in his/her trials of life; for they should have opposed a mental resistance to the desire of being so; their trials in the existence consisted in that; the true humility, the humility that enters the Kingdom of Heavens, does not need any titles; the true humility surpasses the ephemeral; what only lasts an instant; no so-called noble has entered the Kingdom of Heavens; nor shall any of them enter; the so-called nobility is a supreme pride of believing oneself to be superior to another; these demons of pride forget that all are equal in rights before the Father; the so-called nobility has always been a yoke, in the beliefs of all the generations; the majority of the so-called kings, end up becoming tyrants; the own pride of believing oneself of being superior to others, makes them blind; they do not see the necessities of the people; not a single nobility shall remain in this world; for the future is of the humble; not of the proud ones; every spirit that was noble suffers the greatest complex of inferiority before the Father;

he/she sees horrified that no one knows him/her in the Kingdom of Heavens; nobility is from darkness; it belongs to the living vanity; it is a strange form of imposing oneself over others; a form which deludes and draws the spirit away from the true humility; it is impossible to be humble being a noble; no so-called noble shall be resurrected into a child of twelve years old; for no proud one of this strange life system shall be awarded; behold the weeping and gnashing of teeth of those who felt themselves as being superior; I verily say unto you that it is more likely for a commoner to enter the Kingdom of Heavens, than for a noble; neither commoners nor nobles are known in the Kingdom of Heavens; such terms came out of a strange life system, based on gold; a life system also unknown in the Kingdom of Heavens; everything that the strange life systems produce, do not enter the Kingdom of the Father; the so-called capitalism is not written in the Kingdom of Heavens; for no one requested to be exploited in any imaginable way; all those

who exploited others, shall also be exploited, in other existences in other worlds; those who taught exploitation in this world, did so in others too; for every spirit is born again; by being born again, they got to know many worlds; they incurred into many debts; very soon the exploiters of this world shall be before the Father requesting Him a new opportunity; requesting to being born again on some planet; but, every exploiter who contributed to the poverty of this world, shall be burned in the solar fire; many of these demons shall commit suicide; worse for them; for they shall be resurrected from the own tomb, in order to be burnt, as they requested it themselves; for everything is requested in the Kingdom of Heavens; and everything that is requested is fulfilled; behold the weeping and gnashing of teeth of all who came from darkness; it would have been better for the exploiters not to have requested the trials of life.-

Yes little son; the Revelation has got a divine Author; just as men make themselves authors of their own work; what is up above is the same as down below; just as each of you has got a human free will, likewise has the Father got a divine free

will; the divine Revelation coming out of the Father, has got no limits; and His Celestial Science shall cover everything; behold the difference between what is human and what comes out of what is divine; what is divine is conquered with the sweat on one's face; for the divine mandate of Father Jehovah that says: Thou shalt earn thy bread on the sweat of thy face, was so, it is, and it shall be for the entire Universe; what is divine underwent the same as you are going through now; they underwent in worlds and universes, which by their infinite antiquity are in space no more; the divine Father Jehovah gives nothing without merit; perfection without merit does not exist; and he who believes he is attaining it with no merit, does not receive an award from the Father; Revelation was requested by the Author, just as all of you requested your work; the Revelation fulfills solar laws; for the content of the Knowledge it brings to the world, does not come out of the human knowledge; if the Revelation taught what men already know, it would

not be a Revelation; it would simply be an imitation; Revelation was requested by the entire humanity; for by requesting to know a new form of life, every thinking creature requested its own judgment; it is said that everything imaginable is requested to the Father; and in what is imaginable the judgments are there too; behold being the Final Judgment just one, it must be infinite judgments at the same time; for what a determined creature did in the trials of life, was not the same as what the other one did; no trial of life is identically the same as another; therefore, there is a different judgment for each one; and being the judgments different, the law of the point where the Final Judgment comes from, is the same one; the original cause comes out of a place in the Universe, where the same psychology reigns; the variation of the judgment in each one is in each one's feelings, starting from the most microscopic unit of time; and within this microscopic dimension, is the classified intention; in its attribute and

quality; attribute is the psychology used in the microscopic unit of time; it is the intention which was generated by the free will in the given instant; the quality is the hierarchy of the philosophy that was thought; hierarchy is like one who achieved a degree; hierarchy is the possession attained by the virtue which manifested itself in a sensation, by the own spirit; hierarchy constitutes thinking universes with their own laws; the Revelation also constitutes universes; the Revelation which this world requested, was studied by your own selves; for each one saw on the solar televisions of the Kingdom of Heavens, his own future life; why nobody remembers this celestial law is because you also requested the forgetfulness of the past; every human creature requested to know the forgetfulness of the past, as an experience; for no one of this world knew the forgetfulness of a past; everything that does not exist is requested to the Father; and the no Revelation was also requested by you; the no Revelation is the time of waiting for the own

Revelation; it is the trial of waiting; for every spirit is trialed by the Father; the wait constituted an entire world of opinions and ideas; opinions and ideas in respect to what was said in the wait, are also judged by the Father; ideas by ideas; opinions by opinions; instant by instant; the Revelation was for you a future of hope; and he who nurtured hope in the trials of life, shall know the fruit of hope; the fruit is born from your own selves; the Revelation was requested by you, in order to be interpreted by you yourselves; for you did not know how this experience was; your task should have been to interpret what was to come, in your own individuality; for he who did not care about his future, shall not have a future; it is more likely for one who cared for his destiny for just one second to have a future, than for one who did not care at all; this is why it was written: Man does not live on bread alone; not only on his material worries; for you are flesh and spirit; you are two living laws; he who only improved what is of the flesh, has not

got an award of the spirit; he who improved only what is of the flesh thinking of doing it only spiritually, shall not have an award of physical laws; for you should have been egalitarian in your own selves; you should have imitated what is of the Father in yourselves, above everything; you should have given opportunities equally to spirit and matter; he who imitates the Father even in a microscopic way, is infinitely awarded by the Father; if you cultivated equality, starting on your own selves, you shall find equality in the Kingdom of Heavens; I verily say unto you that the demon, turned into a strange life system, made you forget the judgment requested by your own selves; for all the content of the Scriptures was requested by you; from the first up to the last letter; gold entertained you and built your hopes up; and your drama was getting consummated second by second; instant by instant; behold your weeping and gnashing of teeth; for the Final Judgment which came out of the Father is second by second; and even less than a second;

your judgment is a judgment above everything; you requested this term yourselves; nothing forcefully comes out of the Father; the Final Judgment is a judgment which has as an attribute and quality that is total in future flesh and spirit in glory of cosmic journeys; the Final Judgment marks the end of a strange life system; it marks the end of an Earth and the beginning of another; the Final judgment marks the end of those who created evil and injustice in this world; it marks the end of those who created licentiousness; the Final Judgment puts an end to a strange world, which came out of a delusion of a metal called gold; the Final Judgment puts an end to a strange form of life; a form of life which no human creature requested; the Final Judgment marks the fall of those who believed that they would never render account to anyone; of those who lived a strange psychology, which made them know strange and immoral customs; since for each strange custom, you have got infinite points of darkness; you must add up all the seconds

of time in which you were influenced by strange customs; everything microscopic and everything big which the strange form of life contained is paid before the Father; behold your psychology before your own violations; behold you came out of the Kingdom of Heavens with a psychology of struggle against every form of darkness; and the greater darkness was the strange life system that came out of gold; the same darkness which the minor darkness made you live, called bad habits; for everything microscopically bad that your mind can imagine, shall stop you from entering the Kingdom of Heavens; this makes none of you enter the Kingdom of Heavens; for in the term which you yourselves requested, the most microscopic thing that your mind felt and lived is included; behold your weeping and gnashing of teeth shall be so by starting from the most microscopic violation; behold the justice on the generation lied in you; you shall be called the Strange Generation of the Final Judgment by the generations of the future; for you are

strange in the divine mandates of Father Jehovah; all that is done on the planets must be written in the Kingdom of Heavens; what you did and created is not of the Kingdom; for those who created your life system, did not take the Father into account, above everything; what is equivalent to say, above the own way of living; I verily say unto you that if your ancestors had taken Me into account, you would not have known injustice in this world; for my divine Gospel teaches that you are all equal in rights before God; and having Him taught you, you did not imitate Him in your way of life; you did not create equality in your own selves; you did not do it to the image and resemblance of the Father; every imitation of the Father is infinitely awarded by the Father; behold the greatest licentiousness; which all the rest have come out of; the greatest licentiousness of this world is not to have considered the Father above everything; the demons of gold deceived you, in the greatest deceit of this world; this deceit disguised itself with a strange legality

which had no cause in eternity; it was just an illusion with a mundane influence; for the strange psychology of gold, is not of eternity; for their creators wanted it that way; he who does not take the Father into consideration, limits himself; every eternity comes out of the Father; I verily say unto you that the use you gave your free will, is the kind of judgment you shall have; your heaven comes out of yourself; you created them yourselves; for each one makes his own heaven; you always carried the heaven within yourselves; but, there are infinite kinds of heavens; as there are infinite ways of thinking; and each thinking has got its own heaven; for no one is disinherited; the heaven which one hears people talk so much about in this world, was always in you; for you came out of a heaven; you have got a celestial origin; heaven can be at any point in the Universe; for all the heavens make one sole heaven; there is the trinity of the heavens; but, your place of origin continues in its same place; they are the suns Alpha and Omega; to return to

one's place of origin constitutes the supreme award for every spirit; to return to one's celestial place of origin, and to witness again the preparations of the birth of others; behold none of you shall see their place of origin again; because of the strange influence which came out of gold; because of the so-called religious, who took the licentiousness of falsifying the Father's Gospel, for one third of the divine Gospel was hidden from you; the religious rock always hid their own fall; they only made known what was convenient to them; behold a deceit that many had knowledge of; and knowing it, they remained silent; none of those who knew, no one shall enter the Kingdom of Heavens again; the world shall know them; the strange faith called religion, falsified everything; they fell into materialism and became traders of the faith; they are accomplices of the beast; they served it; they crowned their kings; the judgment which is coming starts with these spirits; who gave the world a strange faith, which divided everyone; there shall

be no religious being who shall not have his/her weeping and gnashing of teeth; for the Father's judgment is the same for everyone; the so-called religions sank the world's hopes of entering the Kingdom of Heavens again; for the strange psychology of dividing the Father's Gospel came out of every religion; they created the intellectual rivalry regarding the Father; an immorality among the immoralities; the strange religious beings were so backward that centuries have gone by, and they have never unified the world of faith; nor shall they ever unify it; it is because of the so-called religious that it was written: Only satan divides; and he divides himself; for just as the religious rock took the licentiousness of dividing the world of faith, likewise shall she be divided; with the same rod that she measured others, shall she be measured; with the same Scriptures which she falsified, she shall be judged; for the Revelation of Father Jehovah, comes out of the own Gospel; a new psychology is extended by the Father over the world; a

psychology that He takes out of the one that the world already knows; but, it is not the repetition of the same; there is no sense in repeating what is already known; I verily say unto you that the Father's divine judgment acts in this world by starting from the basis that you know the Father's Scriptures, above every imaginable thing; for thus you promised it yourselves; if shame comes out of you, it is because you did opposite things to what you promised the Father; and your Father Jehovah starts from the basis the you are being governed according to His divine Gospel; and not according to gold; your Father Jehovah starts from the basis that you are living the same equality that you lived in the Kingdom of Heavens; your Creators starts from the basis that no one divided you in anything; but, the Eternal Father sees that satan repeated in this world what he did in the Kingdom of Heavens; your Creator sees how you were also divided by the demon; just as he divided the Father's angels in the Kingdom; I verily say unto you that every

divided one does not enter the Kingdom of Heavens again; not even satan has entered again; not even his followers and imitators shall enter either; I verily say unto you that the merchants called capitalists, were your satan; for they made you forget everything that you promised the Father; they entertained you while the seconds of time of the trials of life slipped away; behold he who called himself legal in this world, was the own demon; behold he who created masters of materialism, was the own demon; behold those who dictated your strange laws, were the imitators of the demon of gold; behold the entire empire of gold was the tragedy for an entire generation; and for all that preceded it; behold all those who passed through this world were divided; and no one who has passed through this world, has entered the Kingdom of Heavens; and none of you shall enter; and it is more likely for one who did not know the strange influence of the capitalists to enter the Kingdom of Heavens; behold your demon was the same one

who dictated your laws, in the trials of life; you served the own demon; and the transformation comes out of the own demon; and not from another; for your Father takes out light from evil; the right answers of the light come out of your errors; your heaven come out of your violations to the Father's law; for in the Father's judgment good and evil are judged; the two living experiences which you requested to know on Earth; for you did not know them; drawing away from the Kingdom of Heavens is born from your illusion in the ephemeral; missing the opportunity of entering the Kingdom of Heavens again is born from the first skeptical beings who saw and did not believe in the Rolls of the Lamb of God; for these first ones who despised what is of the Father, represented all humanity; for the strange licentiousness of not telling an entire world, was not requested by anyone to the Father; all agreed in the Kingdom of Heavens that it was enough for one to know it to be spread throughout the world; behold these selfish beings by remaining

silent about the Revelation, condemned the entire world with their strange selfish attitudes; for contempt beat this planetary trial; the drama was consummated in the midst of the everyday life; fulfilling the divine parable that says: And the truth shall arrive by surprise; as the surprise caused by a burglar; behold the first fall of the world, who trusted some selfish men; and it is not the first that it happens; it has happened, it is happening, and it shall be happening; for what is of the Father has neither a beginning nor an end; infinite worlds cannot enter the Kingdom of Heavens; for those who promised to receive their respective Revelations, denied them when the instant of doing it arrived; every negation to the Father becomes a drama; for limitation is not known in the Father in any imaginable way; the most microscopic act constitutes colossal universes in other dimensions; it is the invisible part of the material world; the dimension which the human eye does not see; what is felt and not seen constitutes cosmos, space, philosophy,

galaxy, universes, out of the Earth; I verily say unto you that what you felt and did not see is judged by the Father; what is invisible in you was requested by you; for you did not know it; the sensation which each individuality requested to feel is also judged; for no one from the everything above everything is less before the Father; every judgment requested to the Father includes all that one was in life; that everything surpasses the limited experience, which the creature was subdued to, during the trials of life; the inferiority experienced by every creature, was requested by the spirit; for he/she did not know it; but, there is a strange inferiority; a provoked inferiority, a demoniac inferiority; a strange inferiority, which no one requested in this world; an inferiority which came out of a strange and unknown life system, which no one requested to know; an inferiority which came out of a strange group called rich of the world; an illegal inferiority; for every so-called rich who made another feel inferior must pay for such strange sensation, provoked

in another; the world of the ephemeral illusion, the world influenced by gold must pay for every strange psychology which it made others feel; for its own cause is not written in the Kingdom of Heavens; that is why the creators and sustainers of the strange life system, based on gold, must pay three quarters of a totality that a sinner has; the sinner, a product of a strange unfair life system, only pays one quarter of his/her sins; for every sinner got to know his/her falls, in a strange life system, which he/she did not request to know; behold every humble of this world is first before the Father; for he/she had to endure a strange form of life; which made injustice greater; I verily say unto you that every self-exalted of this strange world which came out of gold, has got a judgment infinitely more severe than the most humble among the humble; for the self-exalted, those who occupied the highest positions, were more immoral in the trials of life; they were blinder in humility; they were more rock in what is spiritual; they were more scandalous;

they gave themselves the great life without caring that millions of my children were undergoing hunger; every self-exalted must have to return up to the last molecule of abundance, which never belonged to them; for they requested the Father, like others, to live in equality in the trials of life; all the thinking spirits promised Father Jehovah to imitate the equality which they saw in the Kingdom of Heavens, in the remote worlds; behold the Communism of the Earth; a glorious and unique philosophy of the Kingdom of Heavens; which was said by the Father in His Scriptures: All are equal in rights before God; behold the triumph of every humble; behold the triumph of all those who were exploited; behold the triumph of all those who imitated the Father with their work; behold what was prophesied by the Father is fulfilled; behold the equality of the Father's Scriptures, gives place to the greatest Revolution that one can have memory of on this planet, for the Father created everything imaginable; behold every human revolution

is subordinated to what came out of the Father; what is of the Father transforms the entire planet; it makes life systems change; for by creating everything, the entire nature is subordinated to its Creator; behold this world shall tremble before the divine mandate over the terrestrial nature; it is the Glory and Majesty of a solar First-born Son; for all of you requested to know the Glory of the Son of God in your Final judgment; which is the divine Glory of the Father; the strange world called capitalism shall be frightened; for it never deepened the true spirituality; behold the cause of the beast's horror; as it never ever cared for the Final Judgment, its horror lies in ignorance; the beast never wanted to understand what is spiritual; for it was not convenient to it; for it possessed a lot; they possessed more than what they promised the Father to possess; the beast, composed of the greatest usury which this world has produced, never wanted to talk about the Father's Glory; for they knew of their hypocritical roll; the beast shall

despair when it sees that its damned gold is not worthy anymore; when it sees that the power over nature is not bought with gold; the beast shall go crazy; the world by changing their morality, shall abandon the beast; the beast shall end in a pile of gold bars, hidden in some place in North America; and the strange beast shall leave this world without a trace of humility; it shall die with its arrogance; the strange pride of the white race; the beast shall try to use the atomic arms against the First-born Son; but it shall not succeed; for even the atomic cherubs shall obey the Solar Son; there shall be no molecule which will not be subordinated to the Son of God; the beast shall end up being burnt in the solar fire; for thus they requested it in the Kingdom of Heavens; the beast who deceived the world for centuries, shall definitely fall in three seconds; the fall of the beast marks the beginning of the greatest happiness known in this world; a happiness which the beast could never give; for the happiness which the beast gave the world, was a false

happiness; it was a strange happiness which did not contain eternity; it was a happiness which came out of an ephemeral cause; it was a happiness which came out of gold; it was a strange happiness which came out of the ephemeral; it was a happiness whose cause had violated the Father's law; it was a happiness which covered up the moral pain; for it was a strange happiness with a strange condition; which consisted in taking away from some, while others had in excess; it was a strange happiness with a dose of unhappiness; it was a happiness which was not requested by anybody in the trials of life, it was a happiness which was created with calculation and shrewdness; it was a happiness at the expense of many corpses; it was a happiness in which the humble of the Father were the last ones; it was a happiness which included the influence of pain; it was a strange and unknown happiness, which came out of spirits who came from darkness; it was a happiness subject to a yoke; it was a happiness in which the ideals were bought;

it was a happiness given by the use of force, forcefully; it was a happiness which was weighed by gold; it was a happiness which was measured with the meter of the gold standard; it was a happiness whose price was fixed by the strange beast; it was such strange and self-interested happiness that it built the Father's children to the point of making them forget the Father's divine Gospel; it was a happiness which did not give the eternal happiness; a strange happiness which made a living ignorant of the Father's Knowledge; it was a strange happiness which carried in its germ, the tragedy of the weeping and gnashing of teeth; it was a strange happiness which no one requested in the Kingdom of Heavens; it was an unknown darkness in the thinking spirits; it was a beast which came from remote galaxies, which had requested Father Jehovah to know the light of a planetary living; it was a living trial of a strange hierarchy of darkness; it was a beast which risked itself everything above everything; it was a happiness whose price was the

no entrance to the Kingdom of Heavens; it was a strange happiness which contained the tragedy of a planet; it was a strange happiness, whose psychology shall be studied by the creatures of the future, as the most strange and baffling, which came out of the human gender; it was a strange happiness which shall be a synonym of perdition for the new thinking of the new world; it was a strange happiness which ended up in judgment; it was a strange happiness with a strange pain and injustice; it was such strange happiness that it shall be cursed by those who got to know it; for no one shall see his/her place of origin again; it was a happiness which from the beginning, from the first instant made tragedy germinate; it was a strange happiness, which second by second was drawing the spirit away from the Kingdom of Heavens; it was a happiness that was enclosing the knowledge of every spirit, in a microscopic present; it was a happiness which contained in itself, the fall before the Father; it was a strange happiness unknown in

the Kingdom of Heavens; it was a happiness which emerged from calculation and shrewdness; it was a strange happiness with the seal of satan; it was a happiness which carried in itself the spirit's perdition; for no one who got to know and feel the strange influence of this strange happiness, none of them shall meet again out of the Earth, with their loved ones; for everything strange with the seal of satan, divides; behold the strange happiness which the beast of capitalism gave to you; which built everyone's hopes up with its gold; behold a strange and unknown psychology, which was imposed by the use of force; behold how the human innocence was sullied; behold the supreme trial in every human experience; for the strange beast encompassed too much; and since it encompassed too much, it shall be taken away from it a lot too; for the strange beast abused the power of gold; it immoralized the morality of many humble beings; it was written: May the left be aware of what the right does; may the morality of the poor be aware

of the strange morality of a rich; for not even the infected ones shall enter the Kingdom of Heavens; the strange morality drove the generation of this world astray; for no creature of this world has been successful in entering the Kingdom of Heavens again; nor shall any of them enter; while the strange beast continues to exert on you its strange influence; for up to the last instant, second by second, you are drawing away from the Kingdom of Heavens; up to the last instant, spiritually and materially, you shall be trialed; for every spirit is trialed in life; the strange beast starts to agonize; for its reign is coming to an end; for even the demon has got his hours numbered; the demon and his odd reign do not reach the year 2000; for the Final Judgment starts; the judgment to an odd life system, not written in the Kingdom of Heavens, starts; the most expected event by the oppressed of this world starts; the greatest event awaited by all the generations who have passed through this world starts; the greatest Revolution of this world starts;

a Revolution which marks the fall of a strange way of being; a living which took the licentiousness of not taking the Father into consideration in the creation of a life system; the fall of a strange world who praised and worshipped the god gold; an ephemeral reign of darkness falls; what one believed would never end, comes to an end; the judgment requested by all the thinking spirits arrives; Alpha and Omega in the form of a Living Knowledge arrives; the Comforting Doctrine arrives; behold its arrival surprises everyone; for all are deluded and materialized; the beast has fulfilled its work; it has entertained everybody; the Final Judgment demands being instantaneous regarding what is of the Father; for the biblical term that says: Above everything, was requested by your own selves; those who requested in the Kingdom of Heavens to be the first in receiving the Revelation of the Father, and were not instantaneous, shall not enter the Kingdom of Heavens; just as they were apathetic and indifferent regarding the Father's affairs,

likewise shall they be treated when they leave this world; for they shall find apathy and indifference when they request justice to the Father; none of those who requested to be the first in receiving the Revelation were instantaneous when the instant and circumstances arrived, which were requested by they themselves; behold the first shall be the last; and the last, who were despised by this world, shall be the first; for your strange psychology influenced by gold made of your wait and consolations, the opposite to the destinies requested by each one of you; and as you did the opposite in the trials of life is that you shall also receive the opposite; many in this world think that they are the chosen ones by God; I verily say unto you that with your odd and immoral life system, no one is chosen before the Father; and those who are closer to the Father are not certainly the easy-attitude ones; the so-called rich of the world; these are the last ones to enter the Kingdom of Heavens; those who are closer to the Father are the ones who you thought

of the least; they are the same ones who you despised in the trials of life; for every despised one, finds love in the Father; the most long-suffering among the long-suffering are the first before the Father; the most despised among the despised, are the ones chosen by the Father; behold the suffering as a spiritual experience, is the first one before God; for those who requested the experiences of pain, have attained the Kingdom of Heavens; every spiritual pain or physical pain, imitated the divine mandate of the Father that says: Thou shalt earn thy bread on the sweat of thy face; every imitation of the divine living mandates of the Father, is infinitely awarded by the Father; the minor among you, is the greatest in the Kingdom of Heavens; those who self-exalted themselves the most in the strange life system of gold, are the last among the last in being able to enter the Kingdom of Heavens again; none of those who made others call them important in the odd life system of gold, shall enter the Kingdom of Heavens; and

no so-called important shall be resurrected in new flesh in the year 2001; I verily say unto you that all those who forgot the Father, in the trials of life, they shall also be forgotten in the approaching biblical events which are coming to this world; no ungrateful being shall receive any award from the Father; the Final Judgment shall make every strange immoral custom disappear from the daily coexistence; for during the trials of life, those who spoke bad words were drawing themselves away from the Kingdom of Heavens, in proportion to the number of bad words spoken; this drawing away is one of the many which came out of the odd way of thinking, from the strange psychology of the strange life system of gold; the human thinking is not just one; the human thinking is composed by 318 virtues; and all of them were subject to a certain inclination; all the virtues were trialed in good and evil; every evil is decomposed in a geometry which destroys itself; the thinking spirit is made and remade in its microscopic dimension; it advances

and fills itself of itself; it is transformed in magnetism to the rhythm of the noise which its ideas make; for by generating mental waves, called ideas, is to produce a microscopic noise; this noise is not felt by the creature; but, that noise shall become expansive and gigantic, as the invisible idea matures and becomes a colossal planet; that noise shall become the father noise of all the noises that emerge in the planet; all the content of the idea turns into matter; and since the idea was flesh and mind, the dust-creature is born from its own magnetism; the microscopic creature of flesh is born; it is born from the own elements of formation of the planet; I verily say unto you that everything was born a microbe; and that every microbe was born from the invisible to the visible; every gigantic thing was a microbe; before, now and after; the law of what is microscopic is fulfilled by everyone; he who was not little, does not see the Kingdom of God; the divine inheritance of the Father, has been happening from dimension to

dimension; forever and ever; what is microscopic is born from solar fibers; which are like invisible threads; what is microscopic is born in a dimension which gets expanded, and gets contracted all the same; what is microscopic has got the inheritance of the gigantic universe; for what is gigantic was also a microbe; behold the expansive inheritance of the living Universe of the Father; an inheritance which manifests itself infinite for each characteristic; the microscopic idea also expands and perpetuates its characteristics; every invisible idea when it gets materialized into a planet, does it in a microscopic time, space and philosophy; for the trinity in what is microscopic exists; the trinity in what is invisible; the trinity in the transfers from invisible to visible; the molecular trinity; the cellular trinity; the trinity in what is expansive; the trinity in what is contractive; the trinity in what is numeral; for neither the visible nor the invisible are disinherited; every microscopic beginning of any point of the cosmos, expands what

was and what shall be.-

**THE REVELATION PROMISED TO THE WORLD,  
SHALL GET EXTENDED THROUGHOUT THE WORLD,  
WITHOUT FORMING ANY RELIGION NOR ANY  
CHURCH; FOR FAITH HAS GOT FREE WILL; NO ONE  
REQUESTED THE FATHER TO BE EXCLUSIVE IN THE  
FAITH; IT IS MORE LIKELY FOR ONE WHO CULTIVATED  
THE STUDY OF THE FATHER'S SCRIPTURES, IN AN  
INDIVIDUAL MANNER TO ENTER THE KINGDOM  
OF HEAVENS, THAN FOR ONE WHO CULTIVATED IT  
THROUGH RELIGION; NEVERTHELESS, HE/SHE DID  
NOT HAVE PROHIBITION IN CHOOSING.-**

Yes little son; faith should have never been anybody's exclusivity; the beliefs are not monopolized; for all are trialed by the Father in their living free wills; this means that Father Jehovah is moved when he is searched for and studied by

individuality; it was written: He who searches shall find; and he who searches is the individual; he who searches is the humility contained in his interior; the humbler the search for the Father was, in the trials of life, the greater is the award; I verily say unto you that every search in the material temples, does not please the Father; for they overlooked the divine Commandment that says: Thou shalt not worship images, temples, or any resemblance; all those who did the opposite, have got points against; they must add up all the seconds in which they were inside the material temples; the Father does not take away from you the points of adoration for each second of adoration, you have got one little point of light; but you annul yourselves; for not respecting to the foot of the letter, the content of the Father's Scriptures; it would have been better for you not to have known the material temples; for you would not have points against; and you would be closer to the Kingdom of Heavens; every warning which came out of the divine Father, has

got its reason; every form of material adoration; came out of the free will of men; it did not come out of the Father; the Father does not praise Himself; for He is the greatest humility of the Universe; all the virtues in an infinite degree of purity are in the Father; behold every form of material adoration is a product of backward spirits; still attached to certain materiality; the more evolved spirits do not need the material adoration; for the concept they have of the Father's cause, surpasses the limits of the known matter; behold these beings are in the own people; and not in the creators of the religious rock; if these spirits had been more evolved, they would not have divided the world in so many beliefs; they would have sowed so much confusion; there is one God only; behold the tragedy of all those who followed the religious beings of this world; for none of them shall enter the Kingdom of Heavens; no one who got to know a strange religious belief, shall see the Father's Glory; the so-called religions are unknown in the Kingdom of Heavens; as every

philosophy that divides others is unknown; I verily say unto you that the human free will should have created an egalitarian belief; imitating the psychology of the Father as close as possible; the Father told you: All are equal before God; behold such equality could not be created in this world, for the ambitious spirits anticipated it; the creators of privileges; who wanted nothing from equality; these ambitious beings who are a nuisance in all the worlds, invented the odd capitalist system; in which some have got a lot, and others a little or nothing; the so-called religious did not have the sufficient morality in order to struggle against this strange unequal life system; they took the name of the Father for them; and they did not hesitate in getting allied with the authors of a life system which is illegal before the Father; for it is unfair; behold the cause of poor morality of the Catholic Church; or weak morality; for it became mundane; it traded with its postulate; and everything that allows being influenced by commerce is immoral

before the Father; for the morality of commerce is not a morality of a true spirituality; the true morality has nothing to do with self-interest; behold no religious rock shall remain in this world; for religion is not a tree planted by the Father; and it shall be pulled out from its roots from the human evolution; the rocks were trialed; rock means spiritual selfishness of the beings; who believe that their belief is unique; what is of the Father is not enclosed in one sole belief; what is of the Father is infinite; He is in all the thinking individualities; no selfish being of his own belief shall enter the Kingdom of Heavens; the so-called religious are the first to be judged by the Father; for they were the first ones to make use of His divine Name; Father Jehovah left a Gospel; the Gospel divides no one; the religions divide everyone; all in the world who got to know the strange division, shall not enter the Kingdom of Heavens; for such world imitated satan; who divided the angels of the Kingdom; no one requested the Father to divide others,

not even in the most microscopic way; it is why it was written: Only satan divides himself and he divides others; for every divided idea is inherited; no generation of this world has been able to enter the Kingdom of Heavens; nor shall any of the world of trials enter; because of the inheritance of division; one enters the Kingdom of Heavens just as one came out of it; one enters with the same innocence; an innocence which never saw any vice; not even the word division was heard by him/her; an innocence which did not draw away a single bit from the equality or communism taught by the Father; if men influenced in the innocences, they have to render account of it; I verily say unto you that if because of men the innocence stopped being so, it would have been better for those men not to have been born in this world; because of the strange life system of gold, the innocence of all the generations got corrupted; men should have created another life system that did not corrupt anybody; the ambitious beings of this world were

trialed; these demons who sow pain and injustice everywhere, promised the Father before coming to the human life, not to divide a world again; for they did the same thing in other requests of life; for every spirit is born again; every spirit requests the Father to know infinite forms of life; for nothing has any limits in the Father; including life itself; what is of the Father is not reduced to one sole existence; for nothing imaginable has got any limits in Him; those who sustained that there was only one life, shall not enter the Kingdom of Heavens; for they by thinking in a mean way themselves, closed their own doors, which would conduct them to the Kingdom; he who sustained that there was just one life, shall not have others; nor shall he be resurrected into a child of twelve years in the year 2001.-

Yes little son; belief is also living; everything that one imagined in life, is so; Father Jehovah is a God of living justice; for even death is living in his divine presence; millions and millions of beliefs speak before the Father and the spirit who cultivated them in the remote planetary dwellings; every belief that was mundane cries in the presence of the Father; many believe for one has to believe; or they believe for convenience; for material necessity;

when they go through trials, which they themselves requested, they believe; or they think they believe; none of these hypocrites shall enter the Kingdom of Heavens; nor has any of them entered; either one is sincere with the Father or one is not; every sincerity is living before the Father; those who cultivated the belief in illustration in the Father's Scriptures, are first in the Kingdom of Heavens; for they made the effort of searching; they cared and struggled against an erroneous psychology, which momentarily governed on Earth; they did not let the strange illusion, detached from the odd life system based on gold, totally trap them; the most microscopic care for what is of the Father, is awarded by the Father; your supreme struggle in the human life was to overcome such strange illusion; in which all were exposed to being drawn away from the knowledge of the Scriptures; that was satan's intention; who took the form of a life system; a malign idea that deluded the world with gold; and divided it in rich and poor; the demons

recur to the force in order to continue perpetuating this division; they were blind; and blind shall they fall; behold the weeping and gnashing of teeth of all of you; for there is no one who has not been influenced by the strange life system, whose god was gold; the sustainers of the so-called capitalism are guilty for you not to enter the Kingdom of Heavens; for you got to know darkness which you should have never get known; if these demons of the self-interested calculation had given you another more moral and fair life system, all of you would enter the Kingdom of the Father; even more, you would not have the need for a Final Judgment; because you got to know the violation to the law of God, is that you have a divine judgment; behold the same ones who condemned you not to see the Glory of the Father, shall make the transformations in this world; the Father makes use of His own enemies; He takes out the living light from darkness; for nothing is impossible to the Father; He even created His enemies; for there are angels

who become demons; and demons who become angels; everything is overcome by the Father's law; the Father is the only one Who comes out triumphant; for He can do everything imaginable; He gives time to the light and darkness to trial their philosophies; for the entire Universe requests in its respective law, to be trialed by the Father; for every known and unknown law were created by one same God; the Father did not create darkness; darkness is a product of infinite free wills in their way to perfection; and there is no one who has not known some darkness; for everything costs in the Universe; nothing is given for free; everything comes out of one's own effort; everything comes out of oneself; everything comes out of the knowledge learnt; your future physical body comes out of what was learnt; each one is in the future what he/she thought in the present; I verily say unto you that he who is not born again, shall neither know new bodies nor new knowledge; for each existence one obtains new knowledge; the more knowledge

a spirit has, the best it understands its Creator; one never ceases knowing Him; for nothing imaginable has got any limit in the Father; there is a Universe because its creatures requested infinite forms of life; and so shall it be forever and ever; the entire Universe is relative and expansive; the worlds succeed each other as the creatures think; each idea gives place to a future planet; the Thinking Expansive Universe never stops from getting more and more expanded; the Creator does not have any problems with His infinite creation; for He is infinitely perfect; it is imperfection which causes problems; when its protagonists do not fulfill the laws and Scriptures of the Father; when they give themselves odd life systems; when they let themselves be influenced by a strange morality; by strange customs; I verily say unto you that the Final Judgment of Father Jehovah, proceeds in such manner that it is as if all this world had lived instant by instant, to the foot of the letter of the Father's Scriptures; the Father does not take

into account, as far as awards are concerned, the strange and unknown life system, based on gold at all; for the Father supposes that this world fulfilled and fulfills the law of equality; just as the Father mentioned it in His Scriptures; behold the cause of the weeping and gnashing of teeth of a world which did not do what it should have done; it divided the world in nations and flags; and drew them away from the equality proper of the Kingdom of Heavens; without having lived it in the trials of life, no one enters the Father's Kingdom again.-

**THOSE WHO BECAUSE OF THEIR STRANGE AND  
LITTLE FAITH, DELAYED THE TRUTH TO THE  
WORLD, SHALL NOT ENTER THE KINGDOM OF  
HEAVENS; IT IS ENOUGH TO HEAR THE WORD GOD  
FOR THE CREATURE TO BECOME THE GREATEST  
INVESTIGATOR, ABOVE ALL THE INTERESTS OF THE  
WORLD.-**

Yes little son; the greatest spiritual trial that one can request the Father, is to be the first in receiving the Father's News, in the world where one is; those who saw the Rolls of the Lamb first are those who requested the Father such trial; I know little son that in your human free will, you would not show anything to those who have little faith; to those who only believe in the power of gold; to the deluded ones of the material life; to those who do not believe by illustration of the Father's

Scriptures; but you did it to please the divine free will of Father Jehovah; for the true faith in the Father, annuls the own free will; for the Father created it; all those who saw the Rolls and said nothing, shall not enter the Kingdom of Heavens; for they did the opposite to what was promised in the Kingdom; they promised the Eternal to be the first in divulging the Divine Revelation above everything; they promised to fulfill the content of the parable that says: He who has a mouth speak; he who has eyes see; he who has ears hear; they did nothing; they simply looked at the Revelation as one more newness, in their routinary lives; I know little son that you told them that your telepathy is permanent; that you would write all your life; but the blind did not realize it; they did not deepen into the consequences of such sublime Revelation; if they had been more profound and more investigating in God's affairs, they would have arrived into the natural conclusion that a new Doctrine would be born from that; I verily say unto you blind of the

true spirituality that you despised your entrance to the Kingdom of Heavens; no skeptical being of the worlds is permitted to enter the Kingdom; I verily say unto you that for each second gone by that your silence lasted, you shall have to pay it; one second of silent selfishness is equivalent to living an existence out of the Kingdom of Heavens; from the first instant in which your eyes fell on the Rolls of the Lamb up to the last instant of your repentance; if you do not repent all your life, the seconds are added anyway; behold the weeping and gnashing of teeth of those who requested to be the first in this world; it would have been better for you not to have requested it; for you would not be under public judgment; for what is of God is universal; the Revelation that you despised shall be spread throughout the Earth; it shall be translated to all the languages of the world; and there would not be a translator who shall not participate in it; for it is a little point of light they attain for each translated letter; the Father awards the most

microscopic as He punishes the most microscopic too; the minimal mental effort is awarded or punished according to its intention; I know little son that you are thinking of the so-called religious; *So it is divine Father Jehovah, by your divine grace is that I am remembering; I have never found in this life so much hardness and skepticism than what I found in their hearts!* A rock has got more sensibility! So it is little son; the rock is in its law; it is because of that mental selfishness that Father Jehovah called them Rocks in His Scriptures; upon this rock I shall build my Church; I wanted to tell the world through the First-born Son: Upon these selfish beings I shall trial their own beliefs; for every spirit is trialed in life; the Father's laws are equal for all the thinking beings; many demons of the vatican sect believe that the term Rock means eternity of the so-called Catholic Church; such profound error; Rock symbolizes spiritual hardness in the Kingdom of Heavens; mental selfishness; there is no rock that does not become dust; which means

that every so-called church passes into the dust of oblivion; the churches invented by men were also trialed; they belong to the world of trials; to the materialistic world; to the world which is leaving; in the new world there shall be no churches; for the commerce of faith would have disappeared; nothing of the material interest shall exist in the new world; I verily say unto you that the Father did not leave religions for this world; the Father left a Gospel; the so-called religions were invented by the free will of men; in an imperfect attempt for interpreting the Father's free will; a free will expressed in the Scriptures and Commandments; men failed in this attempt; for the religious beings served two masters; they served gold, represented in the capitalist life system, and they served the living God; Why did they serve gold and its creators? Did they not know then that no so-called rich would enter the Kingdom of Heavens? Did they did not realize the inequality and injustice of this odd life system? Behold the questions which the researchers and

historians of the future shall make themselves; I verily say unto you that every religious being shall be called Blind, leading other blinds; for because of them no creature of the world of trials shall enter the Kingdom of Heavens; it is more likely for one who did not even hear others talk about religion to enter the Kingdom of Heavens, than for one who heard it; the most minimal of the unknown in the Kingdom of Heavens, is enough for not entering there; no spirit divided in its mental concepts shall enter the Kingdom of Heavens; the religious beings divided the world in many beliefs, being there just one God only; only satan divides and he divides himself; in order to fight against the equality taught by the Father.-

Yes little son; the ideas are born through all eternity; in the celestial drawing it is taught that every idea was conceived before coming to life; for having the spirit a starting point, so do the ideas; no one is less before the Father; in the Kingdom of Heavens equality reigns in such degree that it escapes the human knowledge; the equality taught by the Father is called Celestial Communism; behold

every human thought which in its own thinking did not communicate its own feelings, shall not enter the Kingdom of Heavens; the most microscopic imitation to the Father, is awarded in the Kingdom of Heavens; and the most microscopic violation to His divine law, draws the creature away from the Kingdom; I verily say unto you that all of you promised the Father to imitate Him up to what is most microscopic, on the remote planet called Earth; one promises everything in the presence of the Father; but, not all the promises made to the Father are fulfilled; especially when the spirit requests to trial a life system, which includes the forgetfulness of the past; and when certain spirits which came from darkness, request the Father to know a world of the light; behold the human evil; behold the strange free will of certain spirits, who think selfishly; who only think for themselves; the spirits of evil promised the Father to overcome in life their own tendency towards evil; they requested an opportunity to the Father; for at any given instant

in the spirit's eternity, it decides to trial a philosophy of life; for it has free will; it has always had it; between the reigning free will out of the Earth, and the free will of those who are momentarily on Earth, there is an abyss of difference; on the Earth where you are, you are obliged by the whim of a few, who only see the power of gold and the force represented in the damned armed forces; they see the them as the only way to perfection; Such a severe blunder! Neither gold nor the force lead to the Father's Kingdom; for they are contrary to the divine sentiments of the Father; those who thought that way in life, shall not enter the Kingdom of Heavens; that way of thinking did not come out of Heaven; it came out of a demoniac influence of the spirits of darkness; of the same ones who requested the Father to know a kind of life, belonging to a world of the light; for nothing is impossible to the Father; every Father tries that any child who has gone astray, see the light; the spirits who request to be born again on remote planets, come from the

entire infinity; from infinite points of the cosmos; for they come in such quantities to the Father's call that a number of them has never ever been known; certainly the number as you conceive it, does not count in the Father; being Him the creator of every number and every imagined calculation; what is of the Father is measured by infinity; but, you know nothing of what infinity is; for you are just recent in the universal life; I verily say unto you that all those who not understanding what infinity was, denied it to the Father, shall not enter the Kingdom of Heavens; it is more likely for one who never knew the Father to enter the Kingdom, than for one who having heard about Him, denied Him his attributes; such is the trials of life; not for nothing one is in a world; not for nothing one enjoys life; I verily say unto you that the judgment which is starting for you, is a judgment to your own life system; to your sentiments and customs; to everything that you are; in flesh and spirit; for everything was created by a same Father; and every

law is subordinated to Him; I verily say unto you that when the Doctrine of the Lamb of God gets extended throughout the Earth, the world shall get divided; the Orient against the Occident; but it shall not be a war of killing; it shall be an intellectual rivalry; for the rock of the human selfishness shall be trialed once more; you shall be trialed up to the last instants of the divine events; for thus it is written in the Kingdom of Heavens; the life in which you are in shall be shaken by unknown laws up to now; and your spirit shall wake up as it wakes up from a dream; I verily say unto you that the labor which shall give place to a new world is starting; which means the greatest Revolution of this world; for everything that comes out of the Father is colossal; it affects infinite worlds; which one shall never be able to count; behold amidst this World Revolution, the world of trials shall be falling; the world that ignored for a moment, their own origin; and by coming what had to come, the Universal Judgment starts; certainly this world

only gets shuddered when they see a force which is superior to their own science; it is what is about to take place; and the greatest surprise shall take hold of every human spirit; a surprise similar to the surprise which is caused by a burglar; all that was written in the Father's Scriptures shall be fulfilled in the own world; in the individuals, character, spirit, nations; for nothing is impossible for the One who created everything; certainly each parable, each letter, each expression that came out of the Father, is prophetic; it encloses facts and events which are fulfilled through the centuries; for having the Father created everything, He also created the future of things; He created the facts, before the own facts got materialized; before the worlds were born, the Father knows which are going to be born; He knows their future histories, their future sciences, their future destinies; behold everything that is coming to you, the Father's Emissary already knows it; for he shall be given every power; starting with the universal telepathy; the

telepathy between the Trinity Father and the Trinity Son; the same one of the past; for the Father's emissaries do not act without control; just as you who requested control of your feelings, in order to develop them in life; the difference between this control among you and the one sent by the Father, marks an abyss; for you human creatures in order to have the divine universal telepathy, you shall have to be born again in such number of times as the number of molehills which are contained in the desserts of the worlds; there is the hierarchy of the living knowledge; behold a truth which was taught to you as the Salt of Life; the fruit that remains after one has fulfilled one existence; the sum of all the fruits creates the solar hierarchy; for every mental fruit, every idea generated by it, shines like a microscopic sun; which by continuing being born in the eternity, becomes a First-born Sun; it is for that reason that it was said to you: And the truth shall arrive shining like a sun of wisdom; behold the divine telepathic complement of a parable that

was written many centuries ago already; so to trial  
your degree of investigation in the trials of life.-

**MANY OF THOSE WHO REQUESTED TO BE THE FIRST

Yes little son; the first ones who did not recognized what they themselves requested in the Kingdom of Heavens, shall be the first in the weeping and gnashing of teeth; it is the intellectual surprise; the error of the first ones was to see the Revelation like one human more work; they did not recognize the seal of God; likewise they shall not be recognized when they request to enter the Kingdom of Heavens; they requested the trial of being the first in seeing the Revelation; the Kingdom of Heavens fulfilled the request; they did not fulfill; he who remains silent before what was sent by the Kingdom of Heavens, does not enter the Kingdom again; behold the first protagonists of the divine parable, which for centuries was like a warning, so that no one would be surprised for what was to come from the Kingdom of Heavens; And the truth shall arrive like a burglar; behold the first ones who were surprised by the own surprise; this shows the entire world what happens when the creatures are influenced by a strange forms of faith; those who did

not recognize the Revelation, were influenced by a form of faith which included the mental division, regarding one sole and only God; not getting into an agreement during an entire life, so to achieve an egalitarian concept of a same God, conducted them to the tragedy of not entering the Kingdom of Heavens again; this disagreement influenced everyone, and all those who were influenced shall not enter the Kingdom of Heavens again; behold the odd work of the religious rock; the strange form of faith, which came out of the human free will, which included confusion and disharmony for its own followers; behold the blindness of the rock; they were so hard and selfish in their form of faith, that the divine Father Jehovah compared them with the hardness of the rock; rock means mental selfishness, in the Kingdom of Heavens; believing that one's own faith is unique, is to become a mental rock; they are just one step from fanaticism; fanaticism stops in one reasoning, and its author limits himself; every so-called religion limited itself; this

voluntary limit is one of the causes for the religious fruit to get divided; the religious beings of the world shall have to respond before the First-born Son, on the basis of what cause they invented the strange form of faith, called religion; the divine Gospel of Father Jehovah does not teach such thing; for the divine Gospel divides no one, nor does it trade with anyone; all the opposite; the divine Gospel of Father Jehovah warns and tells that no trader enters the Kingdom of Heavens again; certainly the first ones who negated, shall curse the odd influence of the rock; for if the religious rock did not exist, the world of faith would not be divided; and the so-called christian world would have a better chance to enter the Kingdom of Heavens again; for nothing that is divided enters the Kingdom again; every mental division is an imitation to satan; who in very remote times, divided the divine Father Jehovah's angels; that is why it was written: Only satan divides and he divides himself; which means that every mental division speaks before God, in its

law of division; just as all the creation speaks; the so-called religious beings did not have the mental ability for keeping the worlds of trials united, in one sole and egalitarian concept of one God only; their intelligences could not conceive the infinite grandeur of God; they were null in the true spirituality; the true spirituality unifies; the false spirituality divides and perpetuates confusion; this strange confusion regarding what is of God was requested by nobody in the Kingdom of Heavens; nothing unfair is requested to God, the culprits of such an odd confusion pay such strange work themselves; those who spoke more of God in the trials of life, are the greatest culprits in the world; for they did not only defend one sole master, but many masters; among others the master of commerce, the master of idolatry, the master of division, the master of the material adoration and the rich masters; with such an odd conduct it is impossible to serve the true God; the so-called religious did not have the true humility to be called God's servants; for they do

not constitute the most long-suffering among the long-suffering; the true humility does not need the material adoration in order to express itself; all very much the contrary; the odd material adoration, by dividing the fruit also divides humility and all the other virtues of the human thinking.-

Yes little son; the celestial drawing shows that every world came out of the same law and the same

place of the cosmos; this was said when it was said: Everything came out of one God only; the planets as they are disappearing due to planetary aging, are leaving their inheritance in the Book of Life; also known as the Solar Television of the Macrocosm, called Kingdom of Heavens; inheritance is transmitted by the own ideas which a spirit generated, who lived in a determined world, even if this has disappeared; for from the most invisible idea, a planet emerges; for everything imaginable of God's living Universe, sprouts and gets expanded without ever stopping; every planet was an idea and every idea came out of a planet; for the creature who generated the idea, lived on a determined planet; this creative law was announced in the divine Gospel of Father Jehovah; it was written: Each one makes his own heaven; which means that it is an entire universe which all have; in which each idea generated in the trials of life, is equivalent to a microscopic planet; if the creature generated ideas which included immorality, he/she created a future

hell-planet for themselves; for evil as well as goodness, are expansive magnetisms; if the creature generated ideas which included the Father's morality, such creature created future paradise-planets; all have got the creative inheritance of the Creator; the divine Father Jehovah creates in a colossal way and His children in a microscopic way; what is up above is the same as down below; every inheritance that came out of Father Jehovah is expressed by infinite hierarchies; in which each world or sun of the Universe, represents a galactic hierarchy; it is the eternal succession of hierarchies; the Thinking Expansive Universe has got its own eternity; an eternity is always born from the own creatures; and the most microscopic unit of eternity is constituted by the own idea; the idea is like a grain of mustard or any element; it is born, grows, and gets extended in other creatures; the worlds carry their customs and legends to other worlds; and he who practices customs and reads legends, these become ideas; and these at the same time in microscopic planets;

this Revelation explains for the first time, one of the characteristics of the infinity of God; the fact that future colossal planets are born from the ideas, is just one of His infinite forms of creating; what is of God has got no limits in anything imaginable; that is why it was taught that God is infinite; he who exalted what is of God in his own thinking, should have never put any limit to His infinity; not even a molecule; those who limited their own God, shall not see their God; for it is enough to negate Him, and one does not see Him; it was written as a warning to the world of trials that Jehovah God was very zealous in His laws; even jealousy was created by Him; behold every negation of what is of God, also negates the negating spirit; for every mental negation speaks in its laws of negation before the Creator; every negation to what is of God, even if it is the most microscopic negation, always provokes weeping and gnashing of teeth in the negating spirits; this is infinitely inevitable because everything that exists was created by the

Father; what is known and unknown; no creature in the Universe has never ever been right in their negations; for everything imaginable exists in God; the mental negation to the infinite power of God is always a tragedy to those who request life trials; and who in such trials they request the forgetfulness of the past, which they do not know; they do not know the sensation of living on some remote planet, what they had always known by name in the Kingdom of Heavens; in the Kingdom the spirits see and listen to the experiences of other spirits who requested experiences in some remote world; and the spirits get enthusiastic and request to go through the same experiences which others went through.-

Yes little son; the so-called Catholic Church as all the spirits of the Universe, requested before Father Jehovah to be instantaneous in every truth; no one requested the Father to delay Him in his divine laws; in any imaginable way; this is why all requested and promised the Father, above all the imaginable things; behold the weeping and gnashing of teeth of all those who did not tell others the

presence of the Revelation in this world; the generations of the future shall say that they were surprised; they were surprised as a burglar does; the list of those who knew about the existence of the Revelation of Father Jehovah shall be known by the world; their names shall be known in all the languages of the Earth; for every thinking spirit requested a Final Judgment; without hiding anything; for everyone with no exception requested a judgment which in its laws, is similar to the judgments which are seen in the Kingdom of Heavens; every creature has the natural tendency of imitating in the remote worlds, what he/she saw in his/her place of origin; what all of you saw is not seen in your odd life system; yours is influenced by selfishness; for the laws of your life system came out of a strange self-interested psychology; everything in your strange world is done by thinking in the self-interest; it is not done by thinking in the Father's laws; if it had been like that, you children of the Earth would be living a fair and egalitarian life

system; for as you know well, Father Jehovah taught you that all are equal in rights before God; I verily say unto you that every odd life system that did not want to imitate the divine teachings of the Father, shall not see the Glory of the Father; for the most microscopic imitation of the Father's teachings, is infinitely awarded by the Father; the no imitation to what is of the Father, within the laws of the free will, draws one away from the Father; the most microscopic mental effort is awarded by the Father; and among all the microscopic mental efforts, first is what was thought about the Father; behold your fall for lacking of imitation to the Father; imitation is living before the Father; all of you requested to know imitation; there are infinite kinds of imitation; the entire thinking is constituted by microscopic hierarchies; the greatest microscopic hierarchy is that which in its own thinking, imitated the Father above all imaginable things; for every imagination was created by the Father; exalting the Father has got as

a unique cause that everything imaginable was created by the Father; exalting the Father is to recognize his infinite creation; which includes the same one who recognizes Him; when one is in the Kingdom before the Father, everybody promises Him this and that thing; but, commonly just a few fulfill it; the long-suffering and the humble fulfill; I verily say unto you that every so-called religious, who negated the Father in Revelation, shall not enter the Kingdom of Heavens; just like they negated Him, they shall also be negated in other existences, in other worlds; what is up above is the same as down below; behold it is more likely for a worker, who with his philosophy of work divided nobody, to enter the Kingdom of Heavens, than for a religious to enter; who with his strange religion divided many; I verily say unto you that none of you requested the Father to divide another; in any imaginable way; not even in the most microscopic; for all of you knew in the Kingdom that satan had divided the angels to the Father; and none of you

wanted to imitate satan even in the most minimal way; for you knew by knowledge that every divided one who came from trialing lives, from remote worlds, would not enter the Kingdom of Heavens again; it is for this reason that it was written: Only satan divides and he divides himself; behold why no religious being of the world enters the Kingdom of Heavens; for they divided the Father's children; they sowed the mental confusion in those who searched for the Father, in the trials of life; no one in this world shall defend them; for because of the religious rock, the so-called christian world shall not enter the Kingdom of Heavens; behold the light about the divine biblical warning: And there shall be weeping and gnashing of teeth; for the strange influence which the religious rock exerted in this world was great in this world; everything had to be fulfilled up to the last instant of every requested time; all the trials of life which are contained in having come to this world, were requested by you yourselves; and up to the last requested instant,

the religious rock negated the Father turned into Revelation; the own confusion created by they themselves, made them fall; for they looked at the true Revelation as one more among others; behold I shall divide every rock of mental hardness; for Rock means mental Selfishness in the Kingdom of Heavens; and it means spiritual Hardening; which means that when the creature acquires some knowledge, he/she gets enclosed in it; he/she does not keep on searching for the truth; I verily say unto you that all those who limited themselves, shall have a limited award; for it was written that all shall receive according to their work; he who made more efforts in the search, shall have more; he who made less effort, shall receive less; behold everything that your mind studied, has got no limits; for it continues living after your life; just as your thinking spirit continues living; and I verily say unto you that all of you shall meet again out of the Earth; behold all those who progressed a little in the trials of life, is little in power out of

the Earth; and all those who searched more, are great in power out of their planetary dwelling; I verily say unto you that one is great in the eternity to the extent that how the own spirit searched in its planetary trial; the religious rock by not telling the truth to the world, took spiritual power off of each one; for from the right instant in which the rock knew that a Revelation was being written, millions and millions of seconds have gone by, which for every thinking spirit represents to get closer or to enter the Kingdom of Heavens; for each second lived in a trial of life, draws the creature who requested the living trial near or far from the Kingdom; according to the use he/she made of their free will; according to their serving good or evil; behold this true shall shudder the world which got to know the strange religious influence; those who did not get to know this tree not planted by the Father, are closer to the Kingdom of Heavens; for throughout life, the total number of generated ideas was not influenced by a strange division; he

who followed and cultivated religiousness got divided, and they do not enter the Kingdom of Heavens; I verily say unto you that none of those who got to know the so-called religion has been able to enter the Kingdom of Heavens again; since the world is world; the laws of the Father are from all eternity; behold when the new Doctrine of Father Jehovah gets published, the beginning of the total fall of one of the trees which Father Jehovah did not plant starts; certainly the Father could leave the reign of the church, as long as it had never violated the law even in one molecule; but, it did not happen that way; the so-called religious should have never ever recognized the odd life system, which came out of the laws of gold; they, by speaking in the name of God, represented the equality of the Father; they did nothing in order to overthrow the great demon; the great demon took the form of a strange life system; behold you religious beings of the world should have become the greatest revolutionaries of this world; my First-born Son

fought against the strange and immoral way of living of the Roman emperors; they ordered to kill him; and false prophets, Why did you not fight against those who sustain an immoral way of living, which is an entire immorality before the Father? I verily say unto you that a revolutionary is worthier than you; for every revolutionary is a prophet in the Kingdom of Heavens; every revolutionary requested and promised the Father to change strange and immoral life systems in the remote worlds, which like yours scandalize the divine morality of His Scriptures and Commandments; I verily say unto you, religious of the world, that you by serving two masters perpetuated injustice and immorality in this world; for you said you were serving the living God, and at the same time you recognized the master of gold; you legalized the master of gold with your odd attitude; and you perpetuated his immoral reign; I verily say unto you religious of the world, that you shall pay up to the last molecule of pain and injustice, which you

made others feel; in this generation, in other existences, in other worlds; you should have never had exalted yourselves in an unknown and strange life system; you knew that everything which comes out of gold is immoral; you knew that every sin which was born in every mind which lived the immoral life system, gold was the cause; and you blinds leading other blinds, also built a golden calf for yourselves; you also got tempted and created your own beast of gold; Do you not have then your own bank? Do you not have then the biggest properties of the world? How much does a lavish cathedral cost? Hypocrites!! You have got your days numbered; with such immoral way of living you want the world to be meek; in order for others to see the light, it is necessary to see it in yourselves first; I verily say unto you that nothing shall remain of you; for every philosophical tree of a strange and dubious morality shall be pulled out from its roots by the new Doctrine of Father Jehovah; because of you who brought out a strange adoration to the

Father in this world, no catholic of the world shall enter the Kingdom of Heavens; for you divided everyone; with you no one got to know the equality taught by the Father; those who got closer to the equality taught by the Father, were the revolutionaries of the world; and not because of that, They do not render account of their acts to the Father?! for they also requested the trials of life; but, their living moralities exalted the Father; for every revolutionary promised himself to give even his life, in order to give justice to others; they drew closer to the divine mandate: Thou shalt earn thy bread on the sweat of thy face; for being a revolutionary costs a sacrifice, persecution, intrigues, deceits and they are even murdered; I ask you religious of the world, Who could be the first in the Kingdom of Heavens? You the so-called rich or the revolutionaries? Certainly the most sacrificed; behold no rich or easy-attitude being of the odd life system of gold, shall enter the Kingdom of Heavens; for in the Kingdom no one knows either

rich nor easy-attitude ones; both are a product of an immoral way of living, unknown in the Kingdom of Father; and I verily say unto you that neither the rich nor the easy-attitude being requested the Father to know immorality in their own living; and if they requested it, they promised the Father to oppose a mental resistance to it; that is why your request of life is called the human trial of life in the Kingdom; every trial which included to know certain form of evil or darkness was requested by promising the Father to triumph against evil, by applying laws of the light; do not confuse this law; to request what one does not know is a normal and divine law in the Kingdom of Heavens; the spirits in virtue of their free wills, insist before the Father; and the Father who can do everything imaginable, concedes everything; laws which could seem to you incredible and even absurd are requested to the Father; according to the human concept which you may have of it; that is why it was written: There is everything in the Lord's Vineyard; this everything

is infinite; for the Father created everything; the Vineyard is the Universe with its worlds and suns; behold the light for every understanding is done; for all of you defend the free will in any point of the Universe, in which you may be at; no one wants to be less; neither being up above nor down below; for what is up above is the same as down below; the divine equality of the Father is everywhere; even if one lives and fulfills different laws; behold the equality dreamed of by every humble and simple being shall come true in this world; for every world or life system reigning on the planets, have got their time; and along with the time one requests a limit; I verily say unto you that you knew neither the time nor the terrestrial limit; everything that one does not know, requests the Father to know; and every request of the children turns into life when the divine free will of the Father wants it so; this is to make the light in each one who requests it; behold when the Father makes the light, He does it in all the imaginable

times, spaces and philosophies; for as you were taught, what is of the Father has neither a beginning nor an end; it is infinite; as you were taught that your world was created in a few days, so was it; for your planet was first a microbe, a microscopic planet; behold the light of your origin is coming to the world; for you requested the light; you requested it in the form of Doctrine; for it is one of the forms of understanding of your understanding; he who did not want to understand in this opportunity, shall not understand anymore in this world; for they shall stop living here; for everything has got its time and every time has got its everything; for no one is disinherited in the Universe; neither matter nor the spirit; the living understanding is born in order to understand more; for what is to learn in the Father is eternal; what is of the Father is not circumscribed to just one existence; for you were taught that your God is infinite; I verily say unto you, those who did not believe in the Father's power, shall not enter the Kingdom of Heavens;

nor shall they be resurrected into children of twelve years old; for that is the award for those who cultivated the living faith; the skeptical being who had an entire life in order to choose, expect nothing from the Father; the skeptical beings have never been awarded; nor shall they ever be; all the Thinking Expansive Universe is impregnated with the divine faith of the Father; with a divine and infinite faith, your Father made all the things; matter in its laws and the spirit in its laws know when one does not believe in them, and by knowing it, they do not give their participation to the skeptical being; for matter and spirit have got free will in their respective laws; behold the weeping and gnashing of teeth of every skeptical being; for every skeptical being shall see with their own eyes how others are resurrected into children; behold a mantle of feeling shall cover the surface of the world; for millions and millions who did not believe, shall cry all their lives; behold a drama already written many centuries ago; and there shall be weeping and gnashing

of teeth; for those who did not believe shall feel that death will inevitably take them; the world shall never witness anything like it in its planetary life; an era which shall be remembered by many generations; an era which came out of the strange life system of gold; an era which is the fruit of a darkness already lived; an era which shall be seen as a painful warning to those who shall live in the Millennium of Peace; an era which shall remind the generations of the future the form which satan took, in order to deceive and divide the world; a strange form called capitalism; a strange form which built entire generations' hopes up; which swarm out of the Kingdom of Heavens; for their innocences were divided; and no divided innocence enters the Kingdom of Heavens again; behold the fruit-tragedy which came out of those who took the licentiousness of giving the world an odd life system; for those who created the so-called capitalism in this world, did not take the Father into consideration; they did not consult His Scriptures; I

verily say unto you that if these demons of licentiousness had consulted the Father's Scriptures, as they promised in the Kingdom of Heavens, this world would enter the Kingdom of Heavens; for it would not be an odd life system to the Father's Scriptures; everything that is strange to the Father's Scriptures, does not see the Father's Glory; behold the guilt of those who got inspired in gold in order to give justice in this world; I verily say unto you that no justice with a strange influence is awarded in the Kingdom of Heavens; the justice of your world is a self-interested justice; the joy of your world is a joy with pain; everything is faked in your strange life system, for the strange psychology which came out of the interest towards gold, is constituted with shrewdness; which is the own demon in action; it is the own satan, who also used shrewdness, in order to make your first terrestrial parents go astray; behold satan took the form of an interested life system; a strange psychology which came out of illusion; every creature who

built his/her hopes up on what was strange, does not enter the Kingdom of Heavens; no one requested the Father to be deluded in the trials of life, to the degree of forgetting Him; forgetting their own Creator; even illusion is living before the Father; there are infinite kinds of illusion; the best illusion that saves is faith; faith is in a certain way an illusion in the trials of human life; behold when faith is inspired in the Father, attains eternity; your Creator also feels and has got sentiments too, just as you do; what is up above is the same as down below; the Father awards in an infinite degree those who by not seeing Him, believed in Him; for such an act of faith is the greatest and sublime of all the laws of the Universe; it is more likely for those who believed in the existence of a Creator to enter the Kingdom of Heavens, than for those who negated the Author of their own lives; he who denies, fulfills his destiny; he goes to worlds in which everything is denied; for each one receives according to their work; according to their thinking; the most

minimal mental effort gives origin to a new work, and there is no work which does not have a microscopic mental beginning; everything that the eyes see came out of what is microscopic; for matter and spirit request time, space and philosophy in order to mature; I verily say unto you that he who is not born microscopic or humble, shall not see the greater Glory in the Father; for being the Father fair and perfect, gives everyone an equal opportunity; no one is less before the Father; everything that is imagined had a microscopic beginning; what it was, what it is, and what it shall be; behold the only beginning of everything; the explanation of every beginning in the things has no end; for a microbe succeeds another microbe, in the living Universe of God; what came out of the Father has neither a beginning nor an end; that is why the Rolls of the Lamb do not have an end either; to explain how all the things were done, was requested by all of you; you requested the Father to know the origin of everything that your mind would

understand; for the living Universe of the Father is not reduced only to the human understanding; for no one is unique in the Creation of the Father; only the Father is unique; and being unique, He expresses Himself in infinite forms of life; every life of every world returns to the Father; like a son returns home; the creation of Father Jehovah is eternally successive; materially and spiritually; so it is that knowledge is too; every belief has got its time; for every belief requested to be trialed in the trials of life; matter and spirit are trialed in their respective laws; this means that everything in the creation has got a galactic history; for no one is disinherited in the Father's creation; the living histories exist and have always existed; behold existing everything imagined in the Father, all the Universe becomes a legend; every fantasy becomes a reality in the remote galaxies; what one cannot verify in one world, it is verified in another; the living legends succeed each other as a new life is born; materially and spiritually; every legend

becomes a universe; for everything imagined has got the divine right to know the equality taught by the Father; for everything imaginable was created by a same Father; behold in every world where a form of equality arrives, the Father arrives; His divine philosophy is implanted, I verily say unto you that it is more likely for the Father to visit a world where His divine equality is lived, than to visit a world where licentiousness reigns; behold the Father in His divine free will, awards the righteous, and punishes the unrighteous; a righteous world is that which was governed by the Father's Scriptures and Mandates; an unfair world is that which took the licentiousness of creating a life system without consulting His Scriptures and Commandments; your world belongs to this last category of world; the greatest part of your suffering came out of yourselves; they did not come out of the Father; because of a group of demons with a complex to the excessive possession of gold is that you undergo suffering; I verily say unto you

that no strange complex-ridden being shall remain in this world; no one requested the Father to possess to the degree of making others undergo suffering; for suffering is not known in the Kingdom of Heavens; it is more likely for one who opposed mental resistance to the complex of possessing more than others to enter the Kingdom of Heavens, than for one who did not struggle in his mind against such possession; behold the weeping and gnashing of teeth of all those who had more than was taught; I verily say unto you that all those who had one more molecule than what they should have had, shall not enter the Kingdom of Heavens; for no one requested the Father to have one molecule in excess; for every molecule is living before the Father; and being living, it has got free will; and it accuses the spirit of illegal possession, before the Father; of non-concordance with the divine living law, taught by the Father; behold the weeping and gnashing of teeth of an entire world, a world that not fulfilling what was promised to the Father,

above everything, got compromised with trillions and trillions of molecules; for the Father's equality is also in what is invisible; for God is everywhere; He is in what is seen and in what is not seen; you live a present, a present which you do not see its interior; you only feel it; one part of the interior forms a physical part of the ideas that you generate daily; I verily say unto you that even the ideas generated by you in the trials of life, are judged molecule by molecule; for such is Father Jehovah's expansive equality; the Final Judgment which you requested, was requested above oneself and above everything; this is, above every imaginable thing; this means that the Revelation-Doctrine explains everything that the thinking being searched for in the trials of life; and having it explained everything, it makes public what is to come; and in the form it will come; certainly no human knowledge shall be able to give light in what it requested as a trial itself; once more it had to be a solar hierarchy; for thus the law is made for this part of the Universe;

being the Father's law egalitarian, there is variety, relativity and the apparent inequality in it; but everything requested equality in its laws; equality is felt within the requested living law; each thing and each law constitute themselves in dimension; which means that everything that was created came out of the same point; what comes out of a point, returns to that point; it returns through the same way which made possible its appearance on a determined planet; as time passes by, every dimension becomes galaxies; everything matures in the Father's living Universe; that everything constitutes the invisible and the visible; what is seen and what is not seen; as everything imaginable matures, is that knowledge also matures; one knowledge succeeds another; just as the generations succeed each other; so it is that the own Revelation which came out of the Father's free will, manifests itself by fulfilling the same law; divinity is the first in fulfilling the laws of a determined world; this is why it surprised the same ones who requested to

be the first in receiving it; this surprise with forgetfulness towards the Father had as a unique cause the strange influence of a strange faith; of a strange humility; which came out of a strange and immoral life system; many of those who requested to be the first in seeing the Revelation did not believe; they looked at the Rolls of the Lamb as any scripture; behold the fall of these blinds; their names shall pass into the history of the world; and many shall serve as an ungrateful example, because of their lack of faith; their names shall be synonyms of skepticism; just as Judas was in his treason; although I verily say unto you that Judas is closer to the Kingdom of Heavens than the most illustrated among all the illustrated beings, which your odd life system produced; Judas did not have illustration; and it is more likely for an ignorant who lived poorly to enter the Kingdom of Heavens than a wise man who was not poor; for the more a creature exalted him/herself, in an odd life system, the more rigorous the Father's law of judgment is; for

the self-exalted is further away from the equality taught by the Father; the poor for undergoing poverty is closer to what was said by the Father; and being closer to the Father, his award is greater; this is why your Father Jehovah, anticipating your appearance on this planet by centuries, prophesied: Every humble is first in the Kingdom of Heavens; every humble shall be exalted, and every big one despised; behold every divine parable said by the Father turns into reality as time goes by; I verily say unto you that everything expressed by the Father in his Scriptures, everything shall become materialized in this generation; for you requested it; everything imaginable is requested in the Kingdom of Heavens; this generation shall be called the Generation of the weeping and gnashing of teeth by the generations of the future; for the Final Judgment is marked on you; the end of an odd life system starts with you; which this humanity should have never ever known; for it was an immoral life system; no one requested the Father to be exploited

in any imaginable way; this only fact is an immorality before the Father; behold the weeping and gnashing of teeth of this world; which extolled gold more than the Father; which extolled one of His infinite creations; for gold is also living before the Father; gold speaks before the Father in its laws of gold; behold a story which shall shudder this world; a story which shall explain the world how it conceived its own fall; it is a galactic story; a story as there are infinite ones in the Cosmos; a story which was born at the beginning of your beginning; for every planetary beginning comes from another beginning; and every beginning is full of infinite beginnings; all of them coming from the same beginning; this means that in all the living Universe of Father Jehovah, there is a hierarchy in everything imaginable; including the beginnings; the hierarchies of the Universe are the Alpha and Omega of an infinite Galactic Organization; and you yourselves are so; for no one is disinherited in the Father's creation; behold what the Father said, was

sensed on Earth; many children of the universal knowledge have written about the Cosmos a lot; I verily say unto you that if what they wrote did not exalt the Father, above everything, you shall not enter the Kingdom of Heavens; for each letter and each expression of your work shall accuse you before the Father, of violating what you yourselves requested in your trials of life; the term: Above everything came out as a promise from your own selves; for you had free will when you asked the Father to know what you did not know; the same free will which you have in the human life; what is up above is the same as down below; behold a light which shall make almost all the authors of books of the world; for those who praised the Father in their work are counted with the fingers; counted with the fingers are those who in their written work wrote the first dedicatory among others, to the Father; I verily say unto you that every writer who was ungrateful towards his Creator, shall not see his Glory; nor shall they be

resurrected into children of twelve years old in the year 2001.-

**ALL THOSE WHO CONSIDERED THE REVELATION OF FATHER JEHOVAH LIKE A SIMPLE IDEALISM, SHALL NOT ENTER THE KINGDOM OF HEAVENS; THE INFINITE UNIVERSES EXIST FOR IDEALISM WHICH CAME OUT OF THE FATHER; EVERYTHING THAT EXIST EMERGED FROM A MICROSCOPIC IDEA; THE DIVINE IDEA WHICH CAME OUT OF THE FATHER STILL CONTINUES GETTING EXPANDED AND ALL THE OTHER IDEAS WITH NO EXCEPTION, CAME OUT OF THE IDEA WHICH CAME OUT OF THE FATHER; THE FIRST IDEA DIVINE-MENTAL SAID BY FATHER JEHOVAH, WAS: LET THERE BE LIGHT AND THERE WAS LIGHT; AND EVERY THINKING BEING GENERATES IDEAS WHICH AS TIME PASSES BY, BECOME MICROSCOPIC PLANETS, OCCUPYING ITS RESPECTIVE PLACES IN SPACE; THAT IS WHY IT WAS WRITTEN: EACH ONE MAKES HIS OWN HEAVEN; THE CREATION WHICH**

Yes little son; I know that you are thinking about the University of Tacna; you see son, that those who requested the Father to be the first in seeing the Revelation, are the first ones in denying it; these children confused what is of the Father, and what is of men; they placed the Revelation which came out of the Father, in the same human laws; it is true that the Father is everywhere imaginable; for everything imaginable becomes living before the Father; but, these children forgot that the Father has also got a divine free will; just as the children have it; what is up above is the same as down below; every child who denies what he himself requested in the Kingdom of Heavens, shall not enter the Kingdom of Heavens; for negating the Creator of everything is not written in the Kingdom; and what is not written in the Kingdom does not enter the Kingdom; I verily say unto you selfish

beings of the University of Tacna that because of you, no child who belonged to this university shall be able to enter the Father's Kingdom; for before you came to life, you promised the Father, above everything, that anyone of you would receive the Revelation; announcing it to the entire world; all the spirits of that University agreed on that; and since you promised everything above everything, that includes the no entrance to the Kingdom of Heavens; for everything imaginable is requested to the Father; getting together by groups in any order of things, fulfills this law; because of you selfish beings of the intellect was it written: He who has a mouth speak; he who has eyes see; he who has ears listen; it means that one has to make the Father's News known; since you requested to fulfill what is of the Father above everything imaginable, is that you shall have to pay this selfishness, second by second; you shall have to add all the seconds, of the time in which you hid the truth to the world; this law is for all those who saw and heard others talk

about the Rolls of the Lamb in that University; only two children fulfilled in a certain degree what they themselves promised the Father to fulfill; they do enter the Father's Kingdom; never ever has selfishness been awarded in the Kingdom of Heavens; for it is not known; and everything that is not known does not enter the Kingdom; I verily say unto you selfish beings of the intellect, that is spite of your odd opposition to what is universal, the Father shall extend his law anyway; your strange behavior is the same that you had in the era of the roman despotism; for if every spirit is born again, every spirit has lived in different epochs; you still keep the selfish rock; you shall soon be before the Father, requesting an opportunity; it has happened many times already; you shall have an opportunity; but, you shall not enter the Kingdom of Heavens; until you pay up to the last second of your selfishness; for each second of selfishness, you shall have to pay it by living an existence out of the Kingdom of Heavens; behold every life is so, due to debt and

violation to what is small; time and matter complain before the Father; seconds and molecules; for having Him created everything, the everything returns to Him; just as you shall have to return; I know little son that you are wondering why these beings negated a Doctrine which was about to be published; I shall tell you son: These selfish beings were afraid of the truth; and they feared the reigning philosophy; which means that they live in a conditional freedom; they feared who they shall call mundane; they are blind in themselves, who live in a blind system at the same time; they are blinds leading other blinds; and all those who were blind, for it was convenient to them, shall not enter the Kingdom of Heavens; it is more likely for a real blind to enter the Kingdom of Heavens, than for a voluntary blind; the real blind did not see anything; the voluntary blind saw many unfair things and did nothing.-

Yes little son; this celestial drawing teaches in a celestial psychology, the House of Father Jehovah; a place preferred by the Father; for being the Father everywhere, He also has preferences; as His children of the Universe have them; what is up above is the same as down below; the House of Father Jehovah is the House of every child of the light; for no one is disinherited in the Father; the House of the Father is a common House for everyone; in the House of the Father one enters and comes out of it; from very remote places of the Universe,

one hears talking about the House of the Father; one lives the eternal Glory there; the creatures in the House of the Father have no number; for the House of the Father gets expanded at every instant; for His divine creation does not stop growing; the celestial time reigns there; one celestial second is equivalent to one terrestrial century; and it is so immense and infinite that you children of the Earth, are not known there; for none of you has entered the Kingdom of Heavens again; for it is an immutable law of every planet that made its laws opposing the Father's, to not to see the Father again; if your planet would not have known its strange and immoral life system, based on the laws of gold, you would enter the House of the Father again; your covenants with all the elements of the world in which you are were made there; for one goes to the remote planets to know new lives with first-hand knowledge; every cause is hereditary; it is transmitted from sun to sun; from world to world; for the mandates of the Father are not just

for one sole world; for what is of the Father is not enclosed in one world; His divine mandates, are fulfilled as the worlds and suns are being born; for nothing imaginable has got any limits in the Father; Were you not taught that your God was infinite? I verily say unto you that the concept that you have of the infinite is a microscopic concept; for in your requests of life, you requested to know the limit of things; and even so, you promised the Father to extoll Him in the human life, above everything; no one requested their own Creator of life to belittle Him in anything; certainly all those who belittled Him in power shall not enter the Kingdom of Heavens again; the term: Above everything, includes not to enter the Kingdom of Heavens again; Yes little son; I know that you are thinking of Doctor Barrera from the city of Tacna; and you wonder why he denied the Revelation; I shall tell you little son that this child, as there are millions in the world, cultivated a belief which did not include the Revelation; for he cultivated a strange belief,

influenced in a great degree by the psychology of the odd life system, based on gold; if this child had cultivated in life the real Gospel of the Father, he would have had greater care before what his eyes saw for the first time; for it was written: He who searches shall find; which means that it is not enough to reject a fact; one has to investigate it up to its last consequences; one had to become in the trials of life in the greatest investigator of the Father's affairs; for thus all the beings in this world promised it; they promised it above all the imaginable things; which means that above every human investigation, the search of what is of the Father was first; if it did not happen that way, it is because the thinking being found something strange on his way; just like this child of Tacna who remained with his mundane way of thinking, likewise shall he remain out of the Kingdom of Heavens; for being everything imaginable living before the Father, and having all the same rights before His divine presence, is that every Revelation,

letter by letter, do too; and the Revelation complains before the Father of having been despised on the remote planet Earth; and since all have the same rights, the complaint and the accusation is letter by letter; each living letter has got a free will, different from the others; and because of these little ones, every despiser who saw the Revelation and kept silent, shall not enter the Kingdom of Heavens; every Revelation was requested by them themselves; for everything that one does not know, is requested to the Father; every skeptical being who saw the Rolls of the Lamb before they were published, fell before the Father; certainly the odd religious faith spoiled them; these children distrusted everything that was a Revelation; and they drew away from the search of it; they were deceived by a false belief of what is true; it is not that they had bad faith in life; what occurred to them was that the chosen way was not of the truth; if the way chosen by their free wills had been the true one, the Revelation which they requested themselves,

would not have surprised them; for the Revelation would have encountered profound investigators; behold the fall of not only them, but of all their relatives; for each spirit requested the Father common laws; which means, it was enough for one to know it for all to know it; that is why, because of certain selfish beings this world does not enter the Kingdom of Heavens; for every common idea is expansive; it covers individuals, families and nations; what is common in the Father makes no exception of anybody; for it was taught that all of you are equal in rights, before God; behold the weeping and gnashing of teeth of every skeptical being, who let himself be surprised by the Revelation; behold the tragedy that leads to a knowing knowledge that is strange to the faithfulness of the Scriptures of the Father; what is of the Father is infinitely perfect; what is of the children, imperfect; and within that imperfection, all promised the Father to search for perfection; all promised to imitate Him in the trials of life; certainly no

living perfection, which did not take the Father's Scriptures into account, shall enter the Kingdom of Heavens; the own Scriptures shall impede them; I verily say unto you that the common law which you requested the Father, includes matter and spirit; for no one is less before the Father; behold another weeping and gnashing of teeth; for all those who making use of their free will, did not choose a common thinking in life, shall not enter the Kingdom of Heavens; it is more likely for one who imitated the Father in life, even if it was in a microscopic and imperfect way to enter the Kingdom of the Father, than for one who avoided what is of the Father; the most microscopic imitation of the Father is infinitely awarded by the Father; behold all those who thought with an influence of licentiousness, shall not see the Father's Glory; no one requested to live in licentiousness in the trials of life; licentiousness is from darkness; it is not from the Kingdom of Heavens; and in this world, licentiousness came out of a strange and immoral

life system, whose cause was the illusion towards gold; behold the weeping and gnashing of teeth of all those who got to know licentiousness; I verily say unto you that if the time in which you got to know this darkness was just one second, you shall not enter the kingdom of Heavens either; for this immoral second which you did not request in the Kingdom, corresponds living an existence out of the Kingdom of Heavens; behold the weeping and gnashing of teeth of an entire world; a world whose morality is strange and unknown in the Kingdom of Heavens; a world that build its hopes up on the power of gold; getting away from the real cause, which they should have known in the trials of life; certainly because of this strange illusion-sensation, no generation that felt it and lived it, has entered the Kingdom of Heavens again.-

Yes little son; all those who requested to receive the Revelation, all of them fell; the world shall know them; their names shall pass to the history of the new world; behold all of them disowned the own promise that they made to the Father; these

beings shall be despised by the world; for a new psychology shall be extended throughout the world; a psychology which shall be called the era of the weeping and gnashing of teeth; many of those who disowned the Father, are in the law of damnation; not a single molecule of their flesh shall defend them in the Kingdom of Heavens; for by disowning as spirits, they also disowned their covenants to enter the Kingdom of the Father; behold the weeping and gnashing of teeth of the first who requested in the Kingdom to have the glory of being the first in giving the News to the world; the Father fulfilled; the Rolls of the Lamb of God were shown to them in the instants and circumstances that they requested in the Kingdom themselves; for everything is requested in the Kingdom; every event that took place in the trials of life, is requested; one requests; and those who requested to receive the Rolls, requested all the circumstances and facts of it; I verily say unto you that many requested it at home, others at universities and schools; others to

be told by letters; by mail; not even one told another; and if someone did so, he told selfish beings; I verily say unto you that all those who despise the one who speaks in the name of Father Jehovah, he shall also be despised here in this world and in others; those who despised the Father's Emissary shall remain in the greatest misery; for thus they requested the Father themselves; no one requests the Father to be indifferent with His laws; all promise Him this or that; those who despised Him in this world, did so because they cultivated an odd faith in their lives; which came out of an odd morality; which came out at the same time of an odd life system based on gold; I verily say unto you children of despise that if you had not known the strange influence of such an odd life system, you would not have despised what is of the Father; and you could have entered the Kingdom of Heavens; for the Father gets moved with those who got moved by Him; I verily say unto you despiteful beings of the celestial law that by

despising the Father, you despised the greatest part of your destiny; you despised the own eternity; for none of you shall be resurrected into a child in this existence; that was your award; that was the agreement written in the Kingdom of Heavens; I verily say unto you that by your own eyes you shall see what you despised; you shall see that every long-suffering humble shall be resurrected in new flesh; he/she becomes a child again; for it is written that the new world shall be of the children; for theirs is the Kingdom of Heavens; every world is surrounded of a heaven; behold your weeping and gnashing of teeth; I verily say unto you that you missed the divine opportunity of being the first chosen ones of Father Jehovah; for having you been the first in proclaiming what is of the Father on Earth, the Father would proclaim you too, first in heaven; for what is up above is the same as down below; you requested infinite awards; for the divine awards of the Father have no limits in anything imaginable; Were you not taught that your God is

infinite? Behold what many of you did in this life, you did it in other lives; in other existences and in other worlds you did the same; you disowned the Father; for every spirit is born again in many planetary dwellings; to be born again is to reincarnate; both terms are the same law; behold your fall in this world, which is not the first one; imperfection is like that; one is born infinite times in order to conquer one virtue; behold one of the infinite meanings of the divine parable which was said to you: Thou shalt earn thy bread on the sweat of thy face; for every material law and every spiritual law cost to earn them; every living costs; for in each existence one learns new knowledge; new salt of life; behold every strange morality always causes a tragedy in the creatures; for this world shall be shuddered by its own work; by its own immoralities; for it was not inspired in the Father's Scriptures, when creating a life system; having this humanity promised it above everything; I verily say unto you that the divine Revelation comes to the

world, starting on the basis that all of you lived according to the Father's morality; and not according to gold's morality; the latter one is unknown in the Kingdom of Heavens; for every self-interest is of the demon; it comes out of darkness; I verily say unto you that he who lived according to gold, shall not enter the Kingdom of Heavens; for he is looked at as a stranger; I verily say unto you that everything that came out of such strange life system, which recognized gold as its god, impedes you to enter the Kingdom of Heavens again; your free will should have created an egalitarian life system; imitating the divine expression of the Father in his Scriptures: All are equal in rights before God; behold everyone's fall; for your spirit got to know division in all its virtues; which should have never happened; for you were told by the own Scriptures: Only satan divides and he divides himself; no spirit who got to know the influence of division, shall enter the Kingdom of Heavens; the most microscopic imitation to satan impedes the entrance to

the Kingdom of Heavens; the most microscopic vice that one had in the trials of life, likewise; So it is little son; every skeptical being of strange morality made the weeping and gnashing of teeth of the world to be even more painful; for by hiding from the world what they saw, what they did was to add their points of darkness; for they delayed the own Revelation; there are trillions and trillions of seconds gone by, since the instant in which Father Jehovah reincarnated in you; trillions of instants in which they did not believe in you; each instant is living in the divine presence of the Father; and each instant accuses every skeptical being; they accuse them of belittling them with a strange morality; which diminishes their own philosophy of serving Father Jehovah all the time, above every time; which is equivalent to say above everything; the instants cry; for the spirit did not believe; and for each tear of every little one, it is a remote existence which must be fulfilled out of the Kingdom of Heavens; behold a weeping and gnashing of

teeth of an entire world; which cultivated a strange faith; a faith with an influence of an odd living; for the interest of every human mind is the obligating possession; behold your life trials were falsified; for none of you should have gotten to know a single microscopic part of this odd life system; for all the human spirits promised the Father to do everything in life according to his Scriptures; and not according to gold; I verily say unto you that he who conceived such strange way of living, it would have been better for him not to have been born in this world; for he has got a terrible accusation in the Kingdom of Heavens; such demon or demons shall be accused in the presence of the Father of having taking a humanity away from Him; a world which shall not enter the Kingdom of Heavens; behold those who created the so-called capitalism, all of them are condemned; all of them are damned; weeping and gnashing of teeth to the guilty ones; the world shall witness shocking events of an entire dynasty, who wanted

to share the world by hoarding gold; behold the demon of this world; and there is no other; all the other demons have come out of this demon; behold the corruptors of the world; behold the traffickers of innocences; behold the purchasers of minds; behold satan, who fights against the divine morality of the Scriptures of the Father, by using the odd morality which came out of gold; behold satan, fighting against the equality taught by the Father; I verily say unto you that equality overcomes the strange morality which came out of gold in this world.-

Yes little son; between what came out of the Father's divine free will and what has come out of the free will of His children, there is an infinity of difference; although all the creatures of the worlds are made to the image and resemblance of God, each child requested a free will to the Father;

he/she requested being responsible of their own acts; without the living free will which you enjoy, it would have been impossible to you to fulfill the oldest of the mandates, which came out of the Father: Thou shalt earn thy bread on the sweat of thy face; for you would not have responsibilities of your acts; every form of interpreting the Father's Scriptures came out of your free will; from the individual and the collective ones; certainly your Father Jehovah makes your trials as His own; Were you not taught that your God is everywhere? He is also in what is invisible of all your sensibilities and sensations; you requested the Father to interpret Him according to your free will; and the Father conceded it to you; for everything imaginable which came out of you, is requested in the Kingdom of Heavens; one requests in the place in the Universe where one came out; your place of creation are the suns Alpha and Omega of the galaxy Trino; I verily say unto you that Trino is all the infinity that surrounds you; and you shall never

know any limits of Trino; for what is of the Father has no limits in anything; and within the galaxy Trino are all the names of everything that up to now you requested to know; for every limit known and requested in every trial of life, is also requested; I verily say unto you that even the number of your sighs are requested; the religious beings of this world requested Father Jehovah to trial a form of interpretation of his Scriptures, in free will; what they did not request the Father was to divide anybody, not even in the most microscopic way; for all knew in the Kingdom of Heavens that only satan divides; every religious spirit saw in the Kingdom how satan divided the Father's angels; and no one in their trial requests, requested to imitate him; all had the intention of fulfilling the equality taught by the Father in their respective forms of interpretation; every religious or not religious spirit came out of the Father's Kingdom, knowing that he who cultivated in his free will, any form of division, would not enter the Kingdom of Heavens; just like

satan was thrown out, so do his imitators; no spirit divided in its thinkings shall enter the Kingdom of Heavens; nor has any of them entered; this Revelation was said to you in another parable: One cannot serve two masters; which means that every human thinking should have made one sole psychology out of their own life, within his/her own individuality; and each act of their lives should have carried the conscious or unconscious seal of the divine mandate of the Father; that way, each idea, each act, each sensation, each project, each mental destiny would not have anything to accuse the spirit with, which requested to be trialed; I verily say unto you that every trial of life starts from oneself; it starts with the cultivation of the own virtues; behold the Ark of Covenants; for no one is alone in the trials of life; each human spirit requested covenants with 318 living virtues; behold the germ of every living morality expressed in every thinking; in each act, instant by instant, which you have made in life, 318 free wills have intervened; which requested to

get united to our spirit's own free will; at every instant when one thinks in the daily work, 318 virtues merge in one; this mental action is called Thinking Fire in Alpha Action in Revelation; for it gives way to every mental or physical act; alpha is the creative beginning of everything imagined; behold no one is disinherited at the beginning; not even the invisible of your thinking; the religious beings are judged by Father Jehovah like the rest of His creatures; I verily say unto you that every faith is trialed by the Father; and every faith requested to be trialed; there is no faith which has not requested any form of struggle; for no faith is given for free; every faith costs a sweat on the face; every faith has to overcome difficulties, doubts, uncertainties; for it got united to a spirit who requested being trialed in its entire being; in all its thinking; in all its virtues; behold every religious being who did not make the effort of investigating something which was uncommon regarding matters of faith, disowned the Father; the Father is infinite; He is

not absolutely in one faith; He is in every faith of all the thinking beings; Were you not taught that God is in everyone and everywhere? And did you not know then that the Revelation is coming to the world by surprise; Like the surprise caused by a burglar? I verily say unto you that you should have never looked less a humble's work; for by humility you shall fall; through humility shall the truth enter the world; I verily say unto you that just as it was in the past, it will be humility which shall transform the world; not those who constituted themselves into rock; selfish rocks, who delayed the Father's Revelation; the religious beings which the world shall know, requested to receive the Revelation of the Rolls of the Lamb, in a given instant in life; and when the instant of doing it arrived, they did not make the effort of investigating; knowing these false prophets that it is written: He who searches shall find; behold all those who despised what they requested in the Father's Kingdom, shall be judged in a public judgment; for each

second of delay which was caused by their selfish silence, they also made the world be delayed; each human spirit shall have to fulfill for each second of silence gone by, one existence out of the Kingdom of Heavens; for the selfish religious beings made the light to be delayed for the rest; I verily say unto you that every event requested and written in the Kingdom of Heavens, is fulfilled with a divine precision; for everything is perfect in the Father; behold a weeping and gnashing of teeth of an entire world who trusted the blinds of the faith; for no one is exclusive in their own beliefs; nor did anyone requested to be so; I verily say unto you religious of the world, that your humility is not the true humility; for there are many kinds of humility; the true humility is born among the long-suffering; among the most long-suffering of the long-suffering children; you forget very often that you lead the Judgment of God; for being the first in teaching what is of God came out of you; he who focuses on being the first to teach others what

is of the Father, is the first in being called to judgment; first the Father attends him; this is a Final Judgment; for the humble are first to the Father; there are infinite kinds of being first; I verily say unto you that the first among the first is the one who was most despised among you; therefore, he who did not consider himself despised in life, be sure of not being the first in the divine presence of the Father; behold another weeping and gnashing of teeth of those who enjoyed the odd life system based on gold the most; for they did not know despise; he who requested the Father to know what is more painful of an existence, has got the greater award; and you religious beings of the world, are not among the first; for none of you shall know the Glory of the Father; for the Father is one; and you did not make Him one in your teachings; and since you did not do that, you confused the world with strange beliefs.-

Yes little son; the celestial drawing shows what you already knew since you were a boy; all the religious ideas generated by the thought, are divided in space; and by getting divided they get away from Father Jehovah's Kingdom; for the divine truth which came out of the Father has never got divided; the divided ideas in their mental magnetism do not get to their source of origin; for there is always a magnetic attraction between the creature and his/her remote point of origin; this attraction would never contradict itself if the creature generated ideas of the highest morality at every instant that the mind can imagine; the men of this world by giving you an immoral life system, made all the number of ideas which you generated in life, deviate from their source of origin; but if they had given you a life system in which all of you had kept your innocence, the ideas generated in that state would neither get divided nor get lost in the Cosmos; the innocence with which one comes out of the Kingdom of Heavens, has got a numerical

vibration; which if being kept in the remote worlds, would not have any inconvenience in returning to the same point in the Universe, where it came out of; when the innocence gets to know what it never should have known, its numerical vibration changes; a disharmony takes place in it; for what the innocence should have never known, is not written in the divine books of the universal life; and what was not written in the Kingdom,. does not exist; and every spirit who lost its innocence, gets lost in the Cosmos; wanders through eternities; and darkness tries to trap it; behold the consequences when the inhabited worlds are not ruled by the Father's Scriptures in their life systems; your life system was guided by the laws of gold; and not by the Father's laws; that is why no human spirit who requested to know life in this world, has been able to enter the Kingdom of Heavens again; if there was another more moral and fairer life system in this world, you would certainly return to your place of origin; behold the Alpha and Omega of

the divine cause of every Scripture; every Scripture which comes out of the Father always teaches the highest morality; it always extols the innocence above everything; for without it no one enters the Kingdom of Heavens again; and if this was not enough, the divine Father Jehovah sent you prophets and even His divine First-born Son; I verily say unto you that the tragedy of this world came out of every religious and every capitalist; it came out of the followers of the rock, and the followers of gold; rock for the images; gold for the exploitation; I verily say unto you that if the world would have not known these beings of strange thinking, all of you would have entered the Kingdom of Heavens; for you would not have had the need of a Final Judgment; the divine Father would have nothing against you; I verily say unto you that this world has fallen before the Laws of their Creator, for living a strange life system; for saturating their ideas with a strange magnetism called immorality; behold satan's work; behold the weeping and

gnashing of teeth of this generation who built their hopes up on gold; behold a world who requested a form of life, which included the forgetfulness of their past; behold the greatest of Revelations for this world; who requested the Father to know all their past, in the Final Judgment; who requested to know how things were done; for every judgment is made with first-hand knowledge; nothing exists by chance in the Father; I verily say unto you religious and capitalists of this planet, that here in this present you shall pay one part of your spiritual debt. regarding Father Jehovah; for what you have to pay, covers infinite future existences; what you did in harm and injustice is like the number of molehills contained in a desert; in which, each molehill represents a future existence, in which you shall pay some of your debt; you have got pending debts from other existences; from other worlds; and you must add this world's too; I verily say unto you, demons of the world, that even the hidden sins are paid; and you have a lot of hidden debts; even what

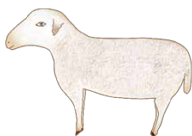

is invisible is judged by the Father; behold demons just as you divided the world with an odd life system, likewise shall the world divide you; with the same rod that you measured the world, you shall be measured; behold children of suffering, your yoke falls as it was written; and by the fall of this odd living yoke, the true happiness comes to this world; the Millennium of Peace comes; the world Omega comes; a world which came out of the darkness of the first; a world which shall keep the innocence above everything; a world which will have lived the terrible experience of the weeping and gnashing of teeth; a world which shall know how to keep the joy of a child in life; for in the new world Omega, the life system will have excluded every suffering; behold that it was written: Let the children come to me, for theirs is the Kingdom of Heavens; for theirs is the new world Omega; it was written too: Heaven and Earth shall pass, but my Words shall not pass; it means that this world and its life system shall pass into the dust of oblivion; but my Words

shall not pass means that from them, which are the own eternity, a new Doctrine shall be born to the world; behold a world which the ambitious for gold were not capable of giving it to you; for they always wanted the best for themselves; and the worst for others; behold a world which should have been a model of love since many centuries ago; and not a model of darkness; behold the end of the world of trials; a world requested by your own selves; one more world which passes into the infinite stories of the worlds; of the world that existed; for each microscopic particle, whichever it may be, is a world that lived its own microscopic time; this world called dust-planet, is not known in the Kingdom of Heavens; only Father Jehovah, the Solar Mother Omega, and certain solar parents who were prophets on this Earth, know it; behold any self-exalted being on any dust-planet is not known by anyone, out of their dust world; behold the tremendous complex of inferiority that every proud and every conceited being finds out

of this Earth; behold the punishment that every self-exalted being in all the worlds which are trialed receives; behold only all the meek at heart are known out of the worlds; for all the living virtues recognize them and invite them to visit their divine dwellings; which are the gigantic solar luminaries.-

**FOR NO THINKING SPIRIT REQUESTED THE FATHER  
TO DIVIDE ONESELF; FOR NO ONE WHO DIVIDED  
HIMSELF, NO ONE SHALL ENTER THE KINGDOM OF  
HEAVENS.-**

Yes little son; so it is; when my divine Solar First-born Son Christ said: Upon this rock I shall build my church, he said so by thinking in the divine psychology of the Gospel of Father Jehovah; he did not think in any mental division, for the divine Gospel of the Father, teaches equality in all the imaginable forms; for being the Father infinite, His divine terms also cover the infinity; I verily say unto you that the supreme trial of the human free will, was and is not to have gotten divided in a strange confusion, before one sole and same Gospel; if satan divides, what is human mental should have never imitated satan; not even in the most microscopic way; the interpretation of the divine Gospel of Father Jehovah, should have been just one, within each human individuality; many will say

that no one thinks the same as another; it is very true; but, the experience of not getting divided came out of each one of you; for everything imaginable was requested to the Father; you did not know the sensation of not getting divided; you requested the Father to know in your own selves a free will, whose attribute and quality was not to understand each other mutually; and to share in different mental sensations, the same experiences of the trials of life; and every experience has got at the same time its own reign or macrocosm; everything that the thinking mind generates, everything turns into a universe; nothing perishes; everything that was imagined in the trials of life, everything turns into cosmos or salt of life; even your palate taste, becomes a galaxy; the Father's divine seal is the own infinity; those who divided and those who let themselves be divided, created future reigns in which they perpetuated division; behold a drama that begins in this world with the weeping and gnashing of teeth; to recognize in a given instant

the own inheritance divided and lost in the infinity, constitutes the greatest tragedy in the eternity of the spirit; the salt of life that came out of every mind, in the form of an idea, speaks in the presence of the divine Father Jehovah; and accuses the spirit who gave it the living division as an inheritance; inheritance tries to shake off the tragedy of not being able to enter the Kingdom of Heavens; behold the spiritual drama of those who let themselves be influenced by the odd religious faith; all the ideas that these creatures generated in the trials of life, are divided; for the ideas in their free wills are solidary with one another; thinking in what is of the Father, constitutes the supreme mandate to them; and if the spirit thought in religious psychology, it influenced all its ideas with division; the spirits of this world should have thought of one sole psychology of the divine Gospel of the Father; if it had been that way, no living idea would have known division; no human mental idea would accuse any spirit; for all of them would enter the

Kingdom of Heavens; behold your accusers form legions or armies; calculate the numbers of ideas that you generated in the trials of life, beginning from the age of twelve, and you will have an idea of the number of your accusers; for it is written that the divine judgment of Father Jehovah, includes all that is imagined by the creatures; it includes everything; the invisible and the visible; what one can see, and what one cannot see; the spiritual and the physical; what is felt and not seen; what is seen and one does not know its origin; the everything above everything is judged by the divine intellectual judgment; whose complement is the physical judgment; which shall also be called the judgment of fire; behold the fruit of the so-called christian world; a world of hypocrisy; a world of a strange morality; a world not written in the Kingdom of Heavens; for no one requested the Father to be hypocritical in the trials of life; no one requested the Father to serve many masters; no one requested to get divided; no one requested to

imitate satan, who in the Macrocosm called Kingdom of Heaven, had divided the Father's angels; the so-called christian world got divided in its own faith; they adored saints, prophets, souls, images, amulets, stamps, medals; and they adored themselves; with the strange and immoral fashions; getting to the extreme of this immorality by confusing the sexes; Woe betide those who being from one sex dressed fashions from the other sex!! It would have been better for them not to have requested the trials of life; for they would be within the Kingdom of Heavens; every immorality and every strange inclination, which was in conflict with the divine morality of the divine Commandments, constitutes one master; a strange master who took possession of a sensation called spirit in a microscopic time; the divine parable that says: One cannot serve two masters, refers to all the evil inclinations; behold the strange masters were created by the strange and unknown life system, which came out of gold; the so-called christian

world let themselves be influenced by strange morality emerged from this strange life system; the only ones who did not let themselves be influenced by what was not written in the Kingdom, were the revolutionaries who gave their lives, fighting against the odd life system, which came out of the strange possession of gold; I verily say unto you that every revolutionary is a prophet in the Kingdom of Heavens; every spirit in virtue of its free will, requests the own characteristics of its requests to the Father; so it is that there are biblical prophets and no biblical prophets; there is everything in the Lord's vineyard; every prophet, whichever the characteristics of his requests may be, is a revolutionary; at every instant, the strange and immoral life system, emerged from the possession of gold, needed revolutionary spirits; the first Revolutionary of this world was the First-born Son; for his divine hierarchy is solar; it is infinitely more elevated than the human's; the divine has always led every Revolution in eternity, on the remote planets;

for the living God is everywhere; when the revolutions carry a seal of justice, they are great in the Kingdom of Heavens; in this world, every revolution is justified in the Father's Kingdom; but, those which are justified first are those that are produced by the exploited; for they have got a cause before the Father; for no one requested the Father to be exploited in the trials of life; those who had in abundance in the trials of life, and made revolutions, shall not enter the Kingdom of Heavens; only those who struggled for the humble and the exploited, shall enter the Kingdom; it is an immorality before the Father that having one had more than what others had, still had struggled in order to have more; those who acted that way in the trials of life, perpetuated pain and injustice in those who had little or nothing; I verily say unto you that this blindness is paid in this judgment, up to the last molecule; those who had more than what was mandated, shall remain in the greatest poverty; and those who had little or nothing shall be satiated;

for I verily say unto you that no one requested the Eternal to have more than another in the trials of life; this strange tendency of having everything is not a tree planted by the divine Father Jehovah; and it shall be pulled out from its roots, in the new generations' thinking; you children of the world Alpha, think in a strange way; those who shall come after you, will not think like you; for they shall not have the strange influence which took hold of you; you were a product made into a custom of a strange life system; the creatures of the world Omega, shall not know the strange influence of having more than others; they shall not have in themselves the strange complex; a complex which was requested by nobody in the Kingdom of Heavens; I verily say unto you that no complex-ridden one of the trials of life shall enter the Kingdom of Heavens; it is more likely for one who never heard the word wealth to enter the Kingdom of Heavens, than for one who heard such strange word; for not even the word wealth was requested by this

humanity; behold the end of the strangest of the strange life systems; entire generation since the beginning of the world, swarm out of the Kingdom of Heaven, for they lived in themselves a strange influence, not written in their life requests; and up to the last creature of this generation who got to know such strange way of living, shall remain out of the Kingdom of Heavens; behold the weeping and gnashing of teeth of the divine Final Judgment; what should have been crashes with what should not have been in the human trials of life; what should have been, was not; and what should not have been, was; the first cause of the fall of this world, in their life trials, is not to have considered the Scriptures of Father Jehovah when the human free will created a form of life; Did this world not know that what is of the Father was above every imaginable thing? The term: Above everything, above every initiative, of any form of life; behold the greatest forgetfulness of this humanity; the tragedy-forgetfulness; for this forgetfulness costs

the no entrance to the Kingdom of Heavens; behold no so-called christian shall see the Glory of the Father; the culprits are the so-called religions and the odd life system, which came out of the laws of gold; the ones to blame are those who spoke about legality in this world; for they defended an odd legality, not written in the Kingdom of Heavens; for the own life system is not written either; those who extolled the most the strange life system which came out of gold, are mostly guilty of the suffering of this world; they are the greatest blinds of the human intellect; for they were the ones who were more distant from Father Jehovah's divine Gospel; the strange illusion took hold of them to the degree of disowning what is spiritual in the others; they turned into beasts; the great beast is the group of ambitious beings, who emerged from the strange life system called capitalism; the weeping and gnashing of teeth shall be of these demons; for they shall remain in the greatest poverty; they shall be measured with the same rod with which

they measured others; this law of justice was requested by them themselves in the Kingdom of Heavens; for everything imaginable is requested to the Father; including all the forms of judgment; and the so-called religious, which came out of a strange way of interpreting the divine Gospel of the Father, shall also be divided; for they divided the world of faith in many beliefs; being there just one God only; behold the greatest culprits of the weeping and gnashing of teeth, which is hovering over this world; a strange world which should have never existed; a world which took the licentiousness of not fulfilling what is of God, above everything; a strange world which has its hours numbered; a strange world which does not reach the year 2000; for the Final Judgment surprises them; just like a burglar surprises; I verily say unto you that the so-called church of this world shall be pulled out from its roots; for it is not a tree planted by Father Jehovah; the fall of this strange form of faith, shall bring the world a cleaner spirituality;

for it shall not rest on the strange material adoration; the adoration which pleases Father Jehovah the least; for with such strange adoration, the creatures go backwards in their own evolution instead of advancing; I verily say unto you that up to the last instant of going backwards in the evolution of my creatures, is paid in this judgment; I verily say unto you, children of the religious rock, that because of you this world has a delay of twenty centuries; in their moral and spiritual level; infinite geniuses of the planetary progress have not wanted to be born again in this world; for they know that you were the first in violating the divine Scriptures of Father Jehovah; they do not come to this world of trials because they have got their free will; and they do not want to run the spiritual risk of being accused of being accomplices in the violation of what is of the Father; these geniuses see the future of many planets and their own; for there is everything in the Father's flock; these geniuses shall come in the world Omega; and all of them shall be

subordinated to the First-born Son; I verily say unto you, children of the rock, that all of you were trialed by an instant; and you fell again in what you had fallen already; Were you not taught that every spirit is born again? That they request new forms of life again? You religious of the world, are the same pharisees of the past; you in other existences, in other worlds did what you have done on Earth; you divided and confused other humanities; you left planets invaded by strange material temples; because of you infinite generations of other worlds are out of the Kingdom of Heavens; to which the present generation of this world shall be added; behold the term Rock; Rock means mental Selfishness of the creature; and you religious of the world are the greatest selfish beings of the human gender; you murdered many in your sinister reign; I verily say unto you that all those who were murdered by you, shall be the first in being resurrected, among the dead; and the murderers shall also be raised from dust; a divine public judgment is waiting for

you, religious rock; just like the judgments in the Kingdom of Heavens are; what is up above becomes a reality down below; you shall be persecuted by the same ones who you divided; the world shall flee from you just like one flees from the pest; the Final Judgment is Universal; and you are judged not as religious beings; for such strange term is not written in the Kingdom of Heavens; no one knows you in the Kingdom; you shall be judged as creatures of the Universe; your strange zeal of your strange faith, made you forget that the Final Judgment starts from you; for the first stone came out of you; it was you who dared to talk first about the divine mandates of the Creator; the first cause is the Father; behold your weeping and gnashing of teeth is approaching; the world that you divided shall contemplate your fall; a fall that was written in the Gospel of Father Jehovah; I verily say unto you children of the rock that the divine love and the divine simplicity expressed in the Father's Scriptures did not need either a throne of gold or

strange temples with images; nothing material was necessary; for all that is yours returns to dust; you children of the mental hardness, accustomed the world to adore the strange images; and you shall have to pay on yourselves for such strange practice; no one requested the Father to adore images; for everyone knew that God Father is everywhere; everything strange which came out of you, falls back on yourselves; for you are judged as the rest of the world is judged; I verily say unto you that you exalted yourselves in the error; you cultivated division and then you try to get united; you try to improve error; it is here where the Universal Judgment surprises you; you always thought that you had done what is correct; Blinds leading other blinds!! Your blindness never knew how to distinguish the true humility; for in you selfish of the faith, there was never humility; what there was in you was a strange perseverance in keeping a strange materialistic faith; you were never right in the trials of life; for you started with error; you

were influenced by the strange psychology, which emerged from the strange life system of gold; you became accomplices of injustice, which this strange life system brought with it to the world; you approved the injustices of this strange life system; for you did not become the greatest revolutionaries in the world; for I verily say unto you that the revolutionaries are prophets, and they are from the Kingdom of Heavens; and you are not; behold the difference which the world shall measure you with; it is more likely for those who struggled in the trials of life against a strange life system, not written in the Kingdom of Heavens to enter the Kingdom of Heavens, than for those who got into an alliance with the odd life system; no so-called religious shall enter the Kingdom of Heavens; nor has any of them ever entered; behold your inheritance; all those who inherited it shall have weeping and gnashing of teeth; for none of them shall enter the Kingdom of Heavens again; I verily say unto you that the greatest tragedy that this world has ever

known comes out of you; the world Omega of the future shall study you, as someone who studies primitive beings; your remembrance shall be a synonym of perdition to the new world; for what is yours does not lead to the Kingdom of Heavens; what is yours divides, confuses and makes the spirits go astray in the infinite Cosmos; all the generations who had the misfortune of imitating you, swarm and wander in the space, without being able to enter the Kingdom of Heavens; the same thing shall happen to this generation; the last generation of the trials of life; for any trial of any imaginable dimension has got its development, time, space and limit end; I verily say unto you that from the trials of life, you religious of the world are the last in morality; you were the ones who lived in darkness the most; for because of you, an entire world shall not enter the Kingdom of Heavens; in you selfish beings of faith, is the greatest sin of this humanity; the strange licentiousness with which you interpreted my divine Gospel, divided the

world; you were not models of morality before the Father and the world; you were like the world; you fell into the self-interested illusion of the world; you were influenced by the gold of the world; you made a strange power out of the accumulation of gold; you were traders of faith; you were the prostitute of the Father's Scriptures; you got into an alliance with the strange nations, which came out of the division of the world; Did you not know that every division comes out of satan? You certainly knew it; and knowing it, you did nothing; I verily say unto you that it would have been better for you to have renounced to continue being religious; for Father Jehovah would have nothing against you; but you fell in your life trials; you were blinds leading other blinds; for you divided the world of faith; you imitated satan, who in the Kingdom of Heavens took the licentiousness, like you, of dividing the Father's angels; satan divided up above, and you selfish rock divided down below; you divided in the human life; I verily say unto you that neither

satan nor his imitators shall enter de Kingdom of Heavens again; behold your weeping and gnashing of teeth; behold your tragedy; those who exalted themselves the most in the strange life system, which came out of gold, shall feel the Father's judgment on them more; more shall be the weeping and gnashing of teeth; behold why the Father's Scriptures mandated to be humble, above everything, in the trials of life; you religious of the world could not have given the world the true humility; for you let yourselves be deluded by the strange material adoration; your preaching was not too clean; there was self-interest in your hearts; when one is serving two or more masters, it is impossible to teach the true morality of one master; for your honesty is divided; and your mind generates divided ideas; your intellectual and material selfishness was so immense that your Creator prophesied it, by calling you rocks; and the world which is starting shall call you rocks of the human selfishness; for up to the last instant of your trials, you shall

deny the Revelation; the same Revelation that you requested in the Kingdom of Heavens; I verily say unto you, selfish beings of your own beliefs, that all of you shall be embarrassed, ridiculed and persecuted; amidst the weeping and gnashing of teeth of the world; a weeping that you yourselves caused with your selfishness and hardness of heart; I verily say unto you that you never tried to understand the true Gospel of Father Jehovah; you did not want to impose in the world the equality taught by the Father; you did not imitate what is written in His divine Gospel; you created a strange faith with strange rites; neither the Father nor the Son nor the Solar Mother Omega, have participated in your strange rituals; rituals that you have been repeating for centuries and centuries; I verily say unto you that such strange rituals which came out of an odd faith, are not known in the Kingdom of Heavens; what is known in the Kingdom is the purest psychology of the divine Gospel of Father Jehovah; for in the Kingdom of Heavens no one

knows self-interest; and you let yourselves be influenced by it; in order to be called a representative of God on some planet, one has to be the purest that your mind can imagine; and you selfish beings of the beliefs, What purity do you have to have made yourselves be called representatives of the Father or of the Son on Earth? Usurpers of the humbles' rights; for a humble who never recurred to your strange rites, does enter the Kingdom of Heavens; you do not enter; nor has any of you entered; hypocrites; you are the false prophets of my divine Gospel; for you attributed to yourselves something which never corresponded to you; Father Jehovah permitted your strange reign, for you requested to be trialed in the human life; and every trial must fulfilled up to the end; and up to the last instant of your spiritual trials, you were rocks; you were hard towards my Emissary; you despised him for you did not see in him greater signals; you fell because you did not understand that one like you brought the Father's News; you

let yourselves be surprised; now your indifference turns into weeping and gnashing of teeth; for you shall see signals that shall fill you with dread; Blinds of the world!! You never understood that every power which came out of the Father, sprouts from microscopic to greater; it is born humble and it develops as time passes by; just as a plant starts in nature; when it is a seed, nobody sees it; when it sprouts, it calls attention; and when it grows showing all its beauty, it attracts everyone's sight; Blinds and hypocrites!! With tears in your eyes you shall know who you despised; the divine parable that says: And the truth shall come by surprise, like the surprise that is caused by a burglar; it was a divine prophesy of your strange indifference towards the Father's Emissary; you were so deluded for what is mundane that you did not make the effort of searching and investigating the Rolls of the Lamb of God; many of you listened to the Father's Son saying that the Telepathic Scripture did not have an end; what comes out of the Father

does not know any limits; and although you heard him, you were rocks; Woe betide your spirits, rocks of the world!! Yours shall be the whining and the tears of blood; it is your fruit of your despise; with your odd action, you remained with no God; darkness is your god; behold no one shall defend you in the weeping and gnashing of teeth; for no one shall want to become an accomplice of satan; when the world sees a condemned one, the world abandons the condemned one; that is what shall happen to you, rocks of the human selfishness; you shall curse your strange robes; for Robe means Satan, in remote galaxies; what is up above is the same as down below; I verily say unto you that all those who hid the Father's News from the world, all of them shall be known in the world; in all the languages of the Earth, their names shall be mentioned; and the world shall curse them; for they delayed the world's repentance; the world should have known the existence of the Rolls of the Lamb of God, many years ago; because of these selfish

beings, humanity is more infinitely away from the Kingdom of Heavens; for this strange silence of selfishness encloses infinite seconds of time, within the years; each second that goes by in the trials of life is equivalent to living a new existence that according to the attribute and quality of the second of life that was lived, this existence can be in the Kingdom or out of the Kingdom; this divine law is called Spiritual Community of the Kingdom of Heavens; this means that it is enough for the Revelation to be announced to one sole creature of a determined world, and he/she is in charge of telling the rest of the creatures of the planet; this was violated by those who saw the Rolls of the Lamb of God first; they did not request the Father to be indifferent towards the Revelation; and since this indifference is not written in the Kingdom of Heavens, it is called a strange indifference; everything that is not written is strange to the Kingdom; among what is strange are the so-called religions; an odd and unknown form of faith; strange for it

divided an entire world, in the universal concept of being one sole God only; I verily say unto you that no planetary psychology that divides the Father's creatures, are known in the Kingdom of Heavens; behold no so-called religion of this world, none of them is from the Kingdom of Heavens; what is of the Kingdom divides no one; for only satan divides, and he ends up dividing himself; just as you are going to be divided, religious of the world; when you fall in your strange reign, the world shall see the light of the true spirituality; which does not need strange rites, proper of the pharaonic era; which does not need to violate the free will, making others confess what is intimate; a spirituality which does not need the strange material adoration; a spirituality which you selfish rocks, are far from imagining; for you religious of the world are the most backward of the human gender; you never ever deepened the laws of the true spirituality; certainly what is yours was not the divine Gospel of the Father; those who

cultivated the true Gospel of the Father, were those  
who searched for Him on their own; and they made  
one sole image with their own individualities;  
theirs is the divine celestial inheritance; theirs is  
the new world; for they did neither got divided nor  
divided others; you, mental rocks, divided your-  
selves and divided those who followed you; behold  
the infinite difference between the true humble  
and those who exploited a strange form of faith;  
the divine Father awards the sincerity of His chil-  
dren; there are many kinds of sincerity; the reli-  
gious sincerity is the most immoral that exists; all  
shall flee from it; for it divides and makes every  
spirit go astray; he who searched for the Father in  
silence and studied Him in his free time, cultivated  
a sincerity that moves the Father; and they are of  
His divine preference; I verily say unto you that all  
those who exalted themselves, in the strange life  
system which came out of the odd laws of gold, are  
the last ones in the divine preference of the Father;  
no one should have exalted himself in a strange

life system, to which beforehand and with many centuries of anticipation was announced a divine Final Judgment; the only ones who got the best of things, were the long-suffering, the exploited, and the postponed.-

Yes little son; Father Jehovah is in the most profound of every cause; the human psychology created deceit within itself, with a momentary forgetfulness of the true past; the past was all light and love; that past was seen by every spirit in their place of origin; neither deceit nor lie were known in the place where one came out of, the world which created the human free will, produced such plagues; the strange human psychology defended

possession by obligation, for the strange life system based on gold, was imposed to them by the use of force; Did they not have the so-called armed forces? Who knew nothing of the pain and the struggles of the others; for these demons were influenced by the god of force; whose philosophy is to impose and violate; covering themselves with a hypocritical morality; there cannot be morality when there is violation; the unique and true morality comes out of those who respect the divine morality of the Father; it is the only morality that remains in this world; a morality of the beginning and the end; no strange morality remains; for what is strange is not superior to the divine mandate; what is strange is the product of the errors of the spirits in planetary life trials; I verily say unto you that the spirit who generated strange ideas, must be in charge of the eternity of what is strange; for each one responds for his/her own acts; each requested the living responsibility; to request life is to respond for it; for the Creator of everything also created

responsibility; and you who were created by the same Creator, inherited responsibility; each cause, pause idea, mental instant, requests to know who created them; they request to know which was the dwelling where they were created; there are microscopic and macroscopic dwellings; small dwellings and big dwellings; the human body is a microscopic dwelling; the planet where it inhabits is a gigantic dwelling; it was written: Many dwelling does my Father have; dwellings down below and dwellings up above; for neither up above nor down below are there any limits in the Father's creation; every cause as microscopic as it may be, constitutes a microscopic galaxy; which gets increased at every instant; every thinking cause is as expansive as the own Universe; nothing ever stops when it is generated as an invisible idea; so is the living Universe of Father Jehovah; what is most microscopic shall never stop from getting expanded; for its cause of origin is eternal; behold a divine law which shall provoke weeping and gnashing of teeth in all those

who generated sins; for they extended their own darkness; and it shall have to be them who shall have to transform their darkness into light; they shall have to go further, in eternity, to be born as redeemers of their own creations; to rescue worlds which came out of themselves; they must go to transform their own heavens; for each one makes his own galactic inheritance; each one makes his own living eternity; it comes out of the own knowledge; it is the salt of life; every creature whichever his/her physical form is, has got his/her salt of life; for all are equal in rights before God; no one is less in the Father's creation; all the beings of the Universe have got the right to get multiplied according to their free wills; he who did not believe in his salt of life, annulled himself; for he limited himself; no element of the Universe will want to get into a covenant with him/her in order to accompany him/her to know new forms of life; for all the elements of the Universe are living; they have got free will; and they take determinations; so it is that endless

eternities pass by in which no skeptical spirit sees any opportunity to know some form of life; for everyone avoids him/her; no one forgives anyone who offends the Father out of the Earth; all praise Him in their respective laws; doubt, skepticism, little and strange faith, are considered offenses to the Father; behold a divine law of the Universe; which is that everything that you did and thought in life is known in the Universe; for nothing is occult in the Kingdom of Heavens; behold the weeping and gnashing of teeth of all those who made laws and things, behind the peoples' backs; for none of them shall enter the Kingdom of Heavens; no selfish thinking is accepted in the Father's Kingdom; behold every selfish being shall weep and even curse to have known the odd human morality; odd because it came out of an odd life system; unknown in the Kingdom of Heavens; every exploitative life system is not known in the Kingdom; there no one exploits no one; for everything is common; I verily say unto you that every selfish being is

made to the image and resemblance of the system which produced him; because of those who created a selfish life system, no selfish being shall enter the Kingdom of Heavens; nor has any of them entered since the beginning of the world; selfishness acquires infinite forms; visible and invisible; but, no selfishness shall remain without judgment; the interior selfishness shall be proclaimed in the exterior; for every spirit requested to be judged in public; without any hiding; they requested their judgment just as the judgments are made in the Kingdom of Heavens; that is why the Revelation shall be translated to all the languages of the Earth; everything shall be known; up to the innermost part that one should know; behold honesty in all its power; for the honest beings of the world shall cry before the real honesty; the honesty which was not influenced by gold; there are many kinds of honesty; the mundane or planetary honesty; and the spiritual honesty; only the honesty that did not get to know the strange life system based on

gold shall enter the Kingdom of Heavens; and all those who delved into strange causes which did not extoll the Father, shall not enter the Father's Kingdom; I verily say unto you, that if a broadcaster had just one sole false letter or pause in the truth, such broadcaster does not enter the Kingdom of Heavens.-

Yes little son; the celestial drawing is that; the same thing that you thought since you were a child; the

most microscopic scenes of the Earth are seen in other worlds; being there worlds everywhere in the infinity, is that one says that what is up above is the same as down below; the magnetic fluids of the flying saucers, had the same point of departure as all the spirits of the Earth had; the lower part of the celestial drawing is equivalent to the Ark of Covenants; and it represents the microscopic veins of the human body and of all the beings of the terrestrial nature; the Expansive Universe of Father Jehovah is not cut at any instant; everything that exists is united by solar cords; from the gigantic suns to the invisible microbes; for no one is disinherited; the inheritance in the rights of equality, are so and were in every past, present and future; he who denied in life the most microscopic degree of perfection, what he negated shall be taken off in the future; for everything imaginable exists in the Father; behold the weeping and gnashing of teeth of all those who doubted the Father's power; thus was the life trial; no one requested the Father to

belittle Him in power; your creation is neither the only one nor the first; only the Father is unique and the first; this divine law of eternity is for every divine mind of the Universe; for every mind was created by the Father; I verily say unto you that every mind is living before the Father; just as the spirit is, and the most microscopic molecule of flesh one had in an infinite covenant in life; mind and spirit are different in their living philosophy; the mind has got free will and the spirit has got free will; as each of the molecules of flesh of the physical body have got free will; behold no philosophy of human conception has been able to explain the origin of life; for they were not humble in science; they despised what is microscopic; they did not take into account the laws of what is invisible; the spiritual laws; for life is not only matter; life is what the mind wanted it to be; for every mind was requested by the spirit's free will; by requesting life, one requests the form and composition of life; one requests a living geometry; I verily say

unto you that every life is connected to the own Universe; every life is connected to the Universe by invisible solar cords; whose number cannot even be counted by the own interested being; the cords are born from each pore of flesh; from each fiber; from each molecule; from each cell; and it gets expanded to the infinity; all get to the suns Alpha and Omega; parents suns of the Earth; and the suns are at the same time older children of Father Jehovah; for everything was created by one God only; behold the sublime Revelation for the Earth; this world enters the fascinating Era of the worlds that get identified; worlds that being isolated from others, have fulfilled a planetary trial; the trial of life, requested by matter and the spirit; the divine term: Kingdom of Heavens, is the New world which emerges from the strange world which was born from the laws of gold; Kingdom is a New State of Things; a world which no materialist imagined; the science of the Earth which is passing, is primitive if it is compared with the science of the

new world; the science which is coming, includes the resurrection of every flesh; it shall eternalize the beings; the new science shall overcome death; what the materialistic science shall never achieve; for its living hierarchy is microscopic; the poorly evolved cannot conceive another science; they were destined in a sole present; if the so-called materialists did not believe in the science of the Father, they shall not receive anything from it; they shall not be resurrected in flesh; they themselves wanted it that way; nobody forced them not to believe; they missed their opportunity of being eternal on the own Earth; behold the weeping and gnashing of teeth of those who thought of themselves as being unique in knowledge; for every proud one shall return to dust; their fruit is mortality; the fruit of every humble is immortality; it is the promised award which came out of one's own self; for each one trialed in life what they requested to trial in the Kingdom of Heavens; the way they did it, constitutes what they attained; I verily say

unto you that the supreme instant of knowing your destiny has arrived; who is who; who was right; gold or spirituality; materialism or what one searched for beyond materialism; who was the blind; those who thought in one present or those who thought in many presents; those who thought in an ephemeral and limited way is what they shall have as an award; those who thought in eternity and infinity is what they shall receive; it is just necessary to think and one receives it; he who thought nothing, receives nothing; his/her position becomes perpetuated, as long as he/she wants to; the most microscopic sensibility receives what it must receive; he who thought in persecuting others, shall be persecuted; he who loved another, shall be loved; he who deceived another, shall be deceived; he who made the happiness of another, shall find happiness; he who hid something from another, to him shall be hidden too; he who saved another, shall be saved; he who made another go astray, likewise shall

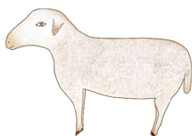

he go astray; he who fed another, shall be fed; he who raped another, shall be raped; he who protected another, shall be protected; he who persecuted another, shall be persecuted; he who dressed another, shall be dressed; he who stole from another, shall be stolen from him; he who advised another, shall be advised; he who murdered another, shall be murdered; he who gave food to another, shall be satiated; he who exploited another, shall be exploited; yes little son; everything that was thought and done in life, gives its fruit; each one should have perpetuated his/her good fruit; the bad fruit only brings tragedy; one only harvests weeping and gnashing of teeth; it is what is going to happen to this odd world, who worshipped the god gold; behold when being all trialed by the Father, nobody remains out of the events which are coming to the world; for in the planetary final judgments, even the microbe is judged; no one is disinherited, for everything that exists has got equal laws, within their laws; what

is unequal has got an equivalent in the Father, for all eternity.-

**ALL THOSE WHO REQUESTED BEING THE FIRST  
IN SEEING THE REVELATION OF FATHER JEHOVAH,  
FELL IN THEIR TRIAL; FOR THEY DID NOT KNOW  
HOW TO DISTINGUISH BETWEEN WHAT IS OF THE  
FATHER AND WHAT IS OF MEN; THE REIGNING  
CONFUSION OF SO MANY BELIEFS, BEING THERE  
ONE GOD ONLY, CONFUSED THEM; AND A STRANGE  
MORALITY, WHICH CAME OUT OF A STRANGE LIFE  
SYSTEM, MADE THEM SEE THE REVELATION AS ONE  
MORE, AMONG OTHERS.-**

Yes little son; all those who requested the Father to be the first in seeing the Revelation in this world, all of them fell in this trial; for every human spirit is trialed in the life that it requested to know; each human spirit requests the Father to be the first in extolling Him in life; the Father chooses those who deserve to be the first; I verily say unto you

that all those who requested to be the first, are the last; no one fulfilled what they promised the Father; all of them were influenced by a strange morality; a morality which did not give any importance to the Father's Scriptures, above everything; they were surprised by the Revelation; amidst a confusion of beliefs; being there one God only; I verily say unto you that the originators of this confusion shall be judged for confusing others; no one requested the Father to confuse another not even in the most microscopic way; all those who negated what is of the Father and confused the world of faith, shall have weeping and gnashing of teeth; only satan confuses; he confuses those who promise the Father so to make them fall; just as it happened to those who requested to be the first; behold they were surprised, for they did not search in their respective individualities; they searched in a strange psychology; they searched in the strange religious form; an unknown form in the Kingdom of Heavens; a form of belief which served two

masters; it served the living God and the god of gold; for this form of belief got allied with the creators of the life system based on gold; and this odd form of belief, which came out of the free will of men, also traded with the faith of the world; behold a belief which never pleased Father Jehovah; for it is a hypocritical belief; this belief called religion, shall not remain in this world; therefore the spiritual confusion shall end on this planet; a confusion provoked by the less evolved beings in this world; a confusion provoked by the blinds leading other blinds; a confusion provoked by the traders of faith; I verily say unto you that no one who participated in the great spiritual confusion in this world, none of them shall see the Father's Glory; no one shall enter the Kingdom of Heavens; they shall have to pay up to the last second of division and confusion that they provoked in this world; and of every molecule of flesh of all humanity; for each molecule of flesh that they divided and confused shall accuse them in the Father's presence; for by accusing the

spirit for having let itself be influenced by a strange belief, they shall accuse the cause which provoked the strange belief; for if a sinner is punished, the one who originated the sinner is punished a thousand times more; behold the great originators of the existence of sinners in this world are the so-called religions, and those who created the odd life system, based on gold; behold the blinds leading other blinds; behold the ones who falsified the content of the Father's Scriptures; behold those who did not take Him into account, above everything; behold those who forgot that they would have to be judged as creatures of God; and not as religious or as capitalists; for such things are not known in the Father's Kingdom; behold the blinds in the faith; behold the demon who divided a world, and did not let them enter the Kingdom of Heavens; for no world that got to know division in any state of its forms, shall enter the Kingdom of Heavens; only satan divides and he divides himself; and no imitator of satan enters the Father's Kingdom.-

Yes Little son; those who negated shall cry as they never cried in their lives; for what they negated shall transform the world; how mean shall they feel; the world shall turn against them; for by denying the Revelation, they prolonged injustice in the world; they made the seconds of darkness increase in millions and millions of beings; if in the same instant of seeing the Rolls, they had communicated

it to the world, the world would not have to add up such many seconds of error; seconds of darkness which could have been avoided if the blinds who negated, had had the true faith; if they had not let themselves be influenced by the strange morality; behold all those who knew the existence of the Rolls of the Lamb, shall be ashamed; for with their skepticism they condemned more those who fell in the trials of life; each second of silent selfishness is an existence, which must be fulfilled out of the Kingdom of Heavens; for when all of you promised that what is of the Father would be above everything, you also compromised the seconds of time; the term: Above everything is for everything imagined; I verily say unto you that this promise was very difficult for you to have fulfilled; for in order to have fulfilled it, you should have had another life system; a life system that was in a direct relationship with the Father's Scriptures; the odd life system given to you was in a direct relationship with the laws of gold; it was the opposite to the divine

morality of the Father; a philosophy of equality shall never come out of gold; the centuries gone by lived in this odd system demonstrates it; I verily say unto you that each second of these centuries, is paid; one part on the own Earth, and the other part out of it; thus was requested by your own selves; for the judgments for their own selves are requested by the own creature; the divine perfection of the Father is such that He does not need to demand; behold the end of the false concept of a terrible God in this world; certainly that the Father who created everything, also created what is terrible; but in His divine free will, He does not choose what is terrible; the divine Father Jehovah chooses the divine joy; your Creator is joyful like a child; and he who did not cultivate in the trials of life the character of a child, shall not enter the Kingdom of Heavens; it is more likely for one who was joyful to enter the Father's Kingdom, than for one who was an idiot; knowing this latter one that the bad character turned off the joy of those

who surrounded him; behold a Revelation that shall make you cry; for all this entire humanity requested and promised the Father to live all the instants in life, in joy; whichever the lived trial was; you requested Father Jehovah to imitate everything you saw in the Kingdom of Heavens on the remote planet Earth; you requested to fulfill above everything; but, the strange life system that they imposed on you, created a strange morality in your living psychology; which drew you away from a healthy and disinterested morality; you got to know anger; I verily say unto you that no one requested the Father any anger; for anger is unknown in the Kingdom of Heavens; if you who were obliged to live in the odd life system of gold are surprised by the Father, for having exercised anger, a thousand times more punished is the one by whom anger was known; every anger has got as a cause the violation of the divine commandment of the Father; and there is no anger that has not got its cause in the same cause for which one lives; the selfishness

inherited from generation to generation, perpetuated anger; as it perpetuated all the evils that this world has known; anger is darkness; for it is not from the Father's light; and all those who let themselves be influenced by any anger, must add up the seconds of anger that they had in life; each second of anger is equivalent to living an existence out of the Kingdom of Heavens; behold the inheritance that all the odd life systems leave, which do not take the Father's Scriptures into account; behold the work of the demons who make use of licentiousness; demons who take strange attributions from the ones mandated by the Father; behold the culprits of all the human misfortunes; behold satan who took a strange form of living in this world; behold he built your hopes up for an instant, in the possession of gold; for all the centuries in which the evil reigned in this strange life system, are just one instant in the Father's time; even satan falls in the time; for every imagined time came out of the Father; I verily say unto you that not even satan

knows what is awaiting him; for he is so microscopic in the Father's presence that he is unknown out of your world; behold every evil felt and lived shall not remain in this world; and by not remaining evil in this world, the strange life system which worshipped and coveted gold disappears with it; the so-called capitalism disappears; the demon who fought centuries and centuries against the divine equality taught by the Father, disappears; the demon who persecuted and killed the prophet-revolutionaries disappears; for every revolutionary is a prophet in the Kingdom of Heavens; every revolutionary promised the Father to give his life if it was necessary, so that others could get to know a fairer life system; more egalitarian, according to the Father's desires in his Scriptures; behold the demon being exposed to the world; behold a divine warning to those who insist in believing that only gold can give a form of life; behold every gold worshipper who read the Lamb of God, a living warning score is running for them; for after being trialed

by the Father comes the weeping and gnashing of teeth; the devouring fire comes; Woe betide those who did not repent, within the time requested to the Father!! For everything is requested in the Kingdom of Heavens; the hardness or spiritual hardness shall be burnt up to its last molecule; no skeptical being shall remain in this world; for even skepticism requested its time; I verily say unto you that the devouring fire is a spiritual-magnetic fire; a divine fire which shall be born from the own eyes of the shining Face like a Sun, of the First-born Son; without making a divine gesture, the skeptical beings whose requested time is up, shall fall pulverized; behold the divine justice acting in the physical-living universe; behold the supreme power of a Solar Trinity; behold the weeping and gnashing of teeth of children who never made any effort in order to understand Him in what they themselves requested; having them come from remote darkness in order to request Father Jehovah, to know the laws of the light; to know a form of life that

they did not know and which they requested to trial; and when trialing the human life, they fell in the life trial; many of them had already passed the divine judgment of fire; for every spirit is born again; and by being born again, they had had many existences; all request the Father new opportunities; all promise Him not to fall again in their own trials; for the divine Glory of the Father impules every creature of the Universe, to be more perfect than what they are at that instant; behold the end of demons who momentarily requested to know a new form of life, on a planet called Earth; a planet with a strange form of life; which contributed in a great manner that these demons do not understand the divine laws of the Father; for they built their hopes up on a metal called gold; they deviated them from the true morality, the morality of the Father's Scriptures; and they led them astray with the false morality, which came out of the possession of gold.-

Yes little son; the trial of life is such; the divine warnings of the Father's Scriptures also requested Father Jehovah to be trialed in the life of the spirit; for they also belong to the Ark of Covenants; each

letter of the Father's Scriptures, requested to be trialed in their divine philosophy of expression; so it is that he who did not search for the Father in his own Scriptures is accused in the Kingdom of Heavens by a multitude of living creatures; those multitudes are the divine letters which came out of the divine free will of the Father; they are an entire army; each letter of the Father's Scriptures talked to each one of you, before you came to the trials of life, each letter of the Father's Scriptures represents a promise; just as your everything above everything represents it; each pore, each cell, each molecule of your body of flesh are also living promises, which took place in your respective place of origin; in the suns Alpha and Omega of the Galaxy Trino; for molecules and the spirits were initiated in a determined point of the Universe; there are infinite points of departure; for nothing imaginable has got any limits in the Father's creation; and all the infinite points of departure are reduced into just one; the expansion of the Universe has been

eternally multiplying the points of origin or departure; so it is that every request of life, including the form of judgment, also fulfills the expansive law; and all those who having requested a divine Final Judgment, forgot it, likewise his spirit shall be forgotten from the celestial remembrance; it shall be forgotten when it returns to its point of origin; behold that millions and millions of you, shall curse the own cause of this forgetfulness; you shall curse the strange morality which came out of an odd life system; you shall curse every custom from such strange life system; which only desired and exalted gold; I verily say unto you that all those who desired gold more than the Father's Scriptures, shall not enter the Kingdom of Heavens; the trials of life consisted and consists in pleasing the Father in His laws; and not in strange laws of strange life systems; I verily say unto you that nobody in this world got prepared in order to pass the requested judgment successfully; all of you are deluded in mundane laws; ephemeral laws; laws

which came out of gold; laws which are enclosed in one sole present; and since you exalted what is limited, you shall come back to what is limited; you shall not enter the Kingdom of Heavens; for nothing is limited there; everything is infinite and eternal there; certainly each one makes his own heaven; each one's heaven comes out of the own concept that your spirit had of eternity, in the trials of life; he who believed that glory constituted in just having gold, condemned himself; for such belief does not exist in the Kingdom of Heavens; gold as well as every spirit is judged in its own laws; in the divine equality of the Father, matter and spirit are equal; in their respective laws; I verily say unto you that your gold, which you coveted so much in life, is accused before the Father of tempting and corrupting a world; but, as the human spirit advocated of being exclusive in intelligence, and proclaimed itself king of creation, as a result the spirit is guiltier than gold; in the divine presence of the Father, matter and spirit defend themselves by

asserting their own laws; for matter and spirit have got the same rights before the Father; Who created everything; behold that your strange life system has not got any rights in the Kingdom of Heavens; for no one requested the Father to become a slave of gold in the trials of life; nor did anyone request the Father to become slaves of one's own desires; behold no one requested to be divided in anything microscopic; neither materially nor spiritually; no one requested to become either rich or poor; nor did anyone request to know many beliefs in their living faith; for all of you saw one God only; no one requested the Father to imitate satan; who had divided His angels in the Kingdom; behold every cultivation of every belief has got a germ of division; behold all those who cultivated a belief which came out of the so-called religions, got divided and shall not enter the Kingdom of Heavens; only those who cultivated an individual belief, shall enter the Kingdom of Heavens; for they divided no one; and that belief should have been the Father's Scriptures;

the Father gets moved when a child searches for Him from the most intimate; the search on the part of an individuality is pure spirituality in its attribute and quality; the search through religions is not pure; almost all belong to them, for others also belong to them; others belong to religions for fear of what people would say; what is religious has never been spirituality; what is religious is mundane; for one trades with faith; and every commerce came out of men; it did not come out of the Father; commerce is unknown in the Kingdom of Heavens; no one requested the Father to become a trader; for it was opposite to His divine Commandments; it was opposite to His divine equality; behold every form of interpreting the Father's Scriptures, is judged by the Father; but, be sure that no form of material adoration pleases the Father; when the creature tries to understand the Father, through knowledge, that please the Father; I verily say unto you that the material adoration is a sign of the little evolved creatures; you in your life

trials requested to know such experience; what you did not request was the mental confusion of so many beliefs in the faith; there is just one God only; a God who divides no one; a God who unifies everything; I verily say unto you that no religious spirit shall enter the Kingdom of Heavens; they should have never allowed so many beliefs; they are the culprits of so much spiritual confusion in this world; and they shall have to pay up to the last second of provoked spiritual confusion; I verily say unto you that every so-called religious shall have their weeping and gnashing of teeth; they should have created another form of interpretation of the Father's Scriptures; it would have been better for them not to have been religious; for they would not be accused in the Revelation of the Father; they would not have to confront the judgment of a world; behold the judgment to false humility; behold the judgment to the false prophets of the Father; behold those who trialed a strange form of what was of the Father; behold the blinds who did

not realize that with such way of understanding, they were struggling against the Father's equality; perpetuating the world's division; behold the demons who bless the damned arms; knowing that one kills with them; knowing that one violates with them the divine Commandment that says: Thou shalt not kill; that is why whoever let himself be influenced by any religious being, shall not enter the Kingdom of Heavens; he is accused before the Father of complicity in the violation of the law; no one requested the Father to violate His Commandments; nor did anyone request to back up any violator; I verily say unto you that it is more likely for those who did not get to know religions even by name, to enter the Kingdom of Heavens, than for those who got to know them; any kind of customs which came out of an odd life system, is null in order to be able to enter the Father's Kingdom; as microscopic as this may be.-

So it is little son; the world cultivated many beliefs; but only the beliefs that had as an intention to search and find the Father, shall enter the Kingdom of Heavens; every belief is living before the Father; and every belief speaks before God and the spirit who trialed it; belief has got free will and free will has got the spirit; the divine free will of the Father determines who is right; all the beliefs are full of shame when the spirit trialed his own philosophy of belief and did not exalt the Father in it; for having the Father created everything, He also created the beliefs; every belief recognizes its own creator in the Kingdom of Heavens; every belief forms its own galaxies and universes; everything imaginable is eternally expansive; it does never stop; for everything that came out of the Father never knows any limit; I verily say unto you that you coexist with the elements of your world, which are older than your own selves; you shall see this reality on the own Earth; you shall see it in what is material and in what is spiritual; for man does not live on

bread alone; this latter one means that every belief is just a microscopic part of the truth; every belief has got the same influence of the own evolution that generated it; every belief has got the same rights, within its laws of belief; just as your spirit has it; no one is disinherited in living laws; no one is less before the Creator of everything; neither matter nor spirit is less; for all of you are the same in rights before the Father; an equality which the one who preferred gold as a form of life did not want to imitate; without caring for the injustices which this strange form of life system has brought to the world; I verily say unto you that all those who were indifferent to the injustices which came out of this strange form of life, shall not enter the Kingdom of Heavens; no one requested the Father to be indifferent to others' long-suffering; he who was indifferent to the long-suffering of others in this life, likewise shall he find indifference before his pains and suffering, in future existences; you yourselves shall request it to the Father when you

request to know another form of life; the children's repentance when they find themselves before the Father's Glory is such that they promise Him to pay their errors an eye for an eye, a tooth for a tooth; molecule by molecule; cell by cell; idea by idea; for being before the Father everything comes into life; matter and spirit are living; every spirit who has committed evil sees that what he/she did affects the everything above everything; he/she sees that no one is unique; only the Father is so; behold one of the causes of the immense variety of destinies; behold the law of inequalities in the spiritual living; the other inequality in what is material was created by man himself; this inequality came out of the own odd life system, based on gold; this inequality in the daily living represents the greatest pride in this world; it is a challenge to the Father's teaching; it is a defiance to His divine equality; it was written that all are equal in rights before God; the provoked inequality is paid in the own life as well as out of it; the authors of this strange inequality, shall pay

up to the last second of the reign of inequality; and three quarters of the sins of this world shall be paid by them themselves; the cause of every evil is more severely punished than the own evil; for the cause obliged everyone to live under a strange life system, unknown in the Kingdom of Heavens; behold why was it written: The humble shall be exulted; and every powerful one shall be despised; for every big and powerful of this world justified themselves by the use of the force this strange life system; if there were no armed forces, the powerful people would not be known; I verily say unto you that every powerful shall envy every humble; for the celestial, points of every humble are infinitely greater than the points of a powerful being; this why it was written: Every humble is great in the Kingdom of Heavens; the so-called powerful are not known in the Kingdom of Heavens; behold no unknown being enters the Father's Kingdom; everything unknown is not written in the solar books of the eternal life; what is unknown starts

from the own life system, and its products; these odd products are the so-called kings, bankers, millionaires, magnates, tycoons; none of them shall enter the Kingdom of Heavens; for their strange philosophies were not created in the Kingdom either; behold the era of future darkness; behold each demon extends his reign according to his thinking; from each idea that these demons generate daily in life, a future unfair world is born; future creatures shall think selfishly; just as the thinking cause thought; the thinking cause is expansive, as the Universe itself; what is up above is the same as down below; each idea that contained the evil, is a future hell-planet; and each spirit is responsible of the future of their own thoughts; for no one is disinherited; not even the own ideas; which are felt but not seen; so humble they are; a humility which the demons who requested to know a form of life that came out of the divine light did not know how to understand.-

Yes little son; to become a thief was due to having created selfishness first; those who attributed themselves the right of having more than others, are the ones who provoked a tragedy in the spirits of those who were thieves; it is true that no one requested the Father to be a thief; and it turns out that having more than what a humble had in

this world, constitutes a theft before the Father; therefore, those who had more in this life are the first thieves in this world; Did the divine Father not mandate you to exercise equality? When the Father said to you: All are equal before God, I meant: No one is less in their rights; for all have one same destiny; he who usurped in life, marginalized himself from the destiny offered by the Father; I verily say unto you that in the divine justice a rich is the greatest thief, for he invented a life system based on gold; and in such life system he made the thieves of the world germinate; if the rich would not have been the first thief, there would not be other thieves; if the rich had not casted the first stone, there would not be other selfish stones, first it was the immorality of having more than was mandated; then, in second place, the immorality of stealing those who had more appeared; the rich is a thief with violation to the law of God; the mundane thief fell into immorality, for the rich thief offered him an unfair world; the ordinary thief has got an excuse,

and the rich has got nothing; that is why it was written: It is more likely for a camel to pass through a needle's eye, than a rich to enter the Kingdom of Heavens; for nobody defends a rich; nobody defends one who led another to tragedy; a thief is born requesting to overcome being a thief; he is not born requesting to be tempted in becoming one; a rich is born requesting to overcome the complex of having more than another; he is not born to be tempted and attain the condemnation of not entering the Kingdom of Heavens; because of the rich was it written: It is more likely for a camel to pass through a needle's eye than a rich to enter the Kingdom of Heavens; for in the Father's Kingdom where equality exists, no one knows the term rich; no one knows your odd life system, based on gold; everything unknown which did not come out of the Father, does not enter the Kingdom; never has a rich of this world, since it is world, entered the Kingdom of Heavens; nor shall any of them enter; behold the tragedy of the weeping and gnashing of

teeth of all those who exalted themselves because of the power of gold; for they shall not see the Glory of the Father; behold the greatest epoch of weeping and whining that shall exist in this world; behold the fall of satan; the one who subdued you to an unfair life system; the one who took away from you the equality taught by the Father; the one who stole your happiness; behold the evil spirit dividing the world; just as he divided the angels in heaven; behold the arrogance turned into a life system; behold the beast; behold the end of the beast's reign; behold the end of materialism; for a new world is born from the one that is leaving; behold the end of injustice and suffering, which came out of a life system created by men; proud creatures who invented a immoral life system by making use of their free will, whose god was gold; Why did they not invent another system? It is what the creatures of the future shall wonder; behold a group of little evolved beings condemned an entire world not to enter the Kingdom of Heavens; behold

the originators of your weeping and gnashing of teeth; behold the law of your work; for you worked in life by the influence emanated by them; from the so-called capitalists, who imposed a life system by the use of force; because of them, none of you shall see their place of origin; your life trial was falsified by customs which had the seal of the Father's morality; you lived a strange morality unknown in the Kingdom of Heavens, and along with the odd morality, your spirit is also seen as being odd; I verily say unto you that nowhere in the Universe, shall they know you; for wherever you go, they shall read your mind; and they shall see in it that your god was the self-interest called god-gold; they shall not see the living God in you; the only God who created all your sensations; the only God who created everything; including the gold which tempted you and built your hopes up in a microscopic instant called life.-

Yes little son; the celestial drawing shows what you have been seeing since you were a child; the flying saucers observe the behavior of each molecule of the planet; creatures and planets are projected on screens of solar television; the planets of the Universe are observed in a succession which has no end; divine orders cross the Universe; for the Thinking Expansive Universe of Father Jehovah is organized in planetary families; being the Universe infinite, the divine terminology of universal family is also infinite; just like among you there are millions and millions of kinships and names; likewise happens in other planetary dwellings; what is up above is the same as down below; for no world is unique; only the Father is unique; your planet Earth as infinite others, receives the visit of the Solar Trinity; manifested in infinite forms; for what is of the Father has got neither end nor any limits; it has never had it; the Solar Trinity manifests itself according to the evolutions of the worlds; according to their sciences and degree of

knowledge; for this planet Earth the Solar Trinity manifests itself once more in a living Doctrine; just as it was in the past; in the past Father Jehovah gave you the Mosaic Law and the Christian Doctrine; now it gives you the Third Doctrine; the Doctrine of the Lamb of God; which shall also be called the Celestial Science; the first Telepathic Scripture of the world; I verily say unto you that by means of the Rolls of the Lamb, Father Jehovah shall communicate with this world; for thus wants His divine free will; the forms of manifestations of the Father in the infinite worlds is of a divine exclusivity of the Father; for the Father has got free will; just like you have it; what is up above is the same as down below; you have got a way which distinguishes your characteristics of manifesting yourselves; in other words, you have got an individuality; your Father has also got it; even more, as what is of the Father has got no end, His divine individualities are infinite; and within this infinity, He chooses one: Were you not taught that your God is infinite? Behold

the light of the divine manifestation; behold every uncertainty is finished; behold a mystery turned into understanding; behold a world astounded by surprise; for it is surprised in its mundane chores; behold the living wonder which shall shine like a sun of wisdom; behold the Alpha and Omega; behold the first and the last; behold the end of your odd life system based on gold; behold the beginning of the Final Judgment; behold the fall of all the governments of the strange living; behold the beginning of the weeping and gnashing of teeth; behold the death of every demon who having requested to know the light, did not respect its law; did not respect either the Scriptures or the Commandments of the Father; I verily say unto you that all those who sinned in whichever degree, is as it is a demon; thus is he called in the Kingdom of Heavens; behold when the Doctrine of the Lamb of God gets extended, this world shall be entering the greatest Revolution, which comes out of the human spirit; for everything that comes out of the

Father is infinite; if a determined Doctrine comes out of the Father, for a determined world, that world gets transformed in its totality; for the Father is everywhere; behold the difference between the revolution which came out of men, and the Revolution which came out of God; behold by the fruit of every doctrine, one can deduce whose the doctrine is; I verily say unto you that many false christs have there been in the world; the greatest among the false ones is the Christ of religion; I verily say unto you that your God did not leave you either religions or any philosophy, in which His children get divided; your Father Jehovah left you a Gospel; the Word religion is not in the Father's Scriptures; what is of the Father divides no one; only satan divides, and he divides himself; for just like the so-called religions which came out of man's free will, divided the world, likewise shall they be divided; they shall be measured with the same rod that they measured; with the own Scriptures of the Father they shall be judged; for all of you shall be judged

by the same God; and you shall be judged as creatures of the Universe; I verily say unto you that the so-called religions are unknown in the Kingdom of Heavens; the divine Gospels are known in the Kingdom of Heavens, which are given to infinite planets Earths.-

**THE THIEVES OF THE WORLD WERE CREATED BY  
THE IMMORAL AND UNFAIR LIFE SYSTEM BASED ON  
GOLD; A FEW HAD MANY AND MANY HAD A LITTLE  
OR NOTHING; EVERY MORAL PAIN PROVOKED IN THE  
SPIRIT OF THE THIEF, FALLS ON THE SUSTAINERS  
OF THE LIFE SYSTEM BASED ON GOLD; IT IS MORE  
LIKELY FOR A THIEF TO ENTER THE KINGDOM OF  
HEAVENS THAN FOR A RICH.-**

Yes little son; so it is; neither of them enter the Kingdom of Heavens; neither the rich nor the thief; but, the thief is closer to the Kingdom; than what a rich could be; for the thief was a thief because of the rich; if there were no rich in the world, there would not be thieves; for one would not know the bad example of usury; of opportunism of having everything without a minimal effort; the rich of

the world casted the first stone; the replica was the thief; both were trialed in life; as the entire humanity is trialed; the rich represents in life the greatest pride in living; the rich never wanted to know the meaning of equality stated by the Father in his Scriptures; Were you not taught that you are all equal in rights before God? Behold the first and the oldest of temptations; the temptation of having more, or having everything; behold the fall of every rich; for their spiritual struggles consisted in opposing resistance to the weakness of having more than what was taught; and the thief requested the Father to attain the material possession by struggling; by effort; honoring the divine mandate that says: Thou shalt earn thy bread on the sweat of thy face; neither the thief nor the rich enter the Kingdom of Heavens; for they fell in their respective weaknesses; they fell in the trials of life; they fell in what they requested the Father; I verily say unto you that it is more likely for a thief to be admitted in the Kingdom of Heavens than for a rich; in the

divine case in which the divine Father decides to choose between one and another; for there was an award in advance in the rich; in the thief there was a punishment in advance; an advance so to speak; in the attribute and quality of what both were, the thief is first; for the principle of stealing in life was not in him; it is true that it depended on the thief to contain himself; as long as his understanding knew that others did not have more than him; or less than him; the own life system which is illegal in the Father's presence, raises his attribute and quality; it gives him mundane points; but not divine; for with such points he does not enter the Kingdom of Heavens; his own virtues had an influence of darkness; for he struggled for life by despising honesty; the rich lived in a living immorality; not even darkness awards him, nor the Kingdom of Heavens; for he has obtained his award in advance; the rich is a greater demon, for he led the destinies of a philosophy that requested to be trialed; he led, ordered and imitated capitalism; these spirits are

the most deluded ones in the human evolution; they only conceive a present; and what is of the Father is neither reduced to just one present nor to just one world; what is of the Father has got no limits; the rich thought that they would never ever render account on Earth; they have never imagined that a power infinitely greater than the power of gold, would judge them; that power is the same one that created them and gold; and created what exists; behold the demon of this world, who seeing how unfair the life system of gold is, they are indifferent to it; behold the hardness of the rock; the selfishness of their spirits; behold the yoke of this world; a yoke which shall undergo the weeping and gnashing of teeth; for the time of trials has been fulfilled to them; the trial consisted in exalting the Father's laws; not in exalting oneself.-

Yes little son; the celestial drawing shows what I have already explained to you by direct telepathy; the black lines represent the magnetism of every destiny; each mental scene that took place in life, is a magnetic vibration; it is an electricity which makes itself be felt; and by letting itself be felt, it does it in a geometrical beating way; the 318 virtues of the human thinking participate in this

magnetic vibration; the group of this number of virtues constitutes the Ark of Covenants; which is the materialization of the acts which came out of the spirit; each mental act comes already destined; for it was taught that everything was written in the Kingdom of Heavens; behold a justice to many ignorant and little evolved beings; who expressed themselves with the term luck in life; I verily say unto you that luck has no destiny; for luck does not recognize the Father's laws; the philosophy of luck is fate; no one who expressed the word luck in life shall enter the Kingdom of Heavens; no one knows luck in the Kingdom; laws are known there; luck is a psychological term which came out of your strange form of living; strange because the so-called capitalism proclaimed gold as its god; I verily say unto you that gold, which you made use in life, is also called to judgment, in the divine presence of the Father; for the unique and living God created everything; everything that the eyes see and do not see; everything that you imagine and do not

understand; behold the guilt of those who created capitalism, and their followers; theirs shall be the weeping and gnashing of teeth; for this world got to know injustice by them; it got to know pain, exploitation, immorality; because of them many innocent beings got corrupted; because of them this world shall not enter the Kingdom of Heavens; behold the wrath of Father Jehovah shall fall on them; Why did they not conceive another life system? It is the question which shall be asked by the studious beings of the new world; the generations of the future; I verily say unto you that your strange form of life, shall be called by the geniuses of the future, the living complex; the spiritual weakness of an entire world, who requested the trials of life in order to overcome such complex; the complex of possession; a proper complex of imperfection; the complexes pass away; perfection remains; for every spirit is eternally passing from one life to another; for everything that comes out of the Father is eternal; the most painful complex of this world

is constituted by its own way of living; the spiritual distrust among the beings, arms itself with power; it arms itself in order to survive; no one who lived by being armed in order to survive, shall enter the Kingdom of Heavens; I verily say unto you that none of you requested in the Kingdom the capitalist life system; for no one was thinking of any immorality; immorality in all its forms is not known in the Kingdom of Heavens; immorality was born on Earth; for men drew away from the Father's Scriptures; they were deluded by the less evolved; they were deceived by the capitalists; who in order to govern the world with their unfair life system, resorted to the use of force; they shielded themselves in the so-called patriotism; a demoniac conception of the human worthiness; no one who spoke of patriotism shall enter the Kingdom of Heavens; for the so-called patriotism of this world, violates the Father's law; Do they not teach to kill then, for patriotism? And where does the divine mandate of the Father stand, which says: Thou

shalt not kill? Certainly those who gave more importance to the laws of men than to the laws of God, shall not enter the Kingdom of Heavens; for the Heavens are of the Father and not of men; he who followed the laws of mortals, his inheritance shall be mortality; he who in his thinking free will preferred the Father's law, his inheritance is eternity; behold the difference between mundane and spiritualists; between blinds and those who see; for he who showed himself blind to the Father's Scriptures, by his own will shall not enter the Kingdom of Heavens; it is more likely for one who was physically blind to enter the Kingdom of Heavens, than for one who was intellectually blind; even more, the blind is also demanded to have spiritual interest for the things and laws of the Father; but, he has less difficulties in entering the Kingdom, than those who having eyes did not search for the truth; I verily say unto you that all those who searched shall be found; for being there infinite individualities, there are also infinite searches; and

the Father is in every search; for you were taught that your God is everywhere; He is in every form of thinking; in their attribute and quality; in what is the highest and in what is the most primitive; in every living intuition; behold every skeptical being belongs to darkness; for by not believing the light, darkness claims for them; for one cannot serve two masters; for one of them is false; truth is one; your God one; behold a divine truth; every individuality is a living number; which while life goes on, its number varies; the numerical variations are his/her own ideas; for every idea is a calculation with an intention; the intention is the attribute and quality of an intentional number; intention is philosophy and it is a number; the spirit's intention reverberates in its everything above everything; matter and spirit attain a destiny of the living intention; I verily say unto you that just as every individuality is a number, you shall be judged by number; up to the last number of your sins, is paid; just as the last number of your good

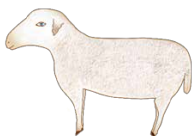

deeds, are awarded; behold that every mental and material calculation become a number; as they came out of the Father as numbers, they return to Father as numbers; every spirit when vibrating in thoughts, transforms the numbers of its reincarnation; each pore, each cell, each molecule, each hair, each virtue is a number that has its own free will; being one independent from another; and all of them subordinated to the spirit's free will; with which they make a sole one; behold the numerical trinity in the flesh and the spirit; the trinity of reincarnation; multitudes of numbers, whose divine essence is the magnetic line of the suns; behold you are solar fire which got matured in free will; each of you represent a solar fiber; which at the same time is one eighth part of a trillionth of solar line, in infinite expansion; the trillionth is in its attribute and quality, a divine term, which runs parallel to the sciences of the worlds; the solar line starts from the little solar point, it gets expanded linearly and it arrives to the solar circle; behold the

Alpha and the Omega; the point, the line and the circle; the starting point, the geometry turned into space, time and philosophy; and the light which closes a cycle in the human knowledge; Alpha teaches a terrestrial beginning; Omega the beginning of another beginning; within the same beginning; Alpha is represented by the materialistic world; the world that requested to be trialed in its living philosophy; Omega is the result which comes out of Alpha; for according to the acts of each one, comes the respective world; one requests to be born in a living beginning in order to achieve the circular perfection; worlds and suns are circles; and even though they are eternal, they just represent a microscopic eternity, in the Father's eternity; I verily say unto you that even eternity is relative; for every eternity is transformable into infinite time; Alpha and Omega shall be the divine slogan of the First-born Son; Alpha and Omega shall mark an unforgettable and immortal epoch in this world; this world is about to enter the Galactic Era; not

only for its science but for its life style; I verily say unto you that neither science nor philosophy of the materialistic world shall remain; all the world of trials shall pass into the dust of oblivion; for you came out of dust, and to dust you shall return.-

Yes little son; the divine equality taught by the Father means that the human creatures, should have imitated the Father, as much as they could; all without exception, should have molded and remodeled the attributes of their individualities, to the divine mandate; men did not fulfill the divine law: Thou shalt adore thy Lord and Creator, above everything; behold the fall of every intention in the living; your lives were molded and remodeled not according to the equality taught by the Father; you remodeled yourselves according to the laws

of gold; according to the illusion of what is mundane; of what is of the world and its influences; not of what is of God; that is what you have to distinguish in your way of living; either one is of the Father's laws or one is of darkness; for you were taught that one cannot serve two masters; either you serve the mundane influence, which came out of gold, or you serve the Father honestly; behold they deceived you; for no one who served two or more masters shall enter the Kingdom of Heavens; it is more likely for one who did not request to know the human life to enter the Kingdom of Heavens, than for one who requested it; one who did not request such trial, than for one who requested it; I verily say unto you that every custom, idiom, gesture, habit, norm, which came out of a mundane influence, is judged instant by instant; second by second; fiber by fiber; molecule by molecule; idea by idea; for even the most microscopic thing that has come out of you becomes living before the Father; and by becoming living,

they claim for justice to the Father; and every spirit has to respond for everything that came out of him/her; even what came out of them and could not understand on Earth; what is understandable and what is not understandable is judged all the same; for the divine term: All are equal in rights before the Father is for everything imaginable and not imagined; if you do not understand something, be sure that in that something is the equality of the Father; and being the equality of the Father in everything is that you were taught through Scriptures that all of you should imitate Him; even in your way of living; you preferred licentiousness of your individuality; for the real freedom is so when one lives in the Father's laws; licentiousness is the product of the illusion for gold; for there is no licentious one who does not think of becoming rich; he/she prefers it even over the Father's Word; there is licentiousness for life system and for tendency in the individuality; the licentiousness created by the influence of the life system, falls

on the creators of such system; the licentiousness which came out of the own individuality, falls on the own spirit; both who created influence have to pay the debt; for they did not imitate the Father's equality; he who does not imitate the Father in the most microscopic, does not enter the Kingdom of Heavens; it is more likely for a spirit who requested in its form of life, not to know either the Father's Scriptures or His mandates to enter the Kingdom of Heavens, than for one who requested Scriptures, Revelations, prophets; and who requested to have news from beyond; the first one justifies his faults, the second one has no justification; for he requested trials from beyond; I verily say unto you that everything that is requested in the Kingdom of Heavens, everything is subjected to judgment; for all those who request have got less knowledge than the Father; if they had the same knowledge, there would not be a judgment; behold the one who had more illustration in this world, the divine justice is greater on him; and the Father's equality is

always maintained; I verily sat unto you that every lawyer of the terrestrial justice, shall be accused in the presence of the Father of not defending the equality taught by the Father above everything; they taught a justice which came out of the calculation of gold; for they defended better those who paid them more; behold the weeping and gnashing of teeth of every terrestrial lawyer; no one who was false of the true justice shall enter the Kingdom of Heavens; just as they traded with a justice, likewise shall they be traded in other existences in other worlds; for every spirit is born again; it requests to know new lives; for the requests to the Father have no limit; nothing that comes out of the Father has it; I verily say unto you that every second that every prisoner lived in this world, falls on every judge, lawyer, warden; for no human spirit requested the Father to imprison another; for no one wanted to have debts with the Father; I verily say unto you that two thirds of a total of seconds, in which a creature of this world was to live, fall on

the originator or originators of the imprisonment; behold many lawyers reach the law of damnation; for they surpassed a score of darkness, to the own number of molecules of their own bodies of flesh; for the number of accusers is greater; and the defenders are less; behold the Father's law; which judges matter and spirit; for matter and spirit were created by a same God; behold what the human eyes do not see, the Father sees; for the Father created what is visible and invisible; behold the difference between the terrestrial justice and the divine; the terrestrial justice was trialed by the Father; for every spirit requested to be trialed; and every thought that came out of a spirit who requested to be trialed, is judged by the Father; behold the entire life system of this world is judged up to what is the most microscopic; it is judged in that which they lived and felt but did not understand; the free will which you requested the Father is judged; a free will which requested to imitate Him in this world, above everything; but the human

free will imitated the demon represented in the odd life system, based on gold; behold no free will shall enter the Kingdom of Heavens; nor have any of them entered; for all of them got to know the strange law of gold; the so-called capitalism is not known in the Kingdom of Heavens; nor did anyone requested it, as a form of life; for one cannot serve two masters; one cannot serve or live in a life system that is an entire immorality, before the Father's Scriptures; and say at the same time that one is serving the Father; the living God; the only God; behold all this humanity shall be accused before the Father of being hypocritical; they requested the Father a planetary time to imitate the Father, above everything, which would come out to meet them on the unknown planet; and they did not fulfill the promise; instead of imitating what is of the Father, they imitated the way of living of the capitalists; of those who divide the worlds in order to trial their ways of thinking.-

Yes little son; the celestial drawing shows that every justice that comes out of the Father is geometric, according to the geometry of the intention of the thinking creature; the intention is a generation of invisible magnetism; its color varies according to the conscience of the thinking being; each intention reflects a nascent philosophy; an attribute and a quality are born there which as the eternal time passes by, it shall become a colossal planet; there

is nothing which has not been a magnetic intention; all the Universe that surrounds you came out of an intention; the Thinking expansive Universe came out of what is invisible; for when an intention emerges from your mind, not even you who are the authors of it, can see it with the eyes of flesh; you only feel that your reasoning gets expanded in an expression; each expression shall form a future galaxy; it shall be a future cumulus of familiar worlds; for each letter expressed is united to the other, by a microscopic solar cord; what the Universe that surrounds you has, you also have it; what is up above is the same as down below; no one is disinherited; the solar cord constitutes the solar Alpha line; for you are lines; a line which momentarily requested an expansion in the flesh; your attribute and quality is the flesh with a destiny of searching in the eternity; in the celestial drawing one can see the angles of the solar magnetic line; behold a divine Revelation; behold the angle of your thinking geometry; the beginning Alpha in expansion

of its free will; behold every mental calculation which came out of the suns Alpha and Omega; behold your place of origin in the living Universe of Father Jehovah; behold the greatest Revelation for the terrestrial humanity; for this divine galactic origin, shall remain in this world until the consummation of it; Alpha and Omega is from the beginning to the end; behold every theory that tried to explain the origin of this world, shall not remain; for every theory that did not consider the Father's Scriptures, is also unknown in the Kingdom of Heavens; it remains without the celestial inheritance; certainly everything exists; but, laws and Commandments were given to this world which they had to fulfill above everything; which excludes all the others; he who lived a life of abandonment of the Knowledge of the Father's Scriptures, shall not enter the Kingdom of Heavens; he shall not see his place of origin; for he does not deserve it; seeing the place of their divine origin, is one of the most sublime awards for the creature; there he meets

many loved ones again; friends and relatives; who starting from the same starting point, request the Father to gather together in some form of life of a remote planet; the emotion of every spirit when seeing its place of origin, cannot be described in the human knowledge; for even knowledge gets moved when it contemplates its starting point; *Divine Father for many years I have seen that the flying saucers transport multitudes; what is that?* Yes little son; I knew that the instant of this question would arrive; I shall tell you little son; the flying saucers among other infinite missions have the glory of transporting the Father's elected ones; who come from infinite worlds of His creation; for the egalitarian right to aspire for a same destiny is in every world; although the beings have requested to think in life in a different way; the silvery vessels go on leaving these creatures in their respective places of origin; they travel from sun to sun; from dwelling to dwelling; for the human creature, it corresponds the suns Alpha and Omega of the galaxy Trino; but

I see that none of you shall be taken; for you lived in a strange life system, whose god was gold; it is said god, because you preferred it in your free will; and you left aside the Father's Scriptures; in order to become an elected one, you had to have learnt in life from the first to the last letter of the Father's Scriptures; above every other knowledge; Were you not taught, thou shalt adore your Lord and Master, above everything? Understanding Him through the Scriptures, constitutes the greatest adoration to the Father; it constitutes the most sacred search of the creature; for He is pleased being understood by means of work and knowledge; for He has got free will; I verily say unto you that all those who earned their bread on the sweat of their faces, found the Father with that; for the Father takes it into account for them; for they fulfilled His divine law; having each one free will to do it; I verily say unto you that the Father neither begs nor forces anyone; men receive the Father according to their acts; those who did not take Him into account in life, expect

nothing; it is the fruit of the ungratefulness; he who took Him into account receives a new light of life; it is the fruit of gratitude; he who searched for Him by worshipping images, went backwards in his evolution; the molecules of the own images shall accuse him in the Kingdom of Heavens; for each molecule knows in its law of molecule that only the Father is unique; no one is worthy of representing Him; His divine forms are infinite; every image becomes dust; I verily say unto you that the material adoration has never been of Father Jehovah's pleasure; for the creatures go backwards; the mind rambles due to very materialistic psychologies; the real adoration to the Father is mental; for He is in every mind; in the past, there certainly was material adoration on the planet Earth; for they did not know it; their law was in their evolution; you were told: Thou shalt not worship any image nor temple nor any resemblance; for you requested it in the Kingdom of Heavens; you wanted to imitate the own Kingdom; for the material adoration is

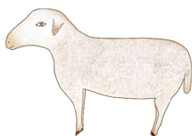

unknown in the Kingdom of Heavens; seeing the Father at every instant, one does not need to retain Him in images; the respect to the Creator of the Universe is so infinite there that no one dares to represent Him in any material form; behold, every material form of adoring the Father, is criticized in the Kingdom of Heavens; it is more likely for one who never saw a material image of the Father or the Solar Mother Omega to enter the Kingdom of Heavens, than for one who saw them; nothing odd to what was requested in the Kingdom of Heavens enters the Kingdom of Heavens; behold a law, that every promise made to the Father must be fulfilled completely; not a minuscule part of it must remain unfulfilled; worlds of darkness are born from the most microscopic violation made to the living law; in fact, every evil or fault whichever it may be, constitutes darkness; what comes out of the Kingdom, should return intact to the Kingdom; what comes out as a whole from the Kingdom, must return as a whole to the Kingdom; nothing

divided enters the Kingdom; neither matter nor spirit; for only satan divides in order to combat against the equality taught by the Father; behold every human philosophy that divided others, does not enter the Kingdom of Heavens; even if it was a philosophy which led to goodness; for the Father's teachings are first, and then what is of human conception; what is human should wait; for they were mandated to be humble above everything; he who did not think that way in life, shall not enter the Kingdom of Heavens; it is more likely for one who gave the first importance to what is of Heaven to enter the Kingdom of Heavens, than for one who gave more importance to the illusion of the world; a world which he/she requested to know in order to exalt the Father, above everything; including the own illusion, which came out of an odd life system based on gold.-

Yes Little son; the struggle against the demon was requested by the entire humanity; the demon takes many forms in the worlds; in this world it took the form of an odd and immoral life system; whose master was gold; I verily say unto you that all those who protested against a life system which did not come out of Father Jehovah, is awarded in the Kingdom of Heavens; passivity which is a relative of

patience, is less awarded; for it is further away from the divine mandate that says: Thou shalt earn thy bread on the sweat of thy face; this divine mandate means that every imaginable form of struggle or effort, is great before the Father; there are many kinds of struggles in the human life; in its attribute and quality; in its intention; the most sublime of the struggles is that which defends what pleases the Father; it is that which thought of his Commandments; in his Scriptures above everything of the world; behold the reason of the greatness of every revolutionary; behold the beginning turned into a struggle; for the First-born Son constituted himself into the First Revolutionary of the world; for his divine solar hierarchy is above the entire humanity; the revolutionary who struggled against the so-called capitalism, struggled because it had nothing of being fair; Are there not some who have more than others? Where did capitalism leave the equality taught by the Father? I verily say unto you that all those who did not defend the equality

taught by the Father, no one shall enter the Kingdom of Heavens; And many of these blind ones call themselves Christians! They are false Christians; for they are Christians by mouth; and not Christians by spirituality; behold the world called the right; behold the losers of the trials of the human life; behold the followers and sustainers of a life system based on gold; behold the deluders of the world; behold the creators of the false happiness; for none of them shall see the Father's Glory; for it would have been better for them not to have created a life system, which carries in itself the germ of ambition; for all those who got to know capitalism, all remain out of the Kingdom of Heavens; behold the own weeping and gnashing of teeth of this world came out of the own men; of the same one who dared to rule the destinies of this planet, without taking the Father's Scriptures into consideration; behold the harvest of the trials of life, which they themselves requested; behold in what those who preferred gold than the living God ended

up; behold those who let themselves be influenced by a life system, which came out of the spiritual weakness; which came out of the complex of ambition; a complex which they promised the Father to overcome in the trials of life; but, the complex beat them; for the moral resistance they opposed to temptation was weak; so weak was it that an entire world who requested to be trialed, once more shall not enter the Kingdom of Heavens.-

Yes Little son; the colored circles of the celestial drawing represent the ideas of humanity; every thinking being generates ideas; which he/she only knows the mental action of them; they do not know the physical form of the idea; nor do they see them when they rise to the infinity; every idea detaches from the mind in a linear way and ends up in a circular form; it has got an Alpha beginning and an Omega end; each mental act done in life, becomes a reality out of the Earth; this law is fulfilled on infinite planets of the Universe; and it has been being fulfilled since times which shall never be calculated; I verily say unto you that just as you see the Earth in a colossal size, thus your ideas become materialized in the Universe; a future planet is born from each of your ideas; behold without knowing it, you create worlds just as the Father creates them; what is up above is the same as down below; you create in a microscopic way and the Father in an infinite form; behold the common inheritance between parents and children; behold

the spiritual communism; the same communism which every human spirit promised to make fulfill on Earth; for every child who goes to remote planets in order to know some form of life, promises the Father to sow the seed of the Kingdom of Heavens; and the seed of the Kingdom of Heavens, is the Celestial Communism with a philosophy of a child; the seed of the Kingdom divides no one; not even in the most microscopic way; the seed of the Kingdom does not know private property; and it does not know any form of selfishness; I verily say unto you that all those who defended the material possession, shall not enter the Kingdom of Heavens; no one of this world requested the Father to defend what is ephemeral; which turns into dust as time goes by; for everyone knew that only the time of the Kingdom of Heavens is the only eternal one that exists; the times lived on the planets are relative times; they are so until the own planet turns into dust; time and planet are a little less than a sigh before the eternal time; that is why it

was written: From dust you are and to dust you shall return; for the spirit keeps being born from world to world; whose existences go on disappearing from space; I verily say unto you that all those who making use of their free wills, were individualists in the trials of life, none of them shall enter the Kingdom of Heavens; for by choosing such way, they did not fulfill what they promised the Father; all with no exception promised Father Jehovah to defend the rights in equality; they promised to struggle against their own individualistic tendencies, if it was necessary; for a multitude of individualists perpetuate division; just as it has been happening from century to century; behold a false concept of the real justice; error starts from oneself; it starts from the own individuality; this error has been being transmitted from parent to child; that is why it was written: Blinds leading other blinds; with such individualism, all drew away from the Kingdom of Heavens; all drew away from the truth taught by the Father; behold when the world got

divided, satan took advantage of it; who took the form of a life system; whose symbol is gold; I verily say unto you that the entire humanity is accused in the Father's Kingdom of being accomplices of this immoral life system; for this life system based on gold is not known in the Kingdom of Heavens; money is not known; money is immoral; for it makes some rich and others poor; neither rich nor poor are known in the Kingdom of Heavens; for such immorality does not come out from equality; I verily say unto you that only the revolutionaries are not accused of complicity before the Father; for with sweat, blood and tears they intended to give a fairer equality to all the others; I verily say unto you that every revolutionary enters the Kingdom of Heavens; for the celestial points that correspond to them is equivalent to the entire humanity; for they struggled for them; for them they were persecuted; for them they were defamed; for them they were tortured and murdered; And the easy-attitude ones of the world, for whom they fought?

What merit could an easy-attitude being present, who promised in the Kingdom to struggle against injustice? I verily say unto you that no easy-attitude one being shall enter the Kingdom of Heavens; nor has any of them ever entered; they shall be accused before the Father of having been indifferent before the struggle of others; behold the weeping and gnashing of teeth of the easy-attitude and blinds of the world; easy-attitude and blinds who came out of an odd life system, unknown in the Kingdom of Heavens; behold every easy-attitude one shall curse his/her inheritance; they shall curse father and mother; for because of them they shall not enter the Kingdom of Heavens; and the parents shall curse their parents; I verily say unto you that there is no greater tragedy than knowing that one shall not be able to enter the Father's Dwelling; the spirit continues through eternities searching for the Father without finding Him; behold the weeping and gnashing of teeth of all those who declared themselves impartial before the struggles

of life; struggles which they themselves requested; no one requested the Father to be a mere spectator before the demon's action; for no impartial being shall enter the Father's Kingdom; nor has any of them entered; behold a world divided in two; but, only one of them was right; that is the Communist World; the world that lost before Father Jehovah is the world that was fascinated with gold; it is the capitalist world; for such world struggled against the equality taught by Father Jehovah; Were you not taught that all are equal in rights before God? If all are equal in rights before the Father, why did you not imitate the Father, above everything? Behold the first fall of this odd life system; for the Father is the first cause in every existence; I verily say unto you that when you asked for terrestrial free will, you requested at the same time to imitate the celestial communism on Earth too; for everything that you saw in the Father's Kingdom, was the most perfect of the Universe; behold a universal question which the First-born Son shall ask you:

Where did you get this odd life system from? They are not in my Father's Scriptures; It is not known in the Kingdom of Heavens either; where did you get it from? Behold a tree which Father Jehovah did not plant; and which shall be pulled out from its roots from the human evolution; the attribute and quality of this strange life system, is calculation and deceit; the same damned psychology of the serpent, which deceived Adam and Eve; behold satan disguised in a life system; behold life's illusion is a demoniac illusion; for it is not inspired in the Father; it is inspired in gold; behold every capitalist shall cry tears of blood; for the majority is in the law of damnation; to be in the law of damnation is to be condemned to live alone the rest of one's life; the damned beings are drawn apart from the world of the living; for I verily say unto you that every damned one shall envy the dead; behold the weeping and gnashing of teeth of every ambitious being; of every miserly being; of every illusory being; of every blind of spirituality; of every little

evolved; of every mundane being; for the gold which one serves, is a slave in the worlds; out of the worlds, gold is worth nothing; as the spirit who served gold is worth nothing; for he/she did not attain the glory of returning to the Kingdom of Heavens; behold the disinherited beings; those who must be born again in order to mend what they did not fulfill; I verily say unto you that the quantity of future births which the violators of the Father's laws must fulfill, out of the Kingdom of Heavens, is infinite; there are so many existences as the total number of pores that every human creature who stepped on this planet had and has; I verily say unto you that the greatest culprits of the injustices of this world, are the so-called capitalists; therefore, they shall fulfill the greatest punishment known; they shall pay every human pain that took place in every generation that passed through their reign; even the most microscopic moral pain is paid; thus the capitalists spirits requested Father Jehovah; and so shall it be; behold

every pain caused to another is paid in the eternity;  
what one pays in life represents just a microscopic  
part of the spirit's debts.-

**ALPHA AND OMEGA.-**

**IT IS MORE LIKELY FOR THOSE WHO PERSONALLY PARTICIPATED IN THE REVOLUTIONS THAT EMERGED FROM THE STRANGE LIFE SYSTEM, WHICH CAME OUT OF THE LAWS OF GOLD TO ENTER THE KINGDOM OF HEAVENS, THAN FOR THOSE WHO WERE CONTEMPLATIVE AND DID NOTHING BEFORE THE STRUGGLES OF OTHERS; NO INDIFFERENT OF THE TRIALS OF LIFE HAS ENTERED THE KINGDOM OF HEAVENS; NOR SHALL ANY OF THEM ENTER; THE DIVINE MANDATE THAT SAYS: THOU SHALL EARN THY BREAD ON THE SWEAT OF THY FACE, INCLUDED EVERY FORM OF EFFORT AND STRUGGLE; FOR THE OWN HEAVEN COMES OUT OF ONESELF, AND THE OWN FUTURE BODY OF FLESH; WITHOUT SPIRITUAL MERIT ONE MARKS THE SAME STEP WITH WHICH ONE ARRIVED TO THE TRIALS OF LIFE, ON THIS PLANET.-**

Yes little son; all the contemplatives of the struggles that emerged during the trials of life, which emerged from the strange life system of gold, they themselves requested the Father such struggles; for everything imaginable is requested to God; if no one is disinherited, all have got the inheritance of the request; in every Revolution there have been beings who opposed to such events, for they are selfish; and they are influenced by certain ways of living, which they do not want to change because of comfort; even though they know that such change brings justice to others; I verily say unto you easy-attitude beings of the world that just as you were in a revolution, likewise shall they be with you in this judgment, and in other new births; when once more you request the Father to be born again in another existence, in another world; for if what is up above is the same as down below, what you did down here on your planet, you shall find it up above in the infinite space, sowed with worlds; yours, indifferent beings to the

struggles of others, is the weeping and gnashing of teeth; for you shall be called renegades by the Third World; a world which remains governing this planet; for only the long-suffering, the persecuted, the defamed children remain in this world; in the new world which is at the gates, there shall be no place for you; who were trialed in a life of struggles, which everyone requested equally; what nobody requested was inequality and injustice; the revolutions are justified in the Kingdom of Heavens; for the odd life system, which came out of gold, does not have the Seal of God; for it did not consider the Father's divine Gospel, when they created a life system; the strange licentiousness of certain ambitious beings, created such life system; if this life system had the Seal of God, the revolutions that emerged, would not be recognized in the Kingdom of Heavens; behold the weeping and gnashing of teeth of all those who intrigued against the revolutions; for having them themselves requested a fair life system, they opposed to achieving it; and

they opposed to others; knowing about the injustices of the own system; I verily say unto you that it is enough to know or see something, and the spirit is compromised to his/her God; no indifferent shall remain without his punishment; as no fighter or revolutionary shall be stopped from seeing his award; light and darkness are the experiences that the spirits requested the Father; if you requested to struggle against evil, called darkness, you requested it because you preferred the light; and he who preferring the light opposed to it, in the trials of life, got himself divided; for one cannot serve two masters; one cannot be hesitant and be wishing a philosophy of light; for from the fruit and social accomplishments of the revolutionaries, the indifferent beings eat too; they also benefit; I verily say unto you indifferent beings of the world that every benefit enjoyed by you, shall become tears of blood; for many revolutions shed blood in search of justice; the revolutions were requested to the Eternal as a determination, before a possible injustice

in the trials of life of the remote planet; for when you request a form of life, what you requested, you saw it in the Kingdom of Heavens; each act, each event, each success, second by second, you saw it on the colossal solar televisions; for one comes to life with first-hand knowledge; one comes to life with a responsibility, which is within oneself; and if you do not remember the cause, is because you yourselves requested to know the oblivion of the past; for you did not know such sensation, which had to be carried out on the remote planet Earth; that is why your form of life is called the trial of the human life in the Kingdom; there are lives in the Universe with and without the oblivion of the past; for everything imaginable becomes a universe; the infinity of God is expressed in the most microscopic expression, turned into a colossal one; the everything above everything is born from an everything which was not seen, but was felt; you generate ideas, and you do not see them; the future planets which shall constitute galaxies, universes,

cosmos, of your own heaven are born from your invisible ideas; the fruit of the indifferent beings are worlds of indifferent beings; the most backward worlds in the divine concert of the worlds; the indifferent being is a spirit who requested to know indifference, and not violate the law of God; he actually requested something difficult to achieve, in the trials of life; but, in every request of life, the spirit makes use of its free will; and in virtue of that, the spirits insist to know what they do not know; this law is in everything imaginable; for everything imaginable requested the Father to know equality; matter and spirit requested it in their respective laws; that is why it was written in the divine Gospel of the Father: All are equal in rights before God; this equality covers everything; for everything comes out of one same God; the odd human psychology acquired from the strange life system, which came out of calculation to gold, believed that this equality was only for the human beings; the human beings are not the only creation

of the Father; for no one is unique in the Universe; only the Father is unique; he who thought that way, limited the Creator's divine power; and he who diminished what is of God in his own concept and beliefs, shall not enter the Kingdom of Heavens; nor have any of them entered again; it is more likely for one who recognized the Father's infinite power to enter the Kingdom of the Father, than for one who belittled his power on the remote planet; I verily say unto you that every indifferent one to the revolutions, in the human experience, belittled the infinite power of the Creator with his way of being; for the indifference which came out of them is not known in the Kingdom of Heavens; there are infinite kinds of indifference; those which are indifferent to the struggles and pain of others, is one of the most painful to the one who let him/herself be influenced by it; for not even in the events of the judgment, which is at the gates, nor out of the Earth shall these indifferent beings find understanding; it is more likely for an ignorant

or primitive being to find it, than for one who was illustrated and who got to know the odd influence in the trials of life.-

Yes little son; it is just like you have been seeing it since you were a child; the flying saucers observe on their screens of solar television, everything that happens on Earth; and everything that has happened; for when a world is born, it has its protective angels; they are the protective angels of planets; just as those which requested to have them in their trials of life; if there are protectors up above

and there are protectors down below, is that what is up above is the same as down below; every event that took place in this world, have been registered by the flying saucers; they are writings, replicas of those which are in the Kingdom of Heavens; the law of what is up above is the same as down below is fulfilled in these own vessels; they know more than what you know of the world in which you are; for they saw and participated in their creation; every baby-planet has got older beings who take care of them; just as when you were human babies; everything is written in these vessels of prodigious power; all the generations which have passed through this world; and the present one; they know who the awarded beings are and who are the condemned ones; behold they are just waiting for the divine order of Father Jehovah in order to participate in the divine Final Judgment; a judgment requested by the entire humanity; the flying saucers initiate the epoch of the open heavens of the world Omega; the promised world to all those

who requested to be trialed, in a form of life; for the trials of the human life comes to an end; there shall be infinite kinds of end; according to the conscience that one had in the trials of life; the world shall contemplate unknown powers; the elements of nature shall come to life in the presence of the First-born Son; all that the human beings do, the elements shall tell the Son of God; He shall know everything occult; what is visible as well as what is invisible; it is his divine Glory and Majesty; the beast which came out of the power of gold shall be full of dread; for the first time it shall not be able to send someone to kill the adversary, as it was always its custom; the power of the beast shall be abandoned; thousands of warships, thousands of war tanks, thousands of rockets, hundreds of barracks, training camps, thousands of war airplanes, huge factories where the armament is made, shall remain abandoned; the beast without the force is nothing; behold the war of Armageddon, is a war with no arms; Armageddon means in Revelation,

people who get armed; each one shall get armed with his own ideas, which were generated in the Trials of life; for every act is composed of ideas; and you were told by divine Scriptures that by your acts you would be judged; your judgment which were requested by you above everything imaginable, is idea by idea; beginning from the age of twelve; the term: Above everything, requested by you, means that your being judged with the greatest rigor and severity came out of you; you wanted nothing to be left out without its justice; you were severe with your own selves; behold the light of why your judgment; for everything imaginable that you lived in the trials of life, was requested by you; every request of life, includes its own judgment; some requested it on Earth, and others out of her; some requested to pay some of the debts of the past; others to pay them all; others requested awards in advance; others paid their awards; others postponed their awards; everything imaginable is requested to the Father; for the spirit has

got free will; each one's experiences came out of themselves; what nobody requested was inequality; not even the rich requested the odd wealth; nothing that does not exist in the Kingdom was requested by you; that is why the Final Judgment also judges your strange and unknown life system, which came out of the laws of gold; your odd life system, by not being requested by anybody, is not written in the Kingdom of Heavens; everything that is not written is called strange in the Kingdom of Heavens, this odd life system whose characteristic was injustice and inequality, came out of a group of demons, who coming from remote galaxies of darkness requested the divine Father Jehovah to know the laws of the light; for in the requests of life, no one is exclusive; light and darkness have got the same rights before the divine Father; if you were taught to struggle against darkness is because you were born from the light; you included good and evil in your forms of life; if you requested to know evil, it was as an experience to your spirit; what

you did not request was to be influenced by evil; for one cannot serve good and evil simultaneously; for goodness gets divided; and by being goodness divided, your fruit gets divided; the fact that one cannot serve good and evil simultaneously, was written in the divine parable that says: One cannot serve two masters; goodness is a Master in the Macrocosm, called Kingdom of Heavens; darkness is another master; and you requested a trial of life in order to enter into the light again; the trials of life have two ways: Either one attained the light, or one attained darkness; in divine planetary judgments there is no happy medium; either one is or is not; behold the honesty in the determination of all your acts, in the trials of life; you requested it along with the other virtues; I verily say unto you that the divine judgment contains the same psychology and morality, which you requested in the Kingdom of Heavens; if another strange psychology and another strange morality dwells in you, the blame for this lies with those who imposed the odd

life system, which came out of the calculation of gold, on you; there is no other culprit in your tragedy; for your strange psychology and your strange morality shall crash in an emotional impact against the psychology and morality of the final judgment; this emotional crash was announced to you in the divine parable that says: And there shall be weeping and gnashing of teeth; the virtues burst when they feel that the vibration of the free will of the spirit has surpassed its own psychology, which it was accustomed to; I verily say unto you that this sensation of the weeping and gnashing of teeth shall get spread across the face of the Earth; for all requested the Final Judgment equally; it shall be an epoch of seismic movements led by the First-born Son; and supported by the flying saucers; the divine intervention of these celestial vessels was announced to you in the divine parable that says: Signs in the skies; the presence of the flying saucers in the divine Final Judgment, shall fill the beast with dread; for the beast always negated them, and

even ridiculed them; for I verily say unto you that these celestial creatures shall read your mind; and all those who negated them shall not have the resurrection of their own flesh; they shall not become children again; they shall fulfill the known mortal law; behold the weeping and gnashing of teeth of all those who negated what existed in the infinity; without knowing the infinity; it would have been better for these skeptical beings not to have requested the trial of the unknown skepticism to the Father; for they would have become children again on the same planet.-

**ALPHA AND OMEGA.-**

Luis Antonio Soto Romero, whose pseudonym is: **Alpha and Omega**, is the Author of the New Doctrine of the Lamb of God, called Telepathic Scripture or Celestial Science, dictated by living telepathy by the Divine Father Jehovah. Once written they were rolled up, hence the biblical term: The Scrolls of the Lamb of God. The Author has the Mission of opening them, that is, writing them. Revelation 5.

## **THE PLAN WHICH WAS COMMENDED TO THE EMISSARY ALPHA AND OMEGA**

The Rolls of the Lamb of God.

3,000 Rolls of the Origin of Matter.

300 Rolls of the Origin of the Ideas.

300 Rolls of the Origin of the Most Holy Trinity.

300 Rolls of the Origin of the Flying Saucers.

500 Rolls of the subject about the beast.

The Origin of Matter; it shall be a work of 3,000

Telepathic Rolls ...

The Idea is a work of 300 Rolls ...

The silver ships shall be explained in 300 scrolls; but that is not the limit; it is the beginning; and the Translation of the Holy Scriptures, shall be 6,000 rolls of cardboard; each roll represents a parable of the Scriptures; the telepathic scripture has no end; for the universe does not have it; the living word of God does not have it either ... Here there is material to talk about for years; they are 4,000 Rolls ... and another one is born each day.
